Enrollment: 1,309

THE BIG NEWS

Hoover students are making news!

"This has been Dan Rather with the Evening News."

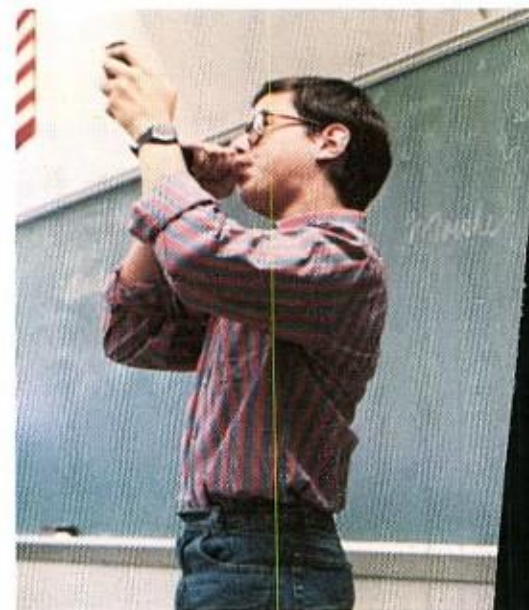

"I'm Connie Chung with the Weekend Report."

While the news of the Presidential race, airplane crashes, and sporting events were filling the headlines, THE BIG NEWS was taking place here at Hoover High School. A ten period day was introduced. Dr. Hocking became the new Assistant Principal. The Board of Education hired a parking lot monitor. Students from grades four through six invaded with the GISP program. Two new teachers were at Hoover. The Conduct Code was introduced to the students. The choir did its fall musical last February.

STOP! There is something missing. THE BIG NEWS did not happen overnight; many students and faculty members were working behind the scenes to make everything happen. The Pep Club and Boosters donated hundreds of hours renovating the stadium. The administration had the students in mind when they added the three mini periods. SEMANON toiled with the lighting and sound systems for the choir performances. Yearbook members put five hours of hard work into every page of the 1988 **Vi-king**. Really, THE BIG NEWS is all about the BIG events that occurred at Hoover and the NEWS worthy people who made them possible.

Marc Wolf announces the BIG NEWS by blowing the shofar, an ancient instrument that was used to call people together.

Between periods 4 and 8, the BIG NEWS is the salad bar. Kelli Knapp takes advantage of this new feature.

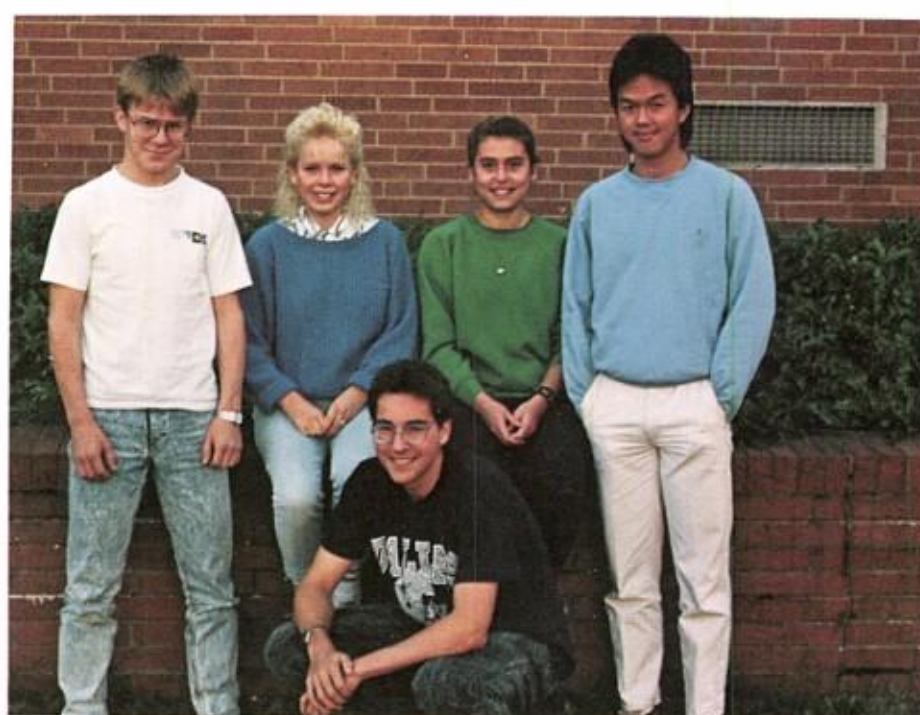

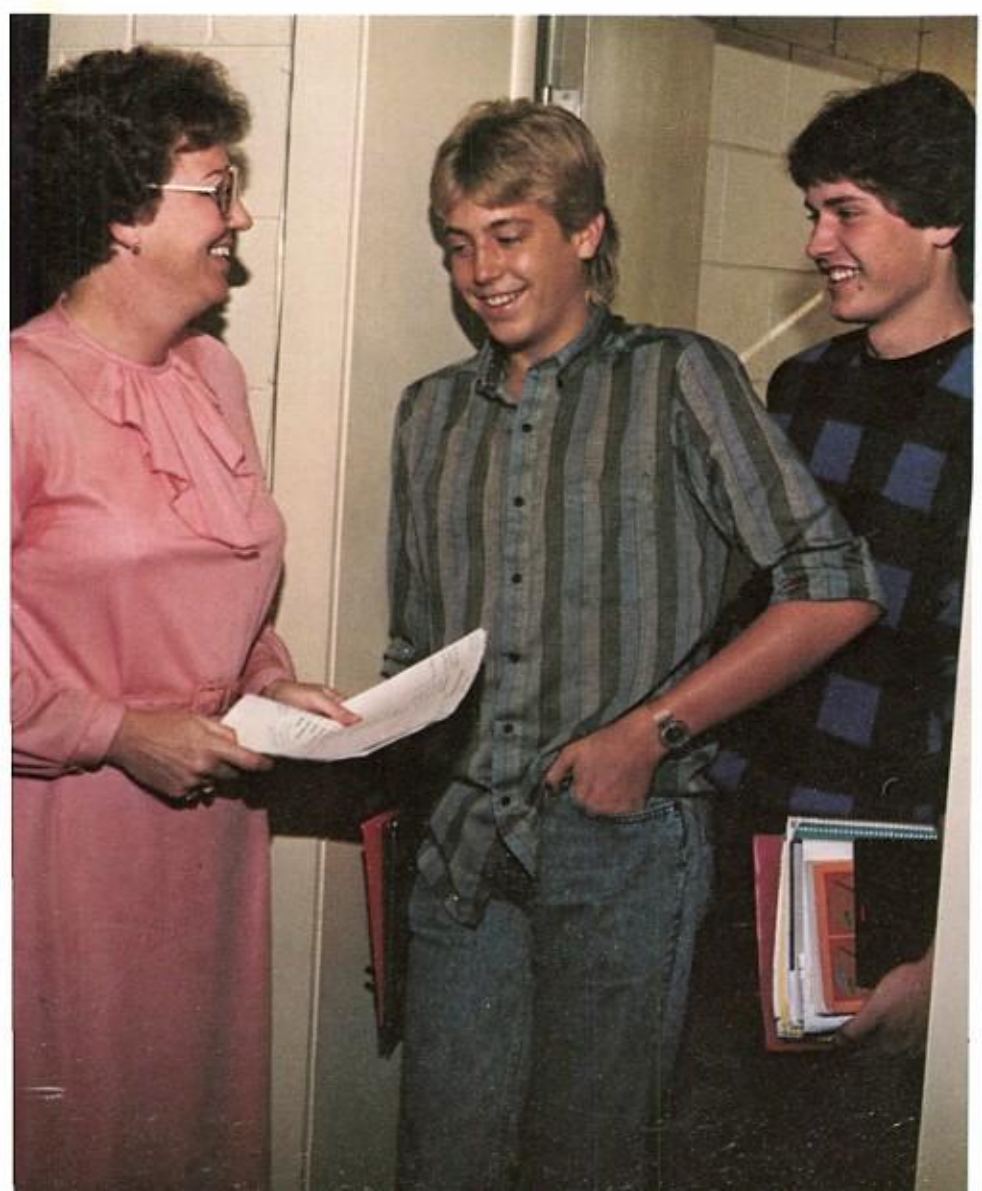

The Parking lot monitor, the BIG NEWS to all students who drive, gives John Darr a ticket.

Valerie Davidson and Bryan Ashby discuss the BIG NEWS of the student conduct code.

Dr. Roden stops by the library to talk with the students about the BIG NEWS at Hoover.

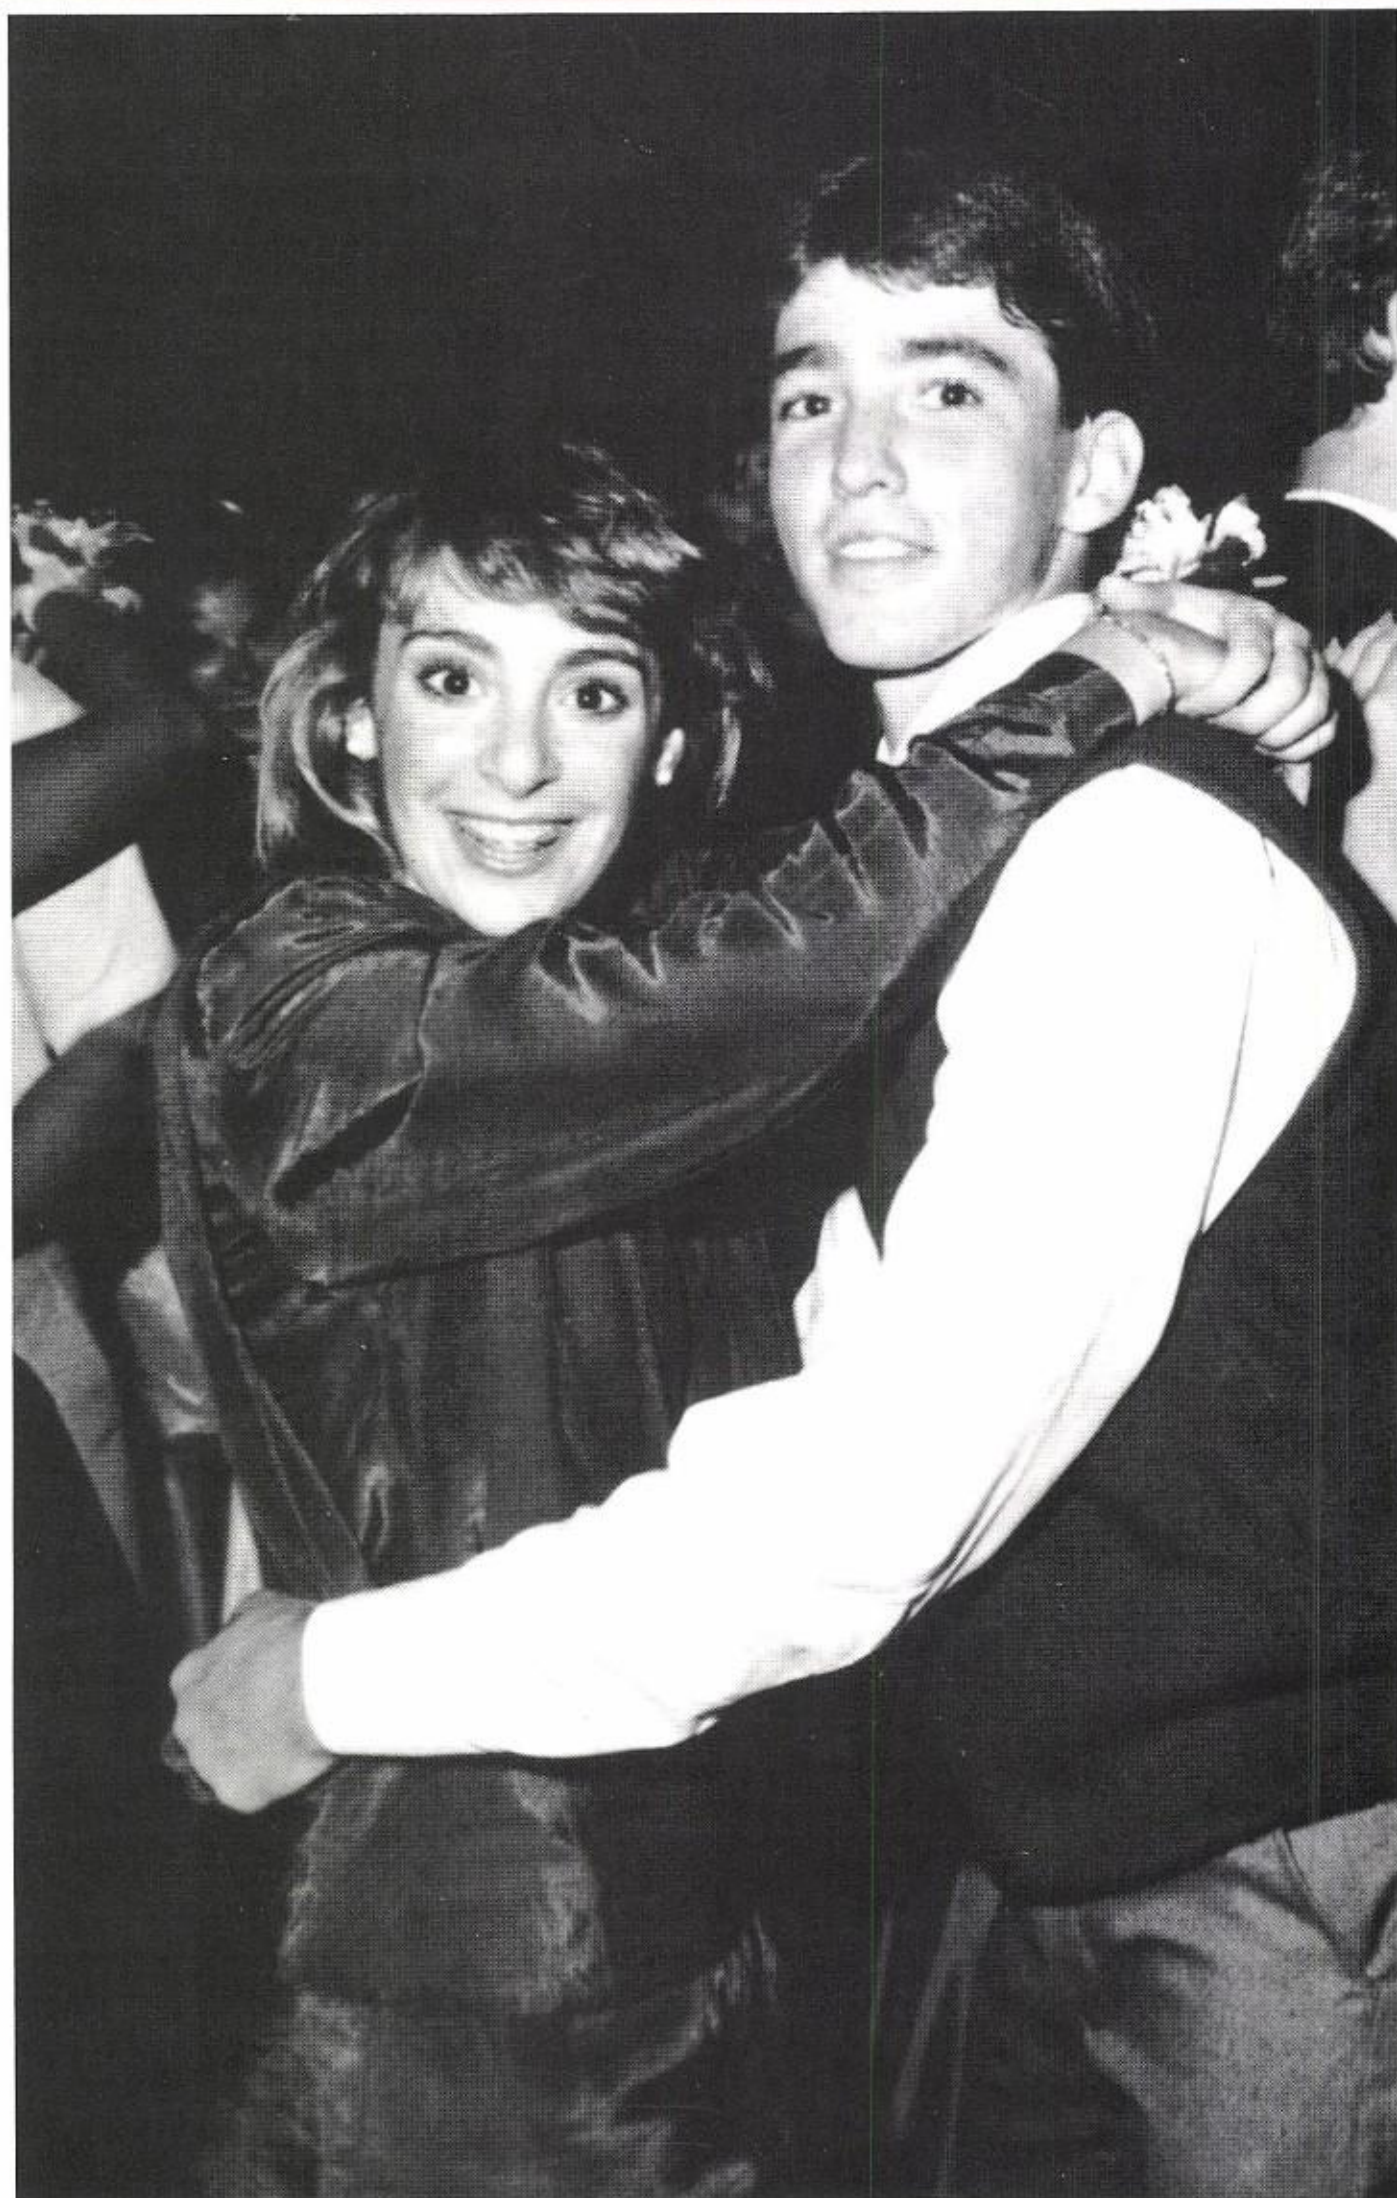

The BIG NEWS to Randy Zeiger and Charles Aberts is Dr. Hocking, the new Assistant Principal.

Los NUEVOS LARGOS is talked about in many different languages by the exchange students.

At the 1987 Band Prom, Dennis Roden escorts Jill Slabaugh, the junior attendant, to her seat.

Laura Kalkreuth and Jason Degenhard happily dance the night away.

STUDENT LIFE

IS IN THE
NEWS!

While Princess Diana's clothing was making the front pages of People Magazine and General Hospital was introducing new lovers, the BIG NEWS of stylish clothing, hot romance, and all-around fun was taking place at Hoover.

Students showed their stuff mainly at sporting events.

Jenny Applegate commented, "Sporting events, especially football games, are the most important social event. People who don't go are really missing out."

For other students, the dances were social high

points.

As Greg Wasielewski said, "The dances are a great place to socialize, to meet people, and to have fun."

Jennifer Boehnel summed up the feelings of many, by saying, "I love Hoover! I have the very best friends anyone could wish for and a lot of wonderful memories of my four years here!"

This is truly the BIG NEWS of student life.

One way students showed their unique style was through the shoes they wore.

The flag line demonstrates how to dance with style at the Band Prom.

FUN IN THE SUN

Beating The Summertime Blues

Some students realized that summer vacation in North Canton was better than no vacation at all.

Senior Donna Matakoto spent her vacation in North Canton. "During my hour for my lunchbreak, I'd book it to the pool, lie out for 45 minutes, then go back to work . . . Most of the time with my hair wet!"

Many students worked during the day so entertainment for them had to be at night. Traditional night-time entertainment could be going to the movies, walking to the mall, or eating at fast food restaurants.

Many people went dancing at Tripper's on Teen Nights.

Senior Rhonda Zino commented, "Tripper's is a great place to dance and meet lots of people."

Of course, concerts at Blossom Music Center were another popular activity. The Beach Boys in June was attended

by many students. Ann Grayson said, "I had a lot of fun, but bathroom lines were too long."

Six students sang in the All Ohio State Fair Youth Choir this summer.

Val Davidson was one of them. "It was incredible! The people were all so nice and made you feel welcome."

The cheerleaders went to camp. Varsity cheerleader Dawn Detwiler described it.

"There was no air conditioning, we had to walk four miles to eat, be up at six to get ready for breakfast, three seconds for a water break, and we had to wear our hair in pigtails EVERY DAY, **all day!**"

In August, the 117-member Hoover marching band had the stimulating experience of band camp. Squinting into the sun at seven in the morning, the musicians stood "at attention."

Senior Jen Vogelgesang summed it up. "Make the most of every summer. Your senior one isn't as great as you expect it to be, so enjoy all of them!"

Moans and groans were heard as band members exercised in the early morning.

A group of students at band camp try to figure out what they are having for breakfast.

Football Players Mike McClintock, Gary Parsons, Tony Fernandez, Todd Clark, Dave Tate, and Don Asher watch as Gary Tidenburg's hair is removed.

"Look mom, no hair", says Ken Bowman, as Mike McClintock shaves it all off.

A few band members relax for a moment at band camp.

Christine Terse, Kara Long, and Sara Andrews are summer time friends.

HOMECOMING

A Night in Heaven

September 25, 1987 was no ordinary Friday. Instead it was the annual Homecoming night. North Canton Memorial Stadium was the site of the decisive victory won by the "Vikes." Hoover High School's football team crushed the Cleveland John Marshall Warriors with a score of 37-0. Scoring early they played a solid four quarters and widened their lead. The spectators went crazy as the seconds ticked away.

Besides the excitement of the game, the crowd enjoyed the crowning of the 1987 Homecoming Queen and her Court. Queen Kim Rennecker took the

throne from former Queen Jodi McKean.

When asked how she felt, Kim responded enthusiastically, "I was shocked! I had no idea that I would win."

As the half-time ceremonies rolled on, the marching band played and the proud fathers escorted their beautiful daughters from beneath an orange canopy. Simple but elegant, the ceremonies were just one highlight of a great evening.

The amazing night displayed what can be done with a little cooperation, talent, and creativity.

In the homecoming game, Lance Bean pushes ahead for the first down.

Coach Baucum calls the defensive plays, as the team watches attentively.

Jen Boehnel congratulates Homecoming Queen Kim Rennecker at the game.

'87-'88 Homecoming Queen Kim Rennecker smiles to the crowd.

Jennifer Fisher calls the band to attention as they prepare to start their halftime show.

HOMECOMING

A Night in Heaven

aturday, September 26, 1987, the doors to the North Campus swung open and the heaven became a place on earth. Twinkling stars and drifting clouds fulfilled everyone's expectations of what heaven should look like.

Seniors Jill Roller and Bryan Levy commented, "Student Council did a splendid job in decorating the dance hall."

Couples danced and mingled to the music played by D.J. Scott Davidson from 92 FM WDJQ.

Junior Missie Glutting stated, "The music was really great and I had a lot of fun!"

As usual, cookies and punch were served to those taking a break from the fast paced dancing action.

Scott Martin, a senior, added, "This is the best and most unbelievable night of my life."

Troup and Pluto provided portraits for those wishing to have visual memories of this special occasion. The couples will treasure these pictures forever.

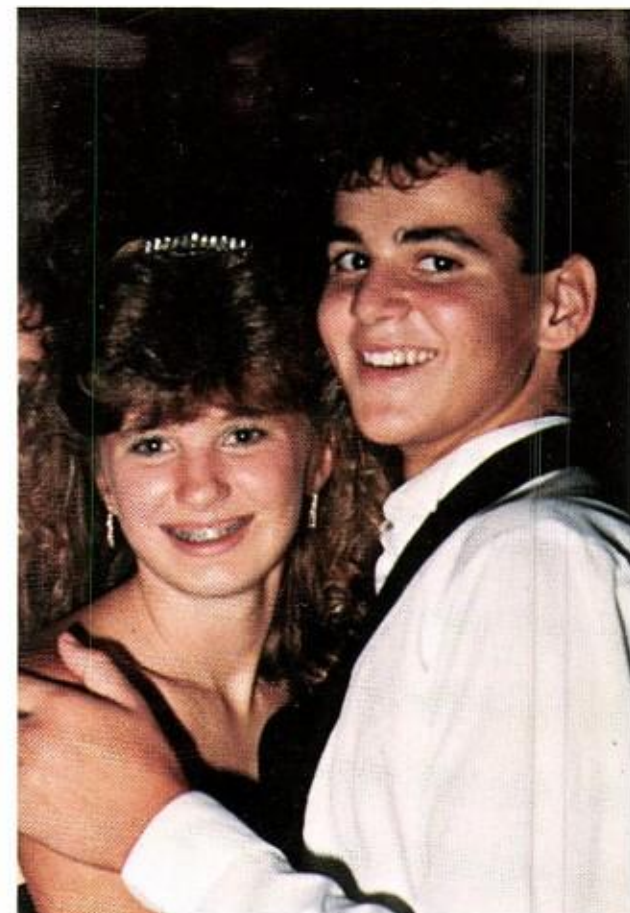

Junior Carl Mazzocca said, "My date (Meagan Kidwell) was awesome. If it weren't for her I would not have gone."

After the dance, all went their separate ways. No one will ever forget how that one Saturday night was transformed into a "Night in Heaven."

Brian Tondra, Lisa Jacot, Jennifer Fisher, and Steve Popa move to the music.

Noelle Wagner and her date Brett Mickley slow down for a dance together.

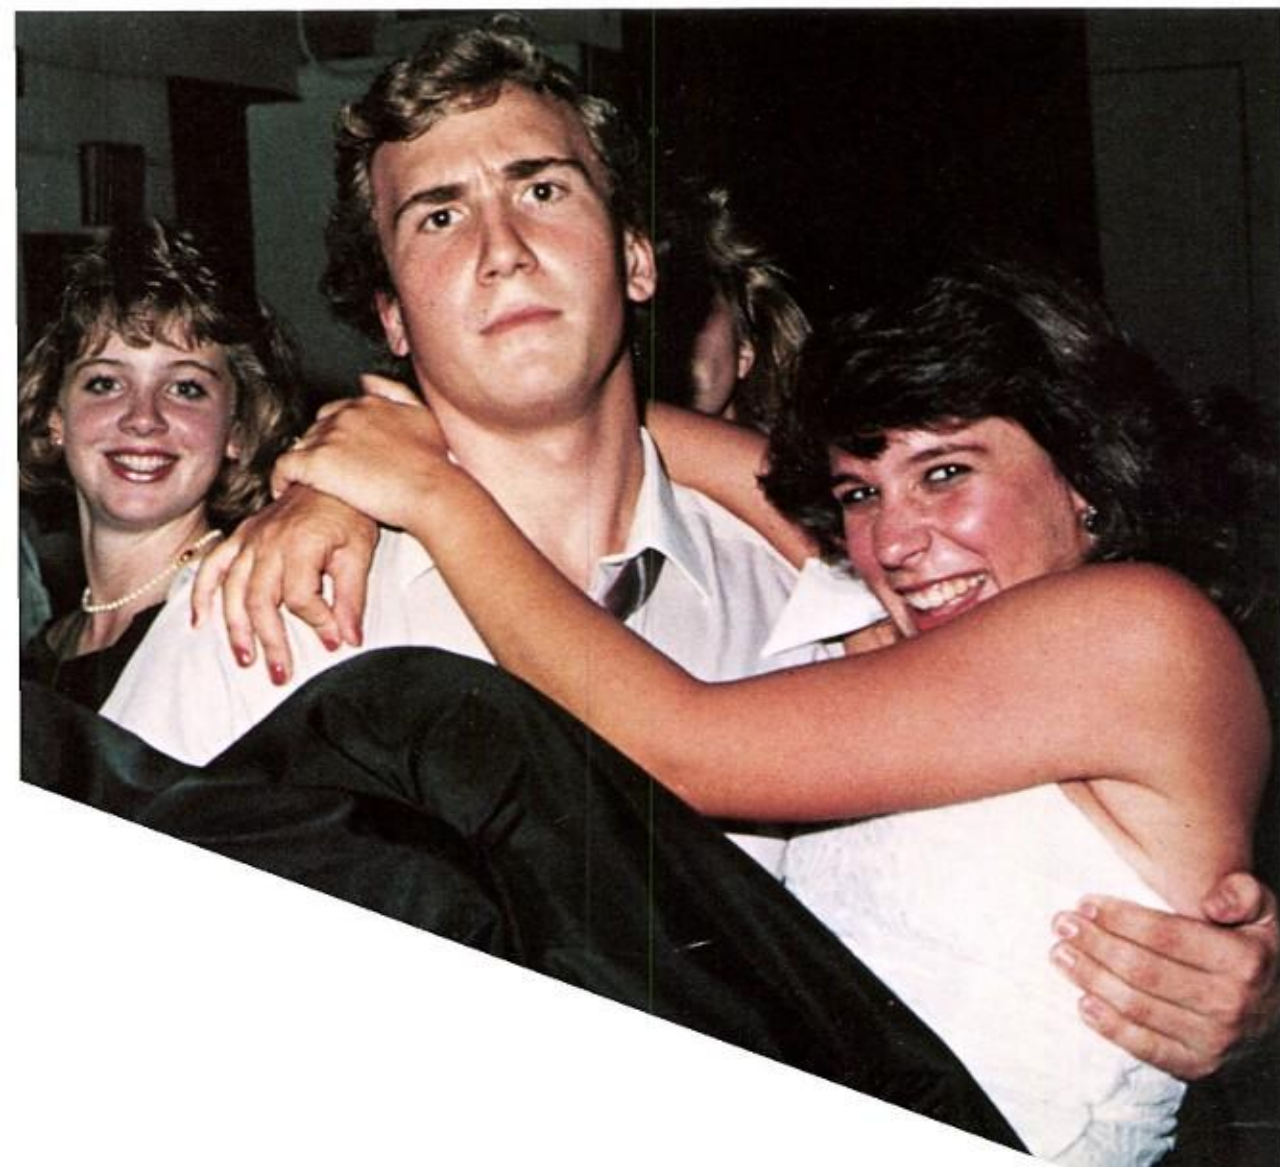

The 1987 Homecoming Queen, Kim Rennecker, and her court, Lisa Tromblay, Deidre Chuckhanis, Marta Samuelson, and Marcie Eckman, are presented at the dance.

This wild bunch enjoy dancing to a few tunes.

Junior attendant Deidre Chuchanas and date Matt Klinger share a special dance together.

Away from his date, Brad Kinkema picks up Jennifer Drake and clowns around for the photographer from Troup and Pluto.

IN VOGUE

Strut Your Stuff

Preppy, trendy, or punk, it really didn't matter much. Hoover found all types of fashion statements in the past year. The mini-skirt made a big comeback, as did plaid clothing. Boat shoes remained extremely popular, but a lot of guys wore tennis shoes.

There were many different stores that people could choose from. A few favorites for girls were Ups & Downs and The Limited. Guys, however, chose such stores as The Gap and O'Neils. No matter what store, Hoover students found styles to suit them.

"I feel people dress to express their

personality. White Lightning denims and big bulky sweaters were in this year," said Melanie Broemson.

Stephanie Saims stated, "Many people judge others by the clothes they wear or the name brand on those clothes. It is true that clothing is a self-expression, but clothing is not all there is to a person."

"Wear what you want. True friends won't hold what you wear against you," agrees Jenny Cihon.

Geoff McCalmont sums it all up by stating, "Clothes are great! I wear them every day!"

STYLING: JENNIFER HARRIS

A group of students express their personalities by the clothing they are wearing.

One can tell just by looking at them that Kathy Griggy, Peggy Hamann, Rosie Hamann, and Kelli Stringer are the best of friends.

Lindsay McLaughlin, Julie Freeland, and Shannon McPherson express the feeling that three is not a crowd, even on a sliding board.

School year fashion centered on the miniskirt with some of the more popular styles being those modeled here by Cindy Smyers and Melissa Wolfe.

Dave McCartney and Sara Woroniec chat after school.

SPIRIT IS "IN"

Support Your Favorite Player.

In any given afternoon before a sports activity, Hoover school spirit spills over and flows everywhere. Orange and black streamers drape the halls, lockers sport balloons and signs are hung everywhere. The entire student body loves to pitch in and help get the Football, Soccer, Golf, and many other teams "psyched" for the game.

"School spirit is important to our team because it shows support from all the classes. If we decided not to show any support, it would be hard for them

to win the game," stated junior Lynea Hartzel.

Senior Rob Varcho said, "It's great to see the players' peers lending their support for the players' activities."

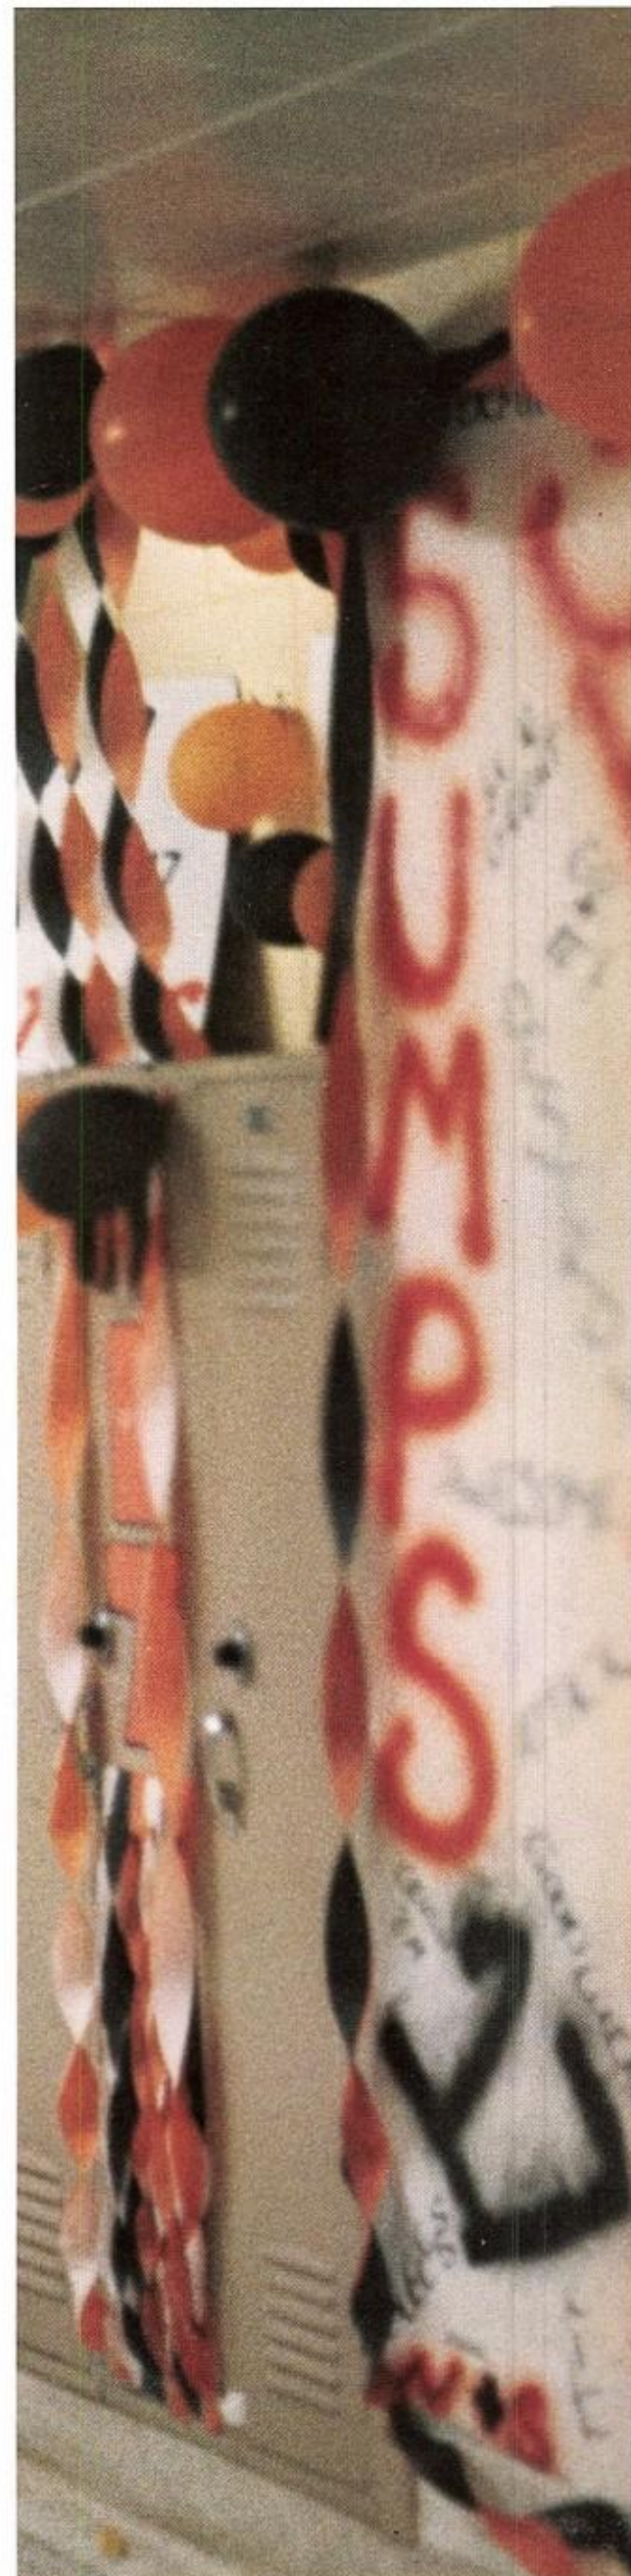

A more personal type of support for Seniors is putting together a scrapbook. Melissa Weidman states, "I love going to the pep rallies and doing a scrapbook for Mark. Being on the field during the games, taking pictures, and cutting out all of the articles are really fun."

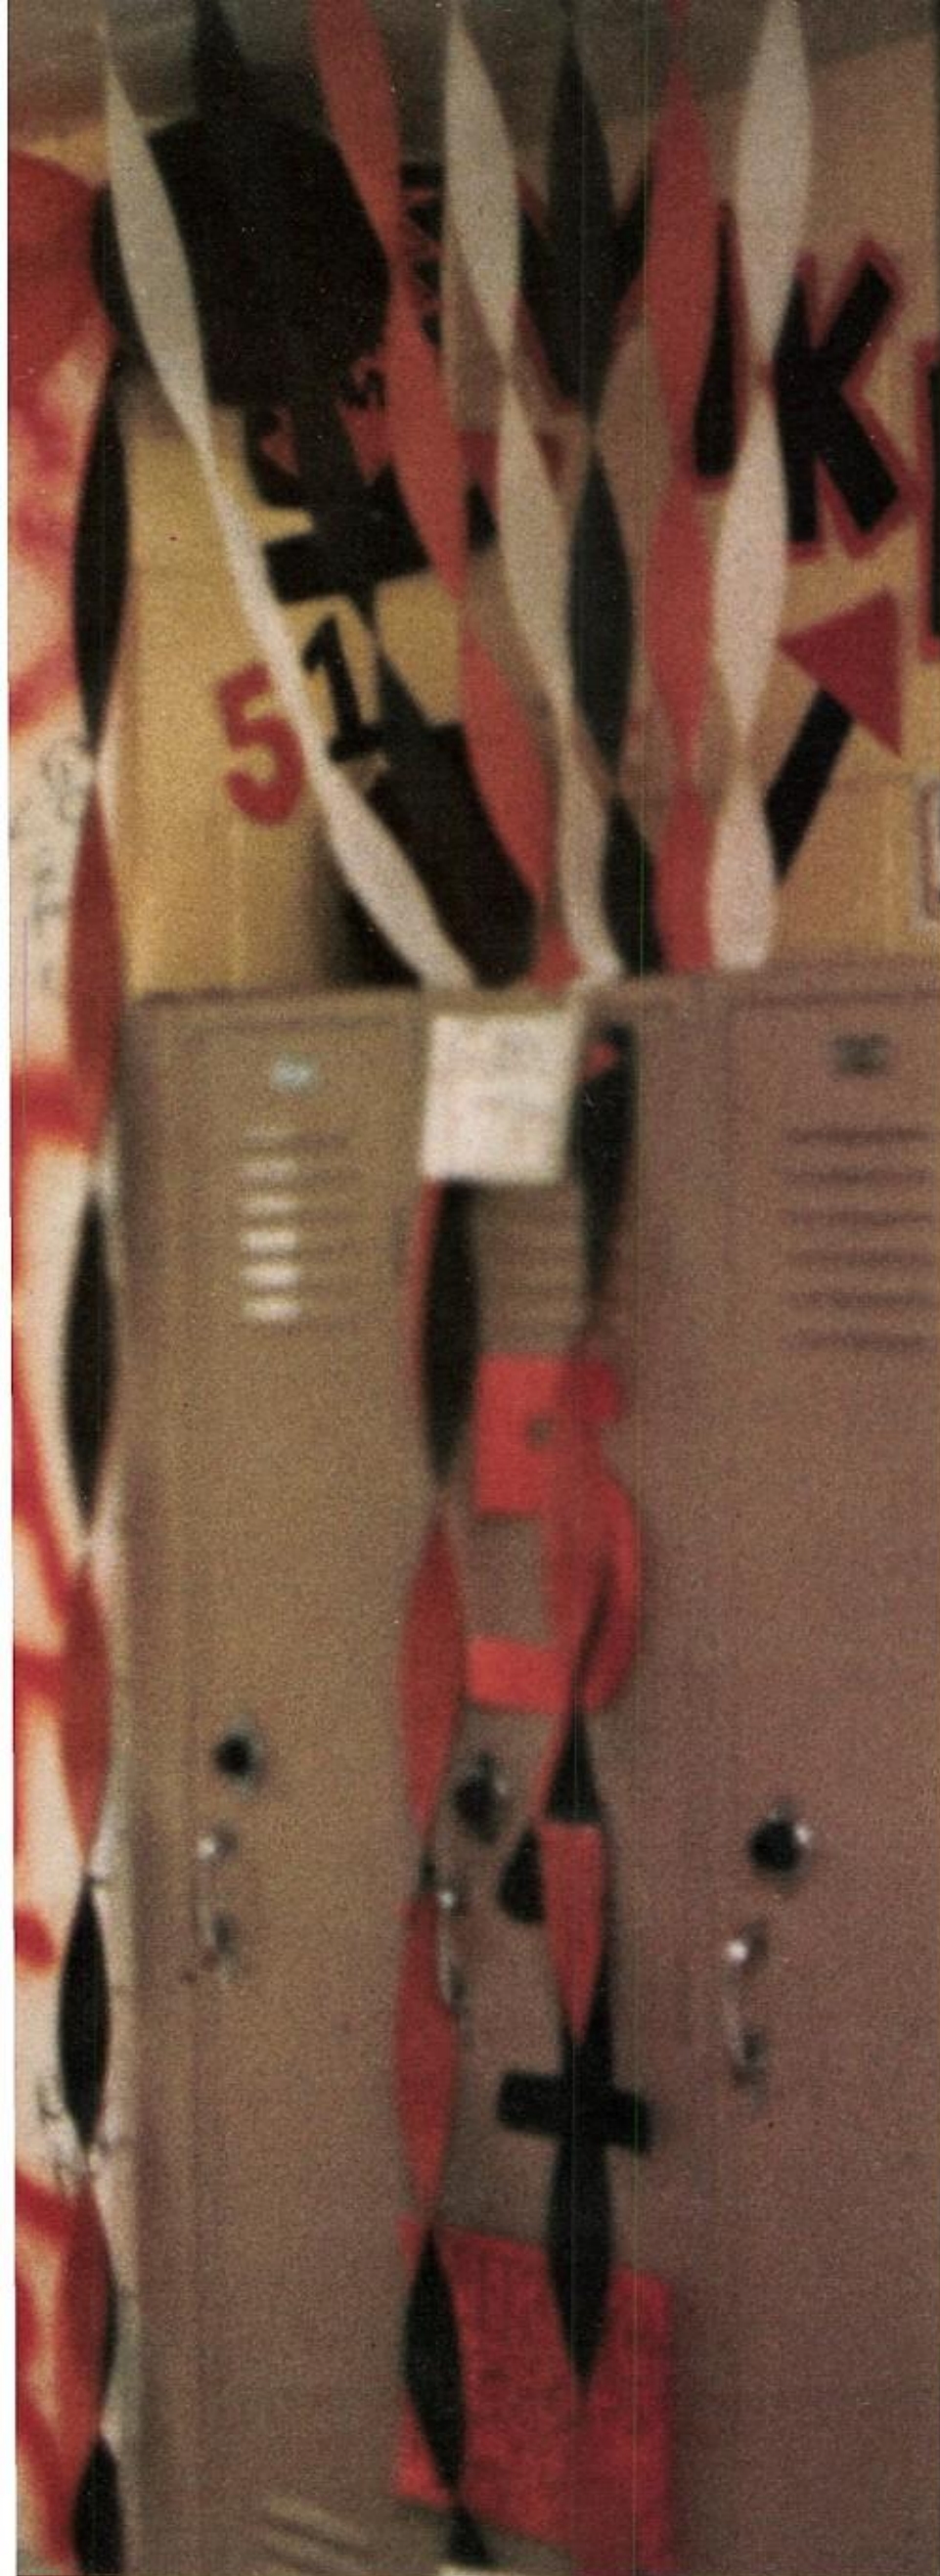

Overall, school spirit is a plus. Many players will agree that just seeing fellow students at their games help them know that the student body is behind them.

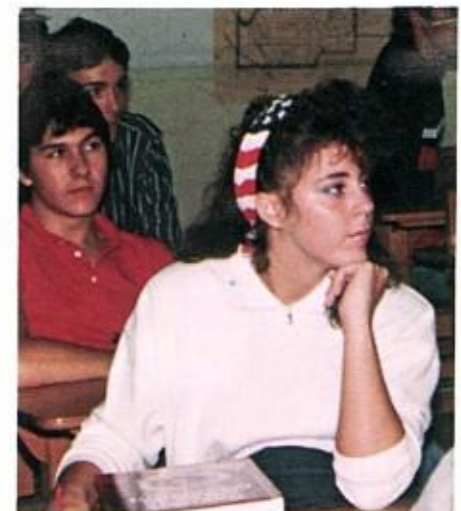

At the Wooster football game, Junior students go wild as the final seconds tick off.

Hoover Color Guard show their spirit as they wave to the beat.

Jen Boehnel, Jen Lyon, Lisa Hotovy, and Johana Horton show their constitutional spirit.

Robin Ferrer shows her constitutional spirit by wearing her nation's colors.

Barb Staley shows her studyhall spirit as she snoozes. "Zzzzz."

Every Friday before the game, football players' friends would show their spirit by decorating lockers.

WEEKENDS

How do you spend your time?

There are many different ways students at Hoover High spend their weekends. Whether the interest is athletic, vocational, or academic, a person's weekend usually reflects his or her desires or goals.

Many people work on weekends. Sarah Andrews works at Burger King. When asked why she works, she replied "I need to save money for college."

Heather Moffet also works during weekends. "It's hard to balance school, social, and family activities with such limited amounts of time," Heather commented.

On the lighter side, Barry Ries plays "Photon" in Fairlawn. "It's just something that I do to relax over the weekend," he said.

When Dante Mancini was asked how he spends his valuable weekend time, he replied, "Sleep!"

Michelle Hiett said, "I sometimes spend my weekends working on school projects or homework."

Whether working, playing, or sleeping, Hoover students always find some type of activity to fill up their weekends.

Lisa Jacot shows her wild side by sporting her sunglasses and trenchcoat on weekends.

While they have fun, the busy cheerleaders raise spirits for the weekend ahead.

TOP: Hoping to make weekends a little more exciting, Kathy Blizzard and Anne Brokloff work on getting their licenses.

***And
Then
It
Was***

Spring

As Mrs. Burnett tries to wake up Jeff McGrew, the rest of the class laughs.

New York, New York

On the night of February 15, 1987, in the commons of the North Campus, the setting was transformed into New York, New York. Couples attended the winter sweethearts dance dressed in semi-formal attire. Many even went to the extent of carrying out the theme, "New York, New York," by dressing in the up to date fashions of the modern-day New York. Many students went wild in their sunglasses while they danced to the blaring music played by DJ Dan Bellford of 107 FM WRQK.

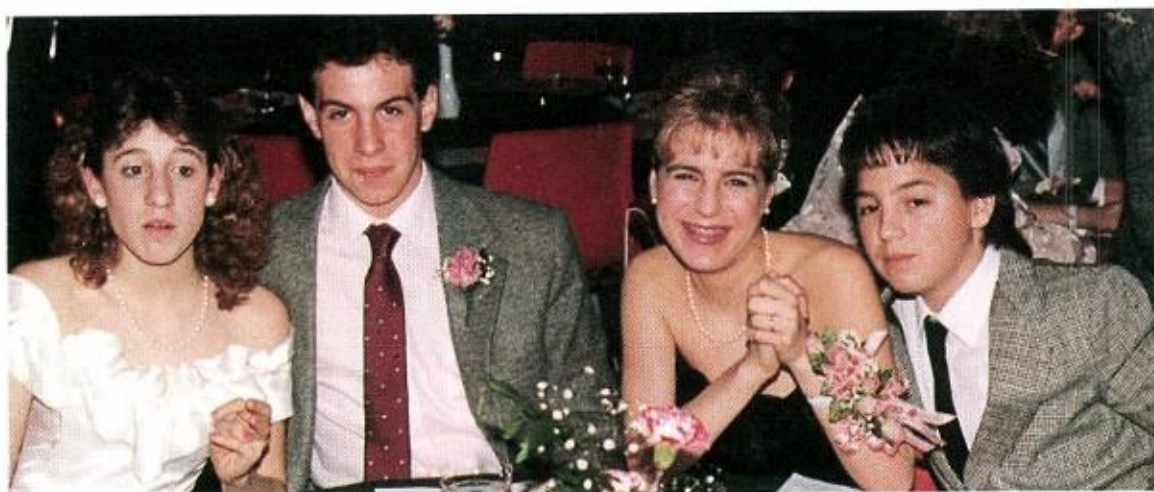

Freshman couples anticipate the beginning of the dance.

Matt Gasper and Angela Bulso take a break from dancing.

Sophomore Jenny Davidson stated, "I had one of the best times of my life."

The Winter Homecoming Queens were Wrestling Queen Michelle Betz; Basketball Queen Lori Presutti and Swimming Queen Deidre Heer. The decorations for the evening beautifully complemented the theme and brought New York, New York a little bit closer to North Canton.

Ken Longbrake and Jenny Davidson enjoy each other's company at the Sweethearts Dance.

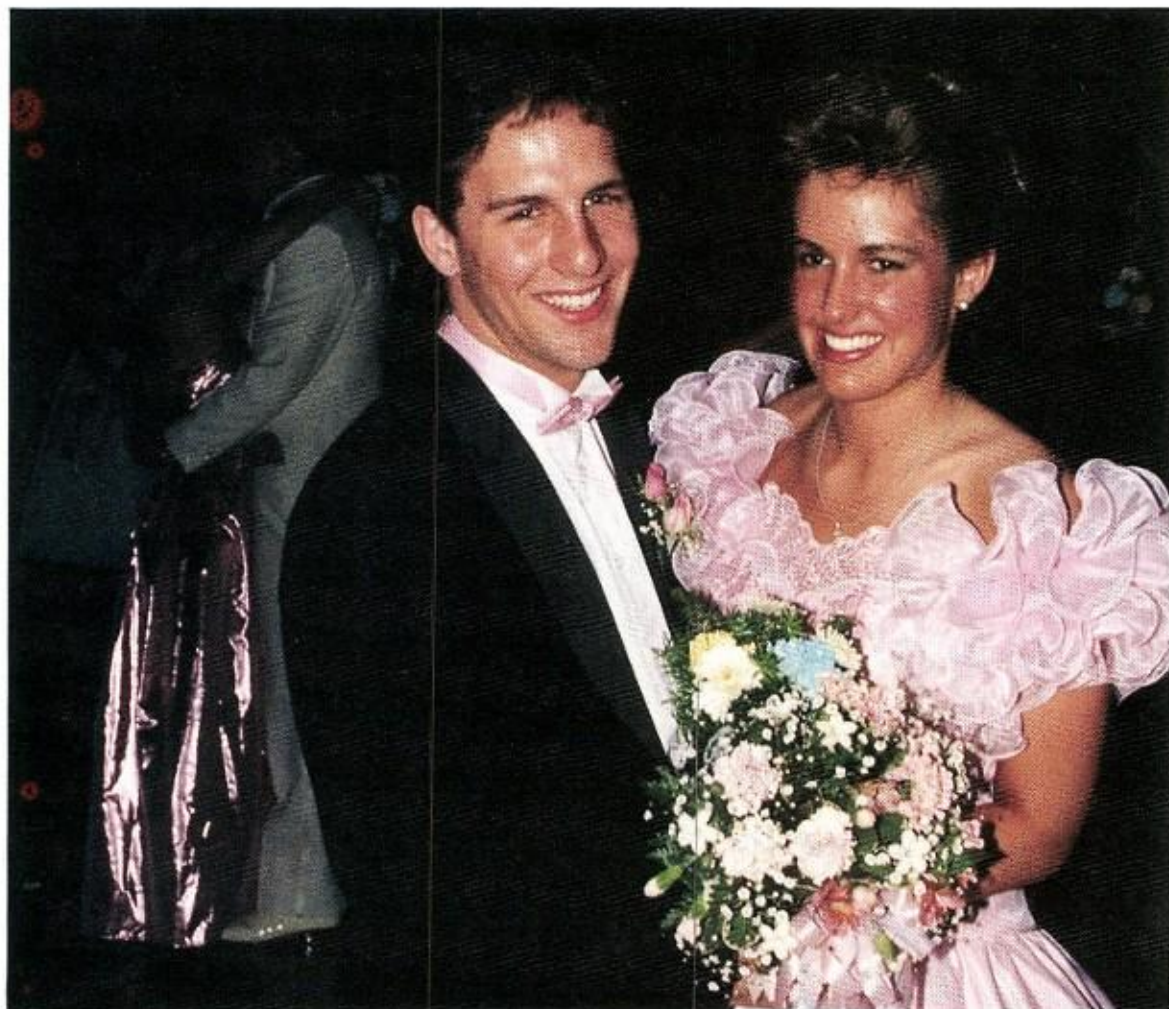

Mike Elsass and Kim Riecks boogie to the music.

The 1987 Winter Sports' Queens and their escorts are presented at the dance.

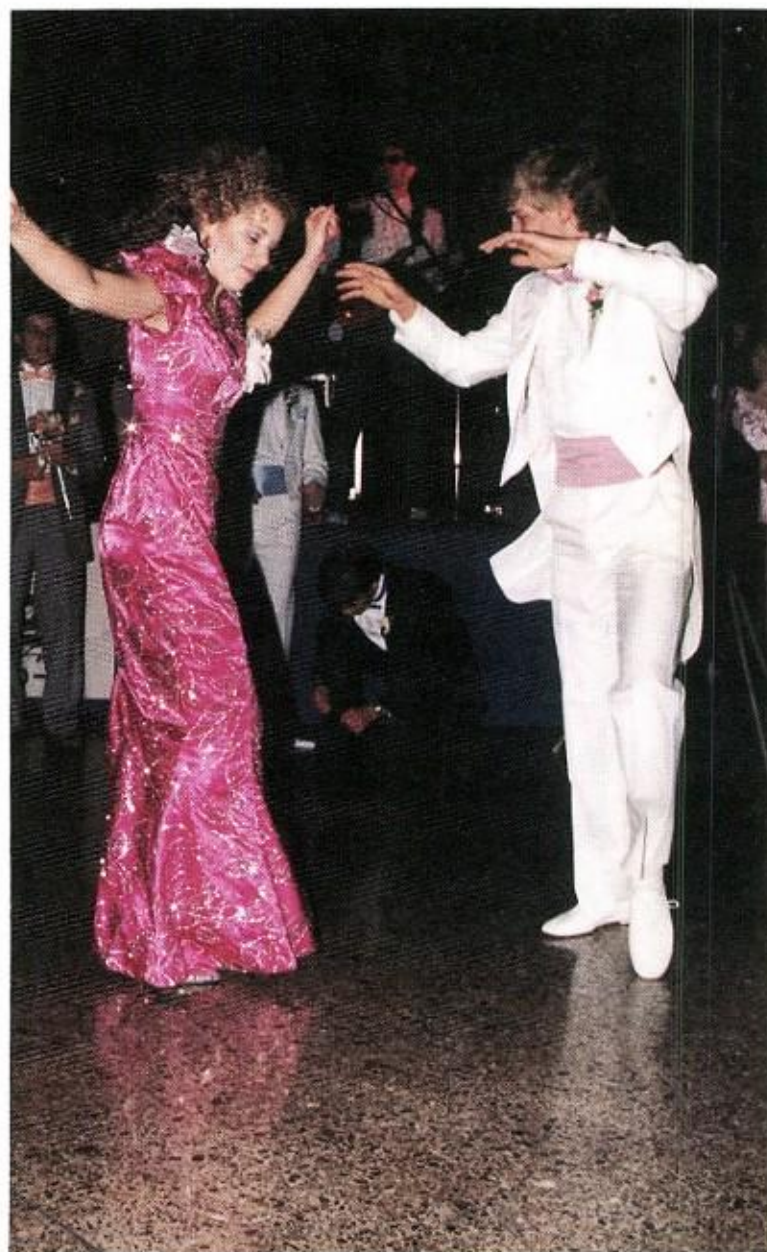

Sherri Wooden poses with Michelle Betz at the 1987 Sweethearts Dance.

Jon Baumeier and Kim Snyder enjoy themselves as they stop and pose for a picture at the 1987 Prom.

On the dance floor, Marta Samuelson and Ryan Corris show off their dancing abilities.

Drive provides entertaining music for the students attending the Hoover High School Prom.

Mike Dent and Jennifer Drake share one of their last romantic moments as juniors together at the dance.

Dancing in Time

As the flash went off, the couple squinted their eyes, smiled, and looked at each other with anticipation. There was magic all around them. He pinned the flower on her dress, they waved goodbye to their

This was the night everyone was waiting for—the night of the Junior-Senior prom. The prom was held on Saturday May 13, 1987, at the Canton Cultural Center. The theme of But the night didn't end after the dance.

Numerous people jive to the beat played by the band at prom.

this special night was "Somewhere In Time." This year the band "Drive" played.

This year, following tradition, underclassmen were not allowed to attend the prom. This made the prom night a more special event for graduating seniors. Reigning king and queen were Jeff Paparone and Melanie Ziegler. Before the dance, most couples dined at Mountain Jacks, Topps Chalet, ShoGun, or Tangiers. Parents and they were off.

There was an after-prom party held at the YMCA. The theme was "A Night in Las Vegas." Couples gambled with "funny money" on games of chance such as blackjack and roulette. Good times continued the next morning when most couples went out to breakfast; then went canoeing or to area amusement parks.

Everyone agreed that all had a great time and that it had been a special "Somewhere in Time."

Kwin Finley and Bobbi Jo Dye are just one of the couples sharing a dance together.

Sing All Night

May Fiesta was a great experience for everyone that participated. It combined the many talents of the students into a very eventful weekend. The different choirs spent hours of hard work to perfect the dancing and singing routines.

"May Fiesta is a time to show any hidden musical talents one may have. It is a great experience for me," said Sean Ransom.

Sean was not alone in this line of thinking. Many people agree with him.

Kathy Johnson exclaimed, "May Fiesta is a fabulous time. The entire choir family gets a chance to show its stuff."

Elaina Stergiades added, "I wouldn't miss it for the

world!!"

Sharon O'Brien and Stacy Hannan feel that you really get a chance to "go crazy" and to see the "wild" side of everyone. They added that May Fiesta brought everyone closer.

Heather Leckie-Ewing summed up the feelings of many choir members as she stated, "May Fiesta is the perfect end to a whole year of hard work. Because of the fact that it

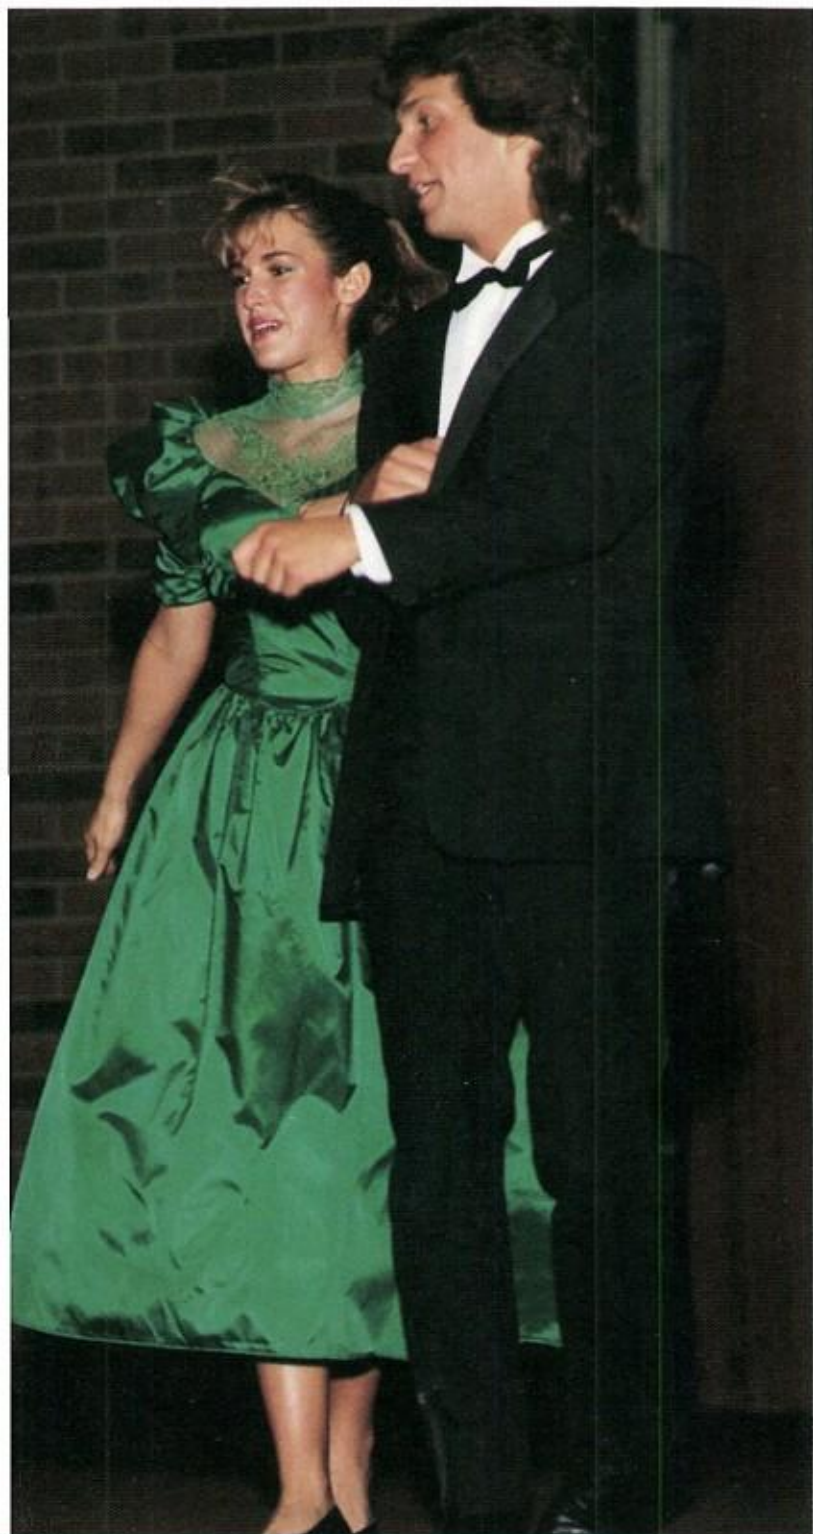

brings the choir family closer, we are sad to see the seniors leave as the curtain goes down."

The barbershop quartet added great harmony to the 1987 May Fiesta.

At the May Fiesta the entire choir showed its stuff with numerous dance and song medleys.

Acting a scene from the Broadway hit CATS, the High Lows delighted the audience.

As they stroll across the stage, Kim Snyder and Marcus Lehto sing beautifully together.

The Freshman Choir added a splash of color to the wonderfully choreographed May Fiesta.

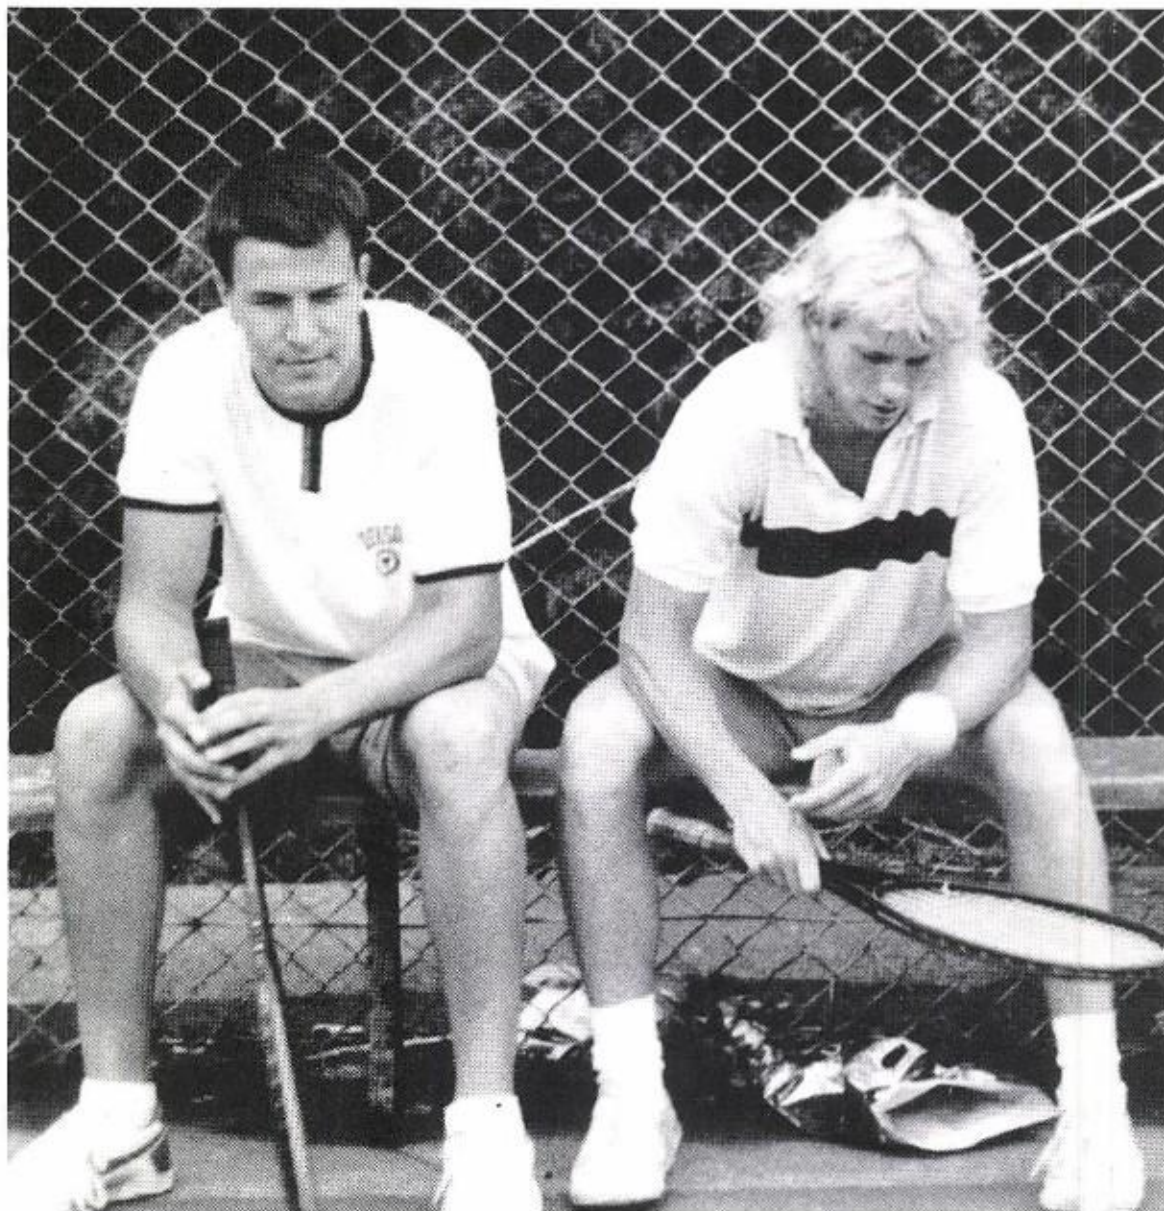

The audience was in awe of Beth Turner's graceful ballet skills. She truly put her talents to work for her at the May Fiesta.

Coach Miller gets stuck with ball duty.

Dan Haude and Mike Dent take a break.

Richard Peet sharpens his backhand.

Trial & Error

Boys' Tennis

Just as a tennis ball goes back and forth on the court, so did the boys' tennis team.

The team handled the tough competition with pride and broke even with an 8-8 season record.

For senior Cesar Ro-

called Cesar.

Dan Haude, who was the district champion, progressed all through the season and advanced to the state tournament where he gave it his all, only to be defeated.

"Being able to com-

Ken Bowman and Jeff Grisez practice doubles.

driguez, the toughest match was against Jackson's Sean Swindel.

"It was the quarter-finals of the district tournament. He is one of the best in the state. I gave it my best shot, but I lost. I was happy, though. He had a hard time winning," re-

pete was the best part of playing on the team," stated Cameron Chen.

All in all, the 1987 boys' tennis season was one of trial and error. Each participant, however, seemed content with his performance on the court.

Dan Haude at his best in the Districts.

Born to Run

Boys' and Girls' Track

Power. Quickness. Endurance. This year's boys' and girls' track teams had all of these vital elements needed to have a successful track season. The boys' team compiled a record of 7 wins and 5 losses. This was the best the boys' team had done since the mid-60's. The team began the season by winning the Akron Ellet Quad. As junior George Nagel commented, "Winning the Ellet Quad was our best win; it got us off on the right foot for the rest of the season."

The girls' team was led by seniors Lisa Radich and Suzanne Von Lührte, both of whom

reached Regionals. Junior Sheila Nolan said, "Their individual leadership boosted the team's morale as a whole and helped us individually to achieve our personal goals." The girls finished the season with a 3-6 mark.

The success of the season was summed up by team MVP, senior Kevin Harper. "The team had a positive, winning attitude and a real closeness that enabled us to be contenders, not just competitors."

Lisa Radich drives hard to gain the lead in the 100-meter hurdles.

Hoover sprinters sweep top places in a heat of the 100-meter dash.

Graduation

After the ceremonies, Mike Chow removes his cap in relief that his high school days are finally over.

Special times mark spring. Going to prom, singing in the May Fiesta, eating at club banquets, and receiving yearbooks all make spring special. But, to the seniors, none of these events compare to graduation. On June 5, 1987 at 7:30 pm., 336 seniors shared this experience.

For most, it was a joyous occasion.

"It's great getting out and I'm not going to miss high school," said Jon Biss.

Kathy Sunderland agreed.

"Last year I couldn't believe that this day would come. I feel

happy that I finally made it through high school."

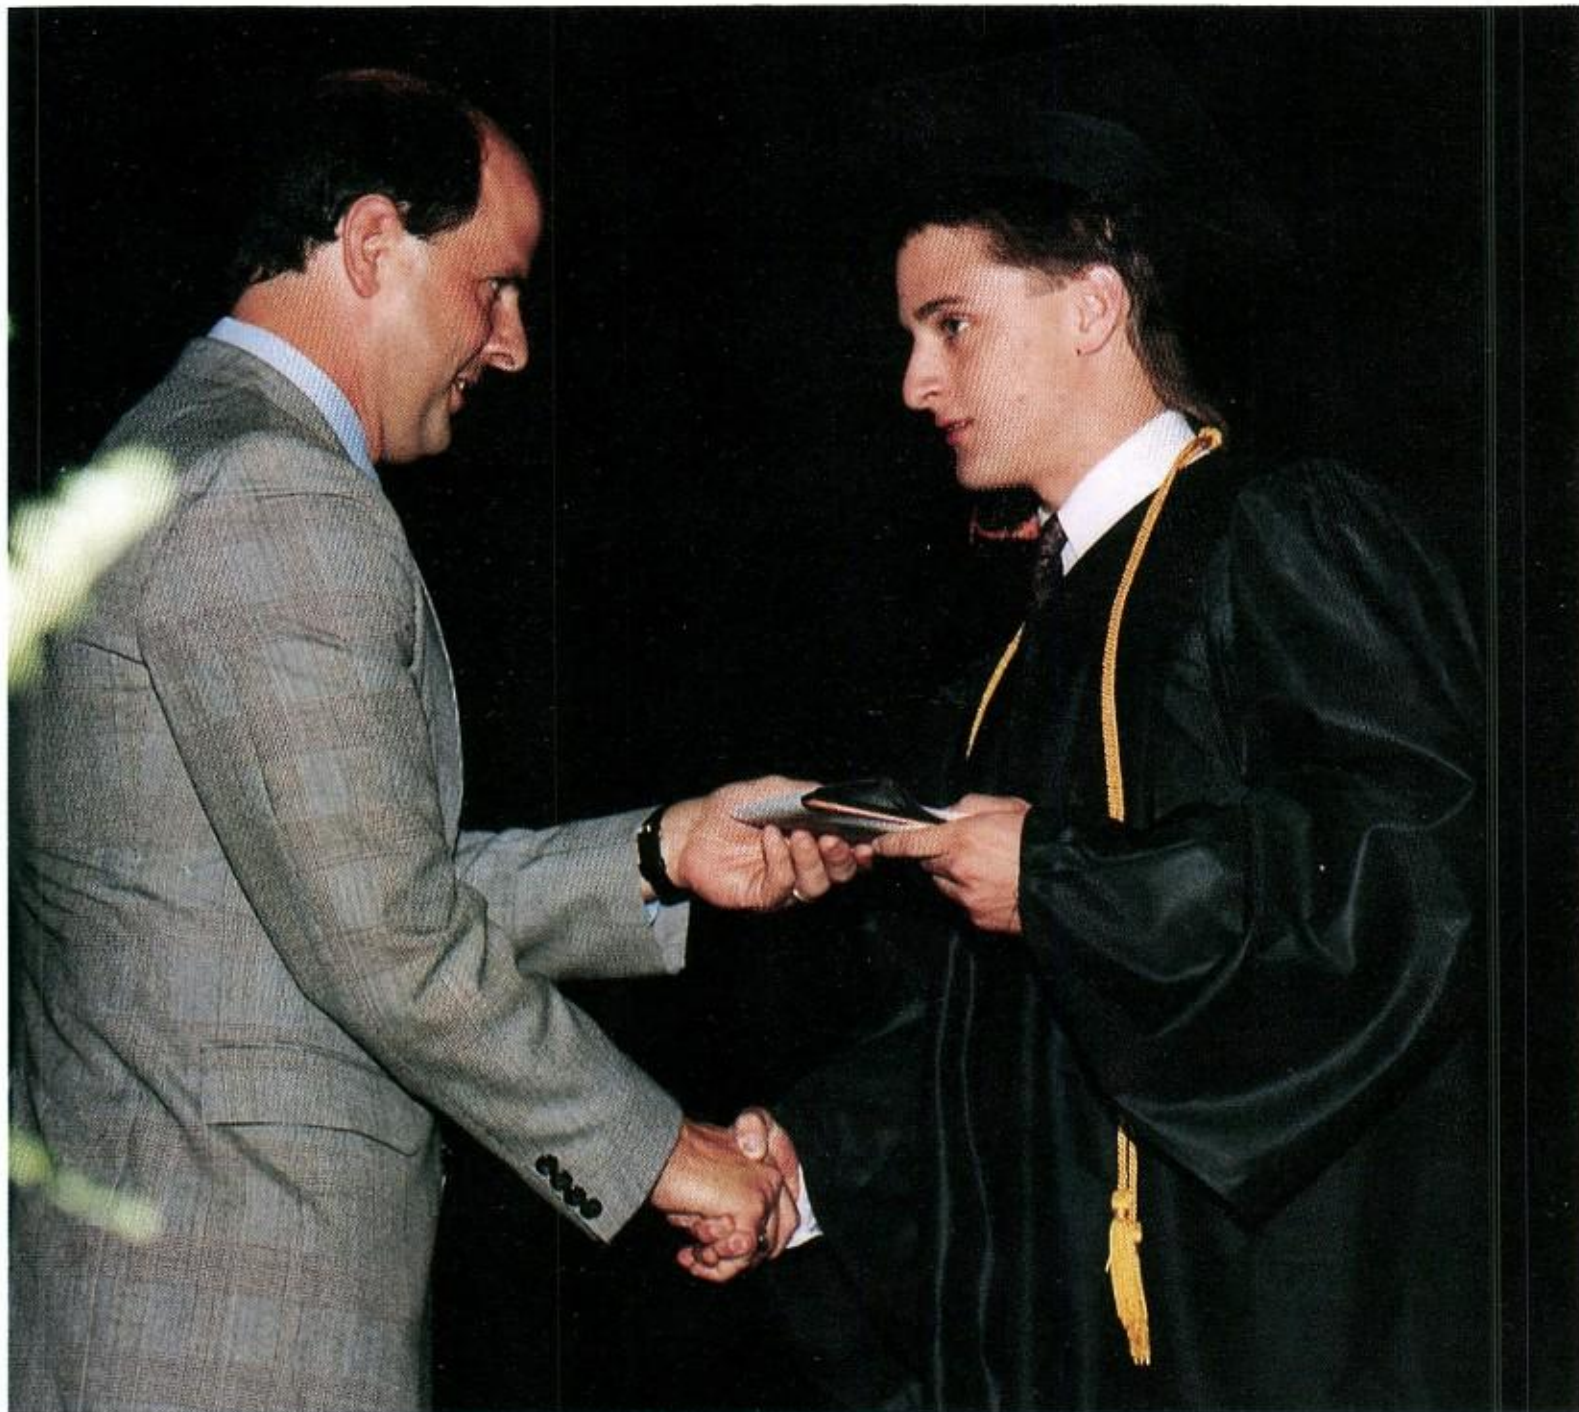

Eric Garnett stated, "I'm happy to finally get out, but it will be sad not to see everyone."

The feelings of all were summed up by one graduate who said, "Look Ma, I did it!"

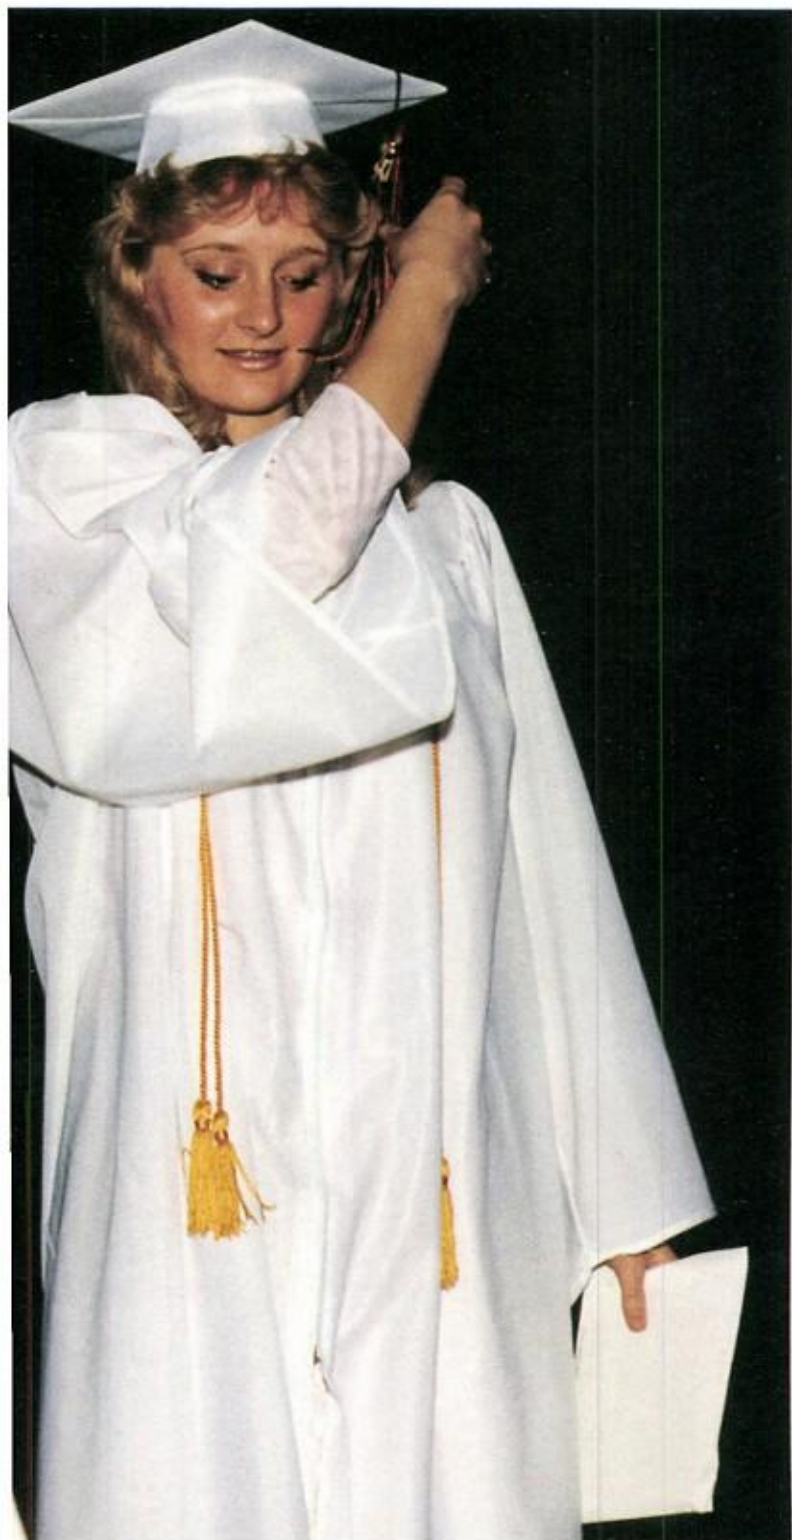

Only smiles can be seen on the faces of the Class of '87.

Ted Kalkreuth accepts his diploma and a handshake from Mr. Fred Krum.

PART TIME PEOPLE

Work outside of school

Renee Thomas and Chris Mercer make themselves useful as they reload catsup trays at work.

Many students at Hoover High choose to work in their spare time for one simple reason—money.

Junior Missie Glutting commented, "It's better than mooching money from my parents."

"Working makes me feel as if I have earned something. It gives me a feeling of self-worth and accomplishment," stated Senior Rob Varcho.

Many parents want their children to experience the real world so they know what to expect when they get out of High School or College.

Other students work for assorted other reasons.

Senior Scott Martin responded, "I make money to spend on weekends".

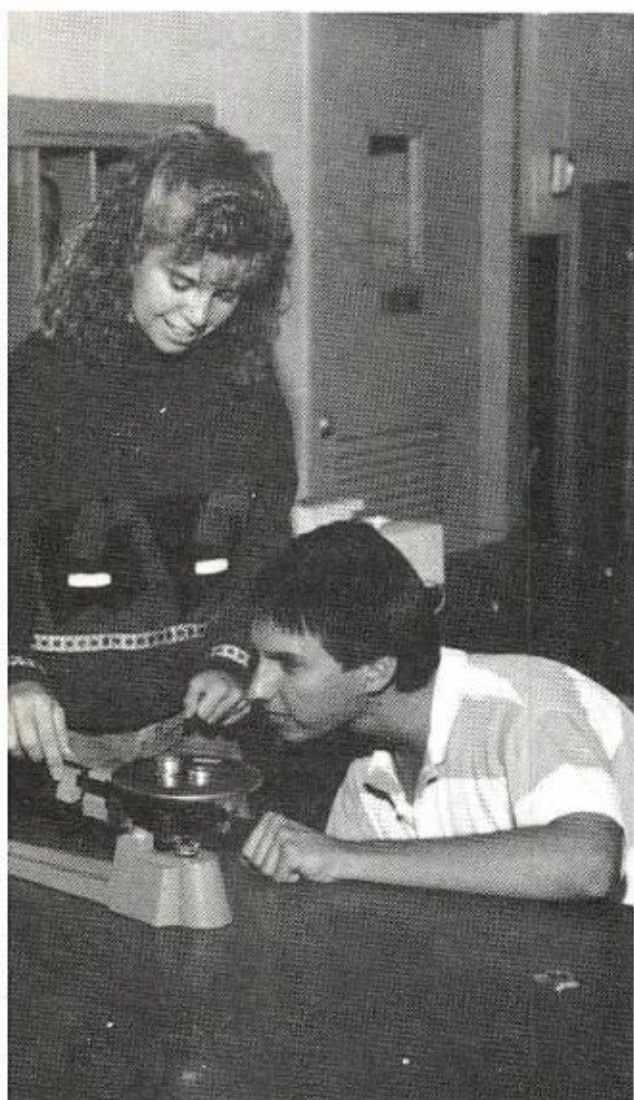

Students, like Sara Andrews are trying to save money for college. While Kara Long, a senior, "Just wants to pay for her long distance phone bill."

Exciting? Fun? Some work situations can generate an exciting experience. Quality friends and references can be acquired through a job and experience can be gained for the future.

Hustle and bustle is the name of the game at Sears, where Senior Jenn Vogelgesang attends to the children's department.

Senior Andy Bickel cleans dishes at Village Buffet. 'It's a dirty job, but someone has to do it.'

In ninth period physics, Sheila Nolan and Steve Popa weigh up the BIG NEWS.

Amber Elsass, Dawn Jones, and Julie Smart discover what makes the BIG NEWS live in biology lab.

ACADEMICS

IS IN THE NEWS

While William Bennett, Secretary of Education, was stressing back to basics for the schools and a national program to pay students for good grades were being discussed, the BIG NEWS of academic programs was here at Hoover.

Students had many different programs available to them. They could take college prep, vocational, art and music courses, or a combination of all of these. Taking vocational courses gave students marketable skills. College

prep classes provided students with the knowledge needed to succeed in the future.

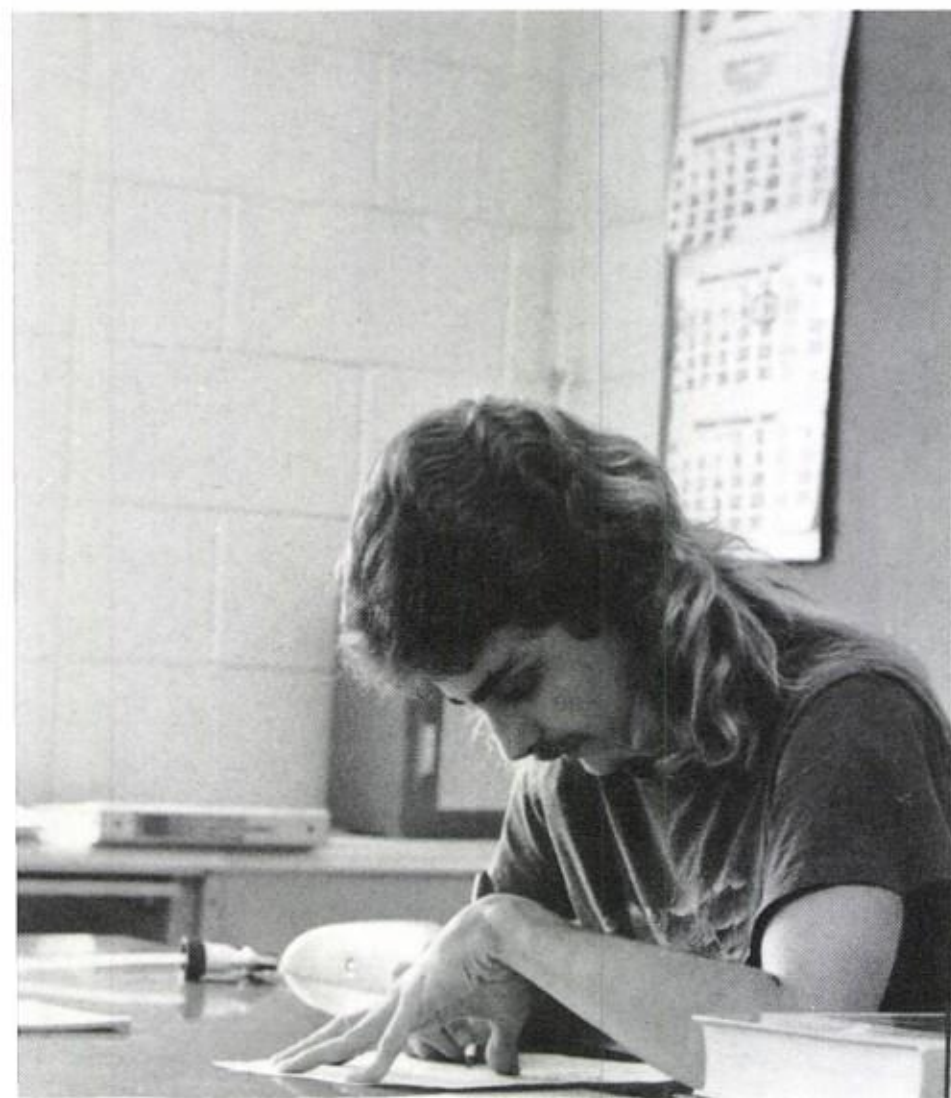

Linda Wolf said, "Having the chance to select courses in a wide variety of subjects allows a student to be well-rounded in all areas."

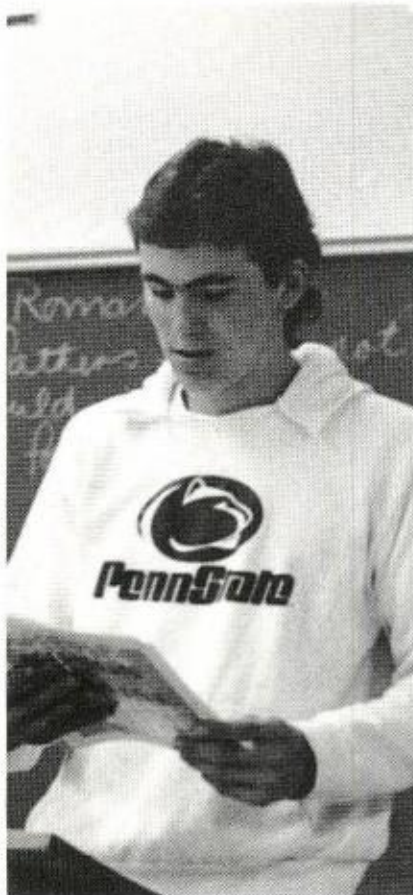

The hard work put into academics showed when students won awards in their fields and test scores were above national average.

This is truly the BIG NEWS of academics at Hoover High School.

Joe Anthony slaves over the BIG work in his math class.

With the BIG NEWS of an art project, Dennis Roden prepares his still life scene in Art III.

John Perko expands his knowledge of Romanticism.

Brenda Crist and Renee Breckenridge display their Spanish pinata.

Dennis Roden plays his guitar for his Bible Lit. class.

WORD POWER

English/Communications

Exploring new cultures, learning new languages, and trying new foods are all possible in Hoover High School's foreign language program.

Chester Chikosky comments about these ideas by saying, "I took Spanish to learn another language and about another culture, and I also enjoyed eating some different kinds of Spanish foods."

Learning the different ways of life in another culture in the Foreign Language Department gives students an opportunity to

look at and understand a new way of life.

Here at Hoover, students are encouraged to take two years of a foreign language. Whether it be Spanish, French, German, or Latin, the decisions are up to the individual student.

Most students find it an interesting and rewarding experience.

Heather Moffet explained, "I like the class discussions and reading modern and classical French novels."

As student exchange programs become available, students with a foreign lan-

guage background have an upper hand in communication and learning the cultures of the new countries.

This opportunity to study abroad during their Junior and Senior year is a big step for many students. So any foreign language prior to this exciting experience is very useful to students.

But any student, foreign-exchange or not, can reap many benefits from Hoover's language department.

In Shakespeare Lit. class, students must perform a skit for the class.

Spanish food is being displayed during a "cultural experience".

Matt Chambers hangs a pinata during his Spanish class.

Carol Shell assists during a TV 67 broadcast.

Making Technology

Math/Computers

The Math and Computer department at Hoover High School covers a wide spectrum of topics. With the new Apple computers that replaced the old Atari terminals, the classes are now even larger than what they once were.

"Since there is such a rise in computer based occupations, I thought that this class would be helpful to my future," commented Carl Mazzocca.

Students took classes in computers for a variety of reasons. As Brian Lafferty said, "It sharpens our eye-

hand coordination." Other students, such as Carl Mazzocca, took computers for the knowledge of computer 'stuff', and because it will help them in their career choices in the future.

Using computers to sharpen a person's skills was beneficial to those students that performed well in the course. "I like computers because it gives me a sense of accomplishment, and I like being able to make my programs work after spending time on them," said Beck Hladio.

Taking math as a strong

background for college was a priority with many students. When asked why he took accelerated Algebra II, Mike Blakemore said, "I took it because I want to become an engineer or an electrician, and it looks better on my class standings." Mike Hartzell added, "I'm taking Introduction to College Prep for engineering in college."

Whether students took a course for college or just for an additional credit, they gained valuable knowledge that will help them in any career they choose.

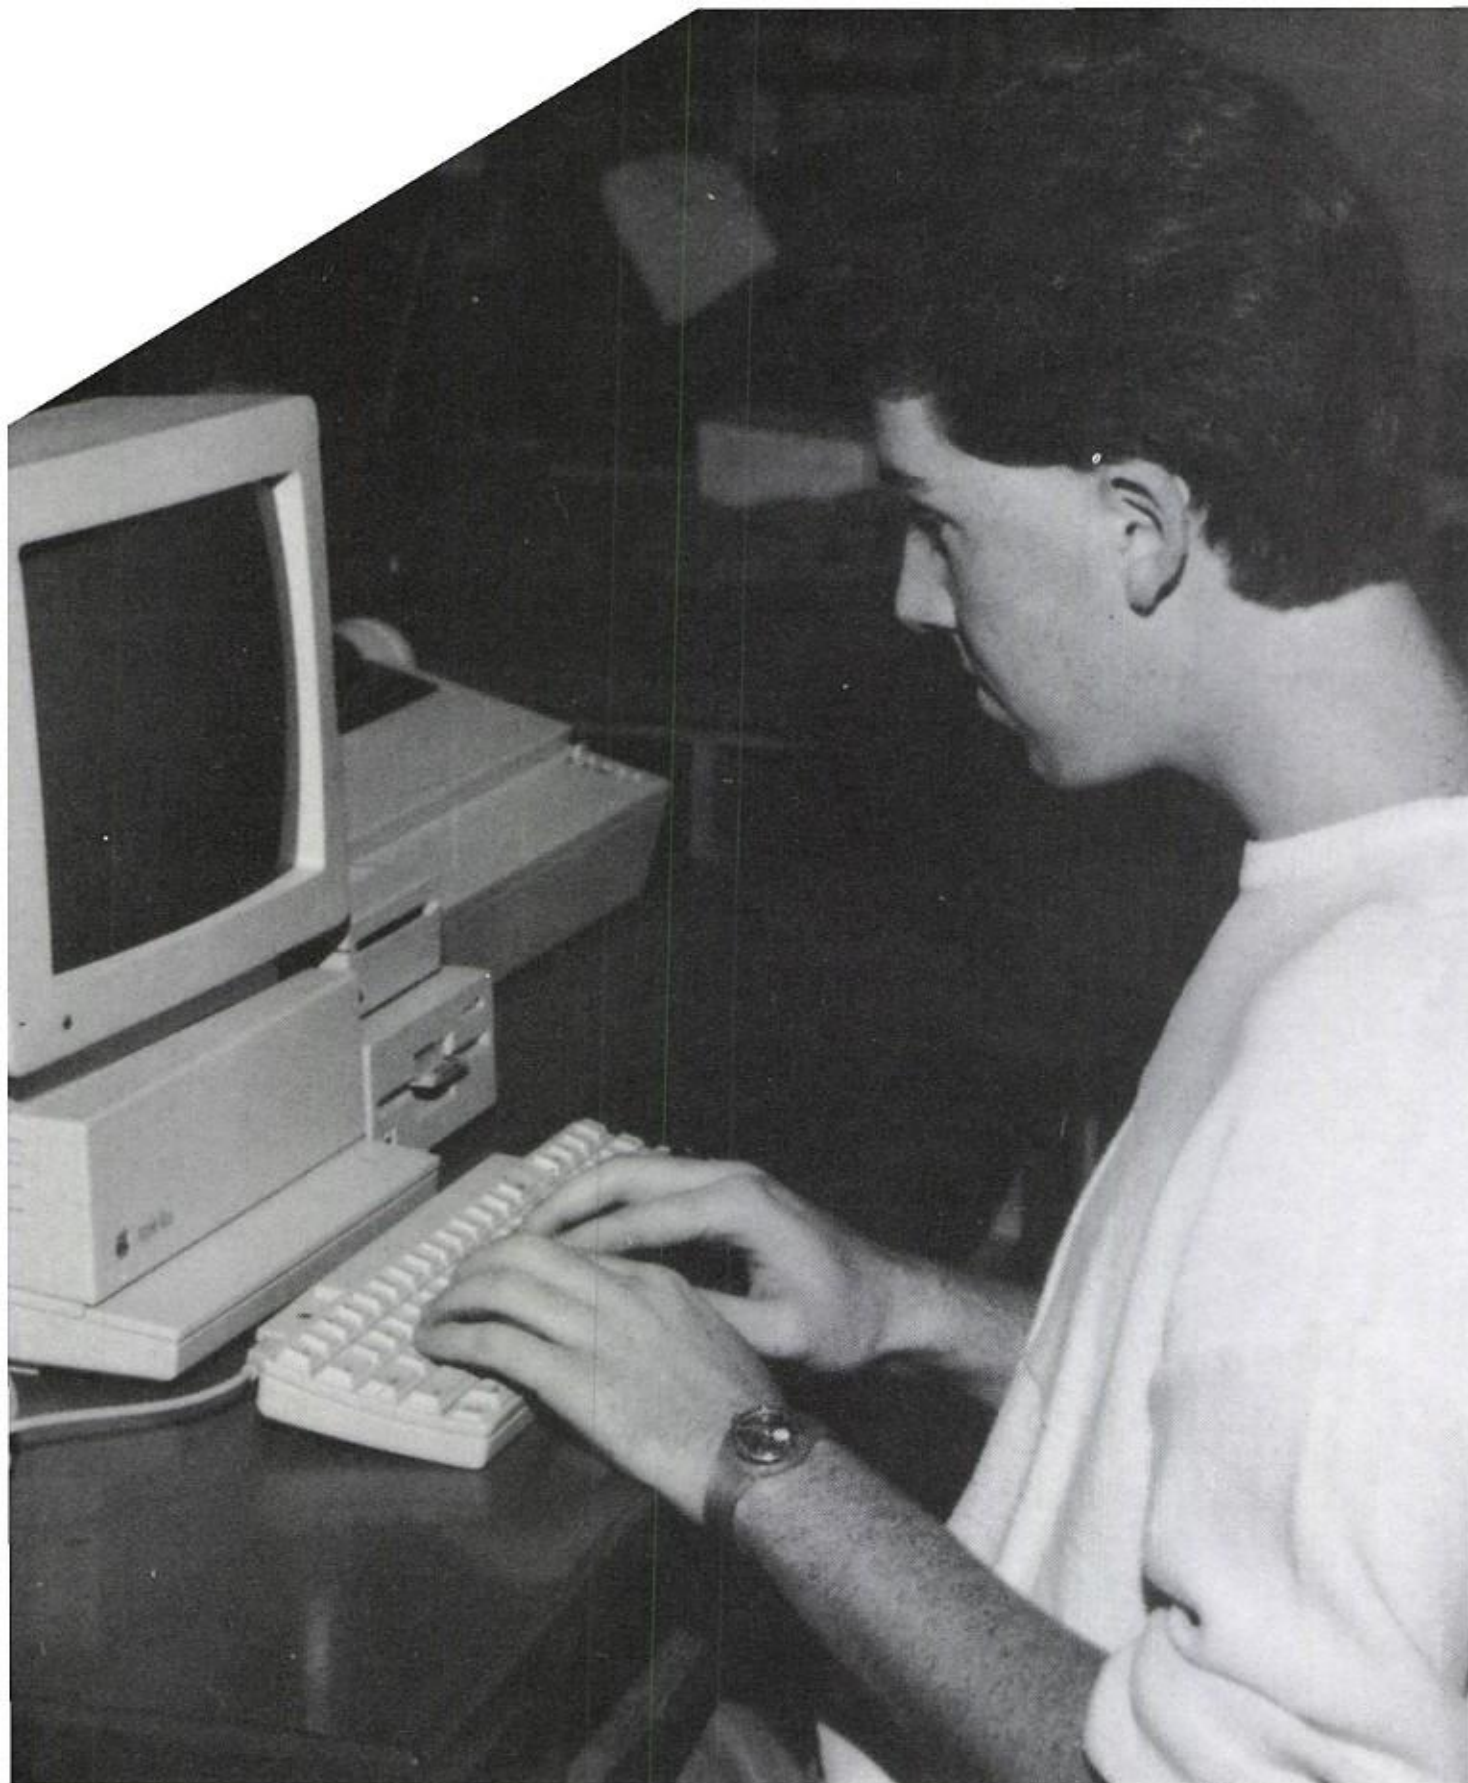

Math students listen and take notes as they go over homework.

4. What direction do surfing beaches face?

ANSWERS

1. Water
2. The Shell
3. Summer
4. West

From Pebbles to Pigs

Science

Experiencing new and thought-provoking classes is what gives most of the students at Hoover headaches. A real headache for junior Jan West is when she is in her Chemistry Lab class. "While making ammonia, the stopper in my beaker didn't fit right, so the gas leaked out. I had to run away from my table because it (the ammonia) stunk and burned my eyes."

One bright side students see when looking at taking science courses is that they are very helpful to them for

college and possibly even in a science-oriented career.

"Even though I wanted to drop Physics, because of all the outside work and labs that Mr. Reitz gives us, I knew that I had to complete the course for college entrance," said senior Joe Sogan.

Taking a regular level course is difficult for most students, but can you imagine taking an accelerated course in either Earth Science, Biology, Chemistry, or Physics? These accelerated courses give students a greater challenge

and a larger perspective of careers in the science field. When asked why he took enriched Biology, Ty Sheetz replied, "I took this class because it was an honors course and it would provide a little challenge in my life."

Freshman Brenda Mercer said, "Earth Science is interesting because we learn about the earth and what it is made of."

Whether you decide on a regular level course or on an accelerated course, the values you gain can be beneficial.

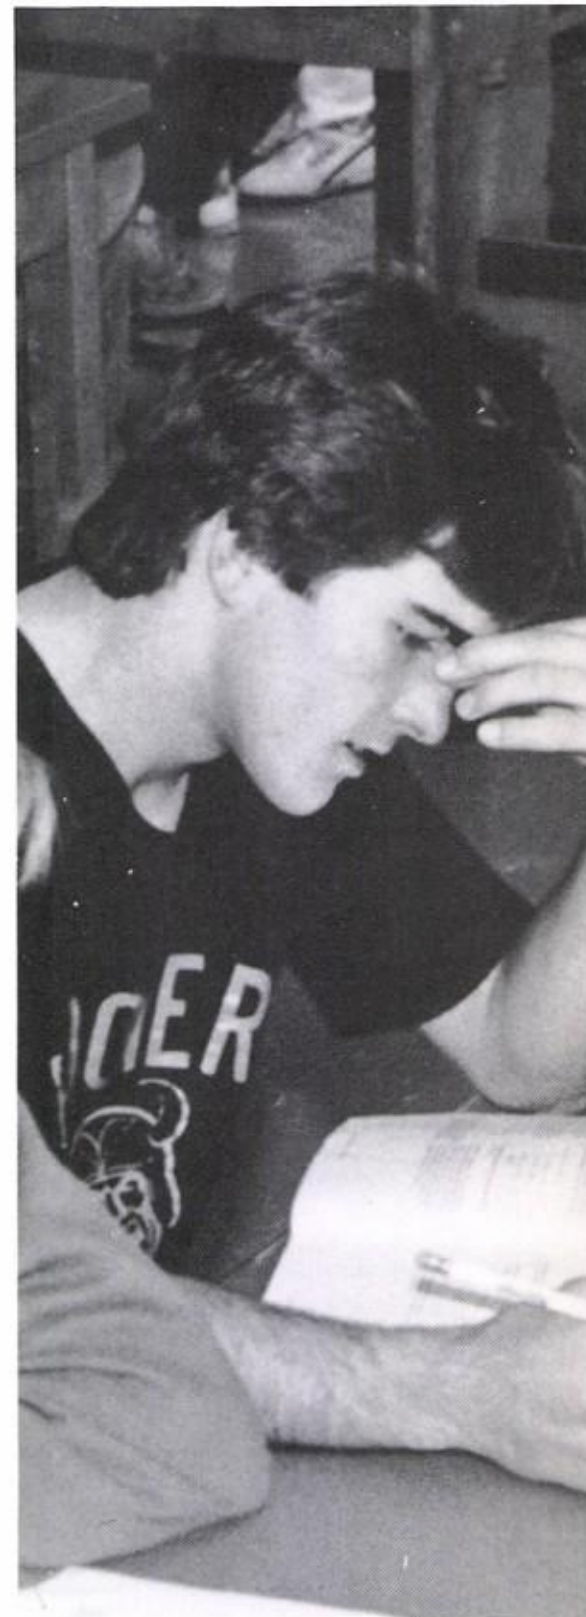

Ty Sheetz works hard on his lab experiment.

Amber Elsass and Julie Smart work on their biology labs.

Josh Hall and Missy Martell examine chemicals in flasks.

Rep. Scott Oelslager speaks to a history class about politics.

Mr. Wechter's government class participates in a council meeting.

Rose and Peg Hamann take a break from studying their government.

"We the People . . ."

Social Studies

What is the Fourteenth Amendment and why was it created? Why do people act the way they do? These questions, as well as many others, are answered in the social studies program at Hoover High School. American History and Government are required courses for juniors and seniors. To graduate from Hoover, students only need two years credit in the social studies area; nevertheless, many students take additional courses, such as geography, ancient/modern world history, economics, sociology,

psychology, or civics.

When asked why she took an extra social studies course, Teresa Wagner responded, "Studying the past and seeing how it relates to present times can be interesting." Also when we asked Stephanie Saines what she liked about her American History class, she replied, "I like every historical mini-series!"

During the senior year, while taking American Government, students who are 18 years or older can register to vote for the first time. Being among the oldest in

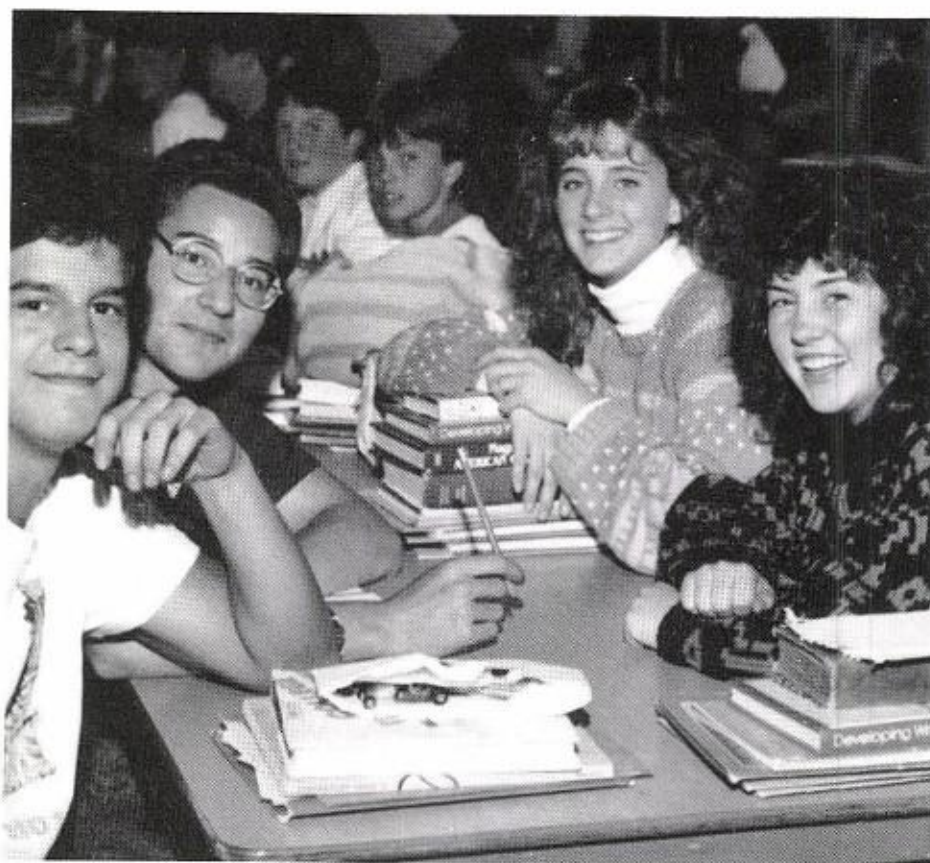

the senior class, Tracey Snyder stated, "Registering to vote in my government class made it much easier than having to go to the court house and register."

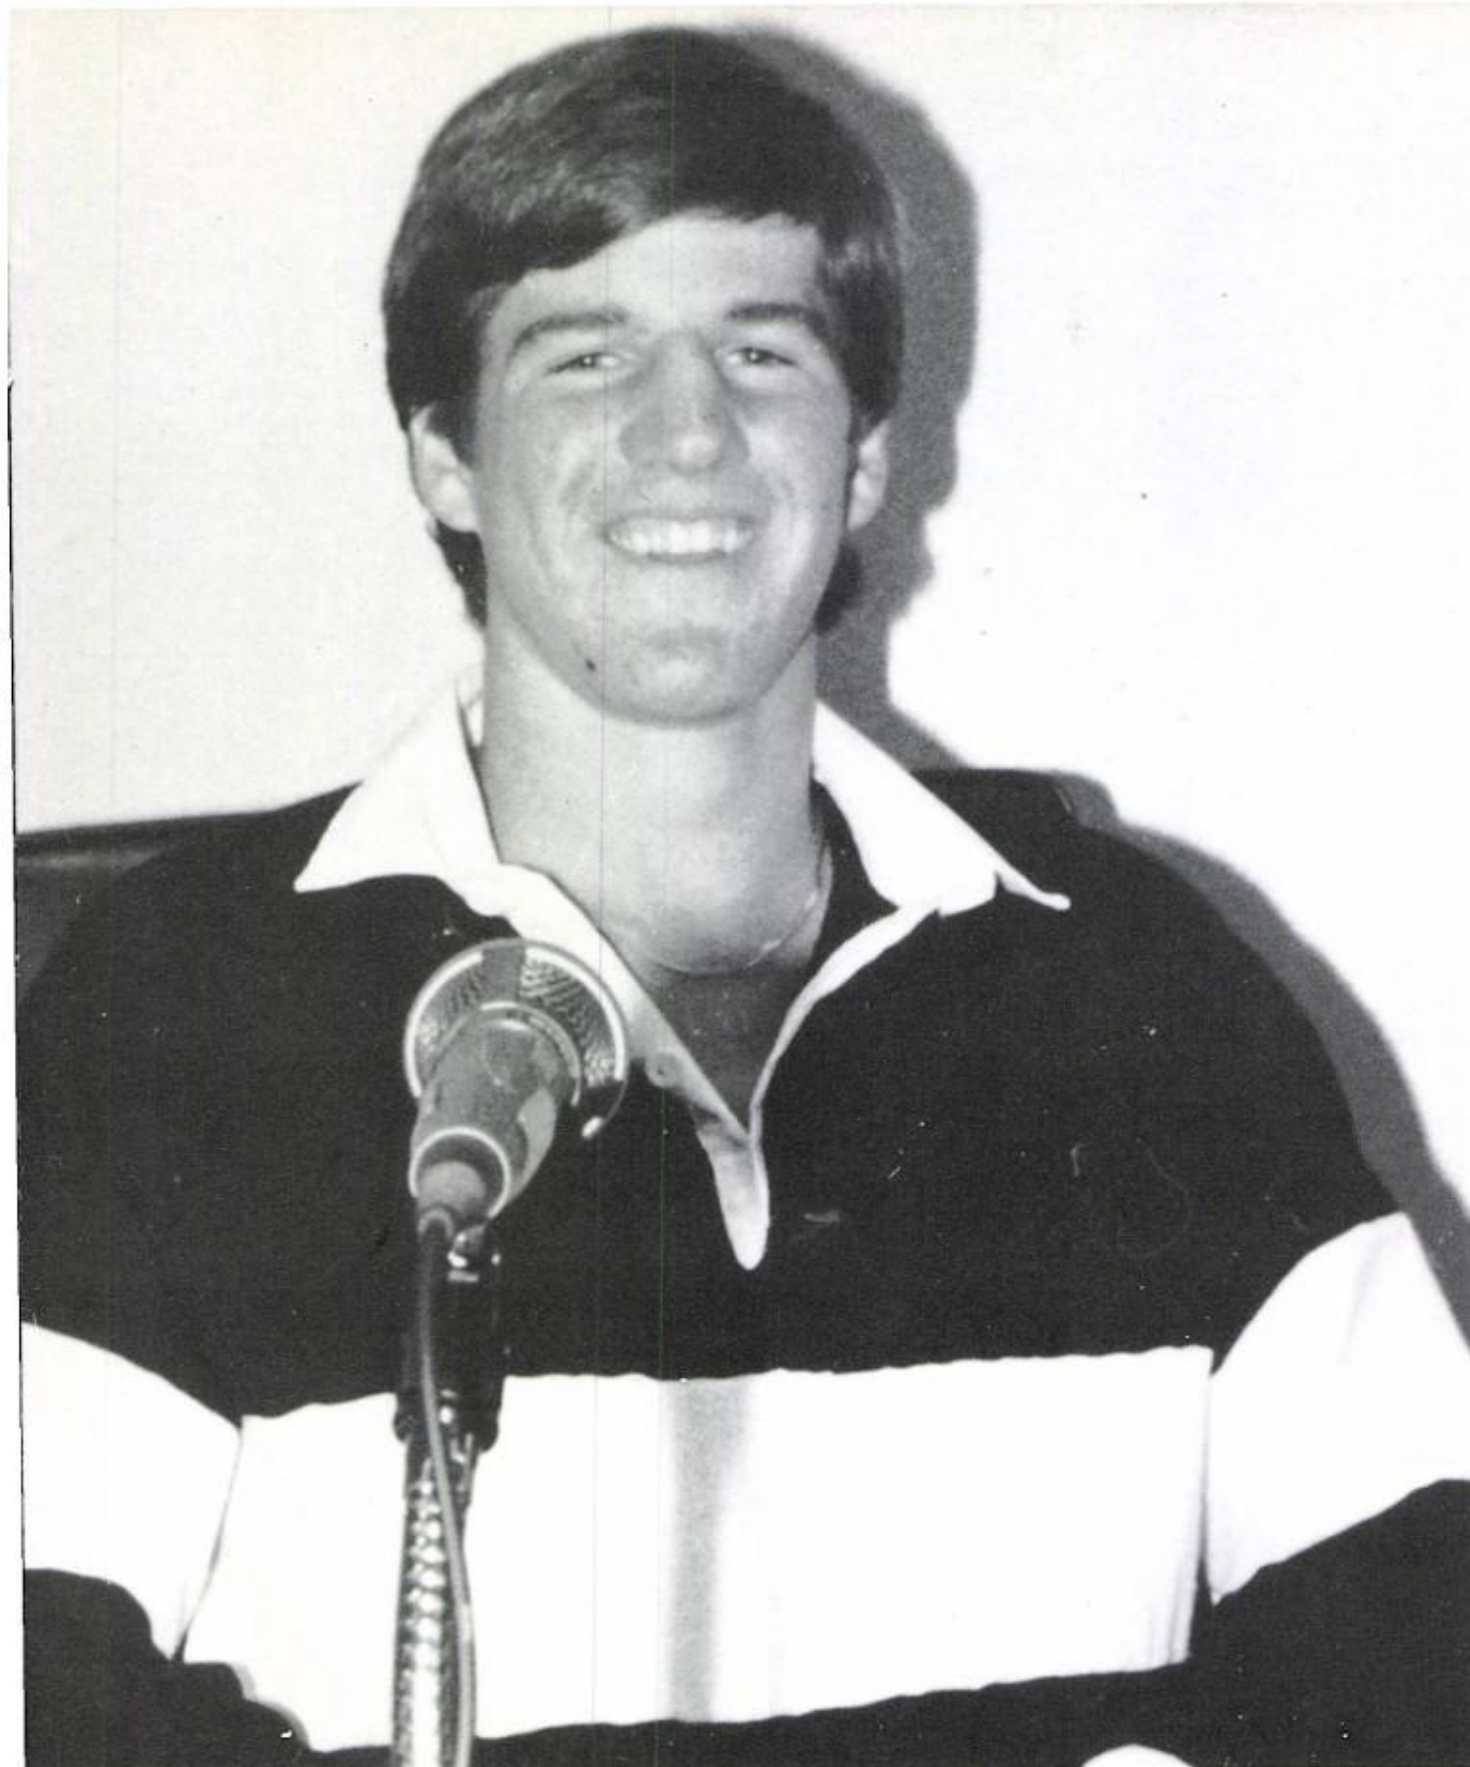

Rhonda Zino commented, "I took psychology to learn about mental problems that affect many people in today's society and to understand why people do some of the crazy things they do."

The wide range of social studies courses at Hoover can be beneficial no matter which one is studied.

After studying for government, seniors joke with an underclassmen.

Xaverius Ondang reads in his government book in study hall.

Darrel Singer portrays Council President at a city meeting.

Dana Johnstone and Jeff Bair take roles in a council session.

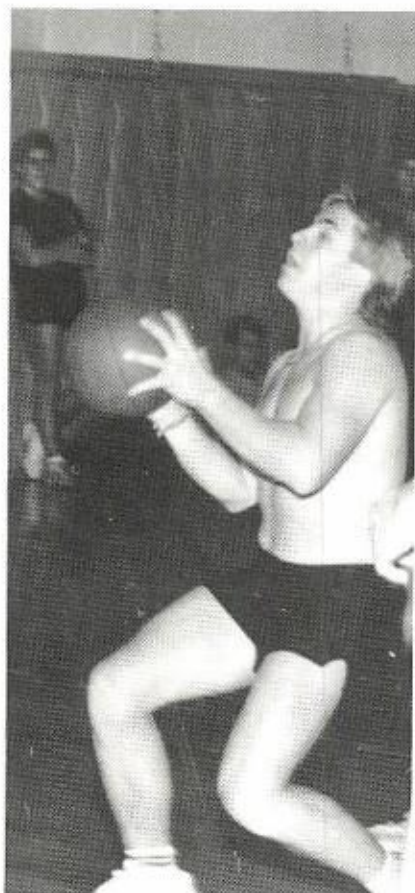

TRIVIA

1. Larynx
2. The Tongue
3. Never
4. Six

Shaping Up

Health/Gym

Learning about their bodies in health class and then applying these concepts to gym class are what the freshmen and sophomores go through each year.

"I like taking gym class because I don't have to take any notes", stated Michelle Brown.

Other students enjoy gym class because it is a time for them to relax and not think about their other classes. Ming Watson said "I have a wonderful teacher and I like coming to this class."

Students like Penny Simmons and Nicole Weisel think that aerobics is the best part of the class, while Clayton Hall believes that playing football is the best part.

Since gym class is only one semester long, freshmen students have to take one semester of health. Cindy DeVore stated, "Health is interesting because you get to learn about yourself and your feelings, which makes you feel more confident as a person."

In health, students learn everything from the

complex body systems down to simple common knowledge. "Mr. Tolarchyk is a great teacher and he makes health class a lot of fun for us all. It's a lot of work, but he makes it enjoyable", stated Jess Gipko.

Toward the end of the semester, each student is required to do a project. After long hours spent on their projects, students get up in front of the room and give an oral presentation to the class.

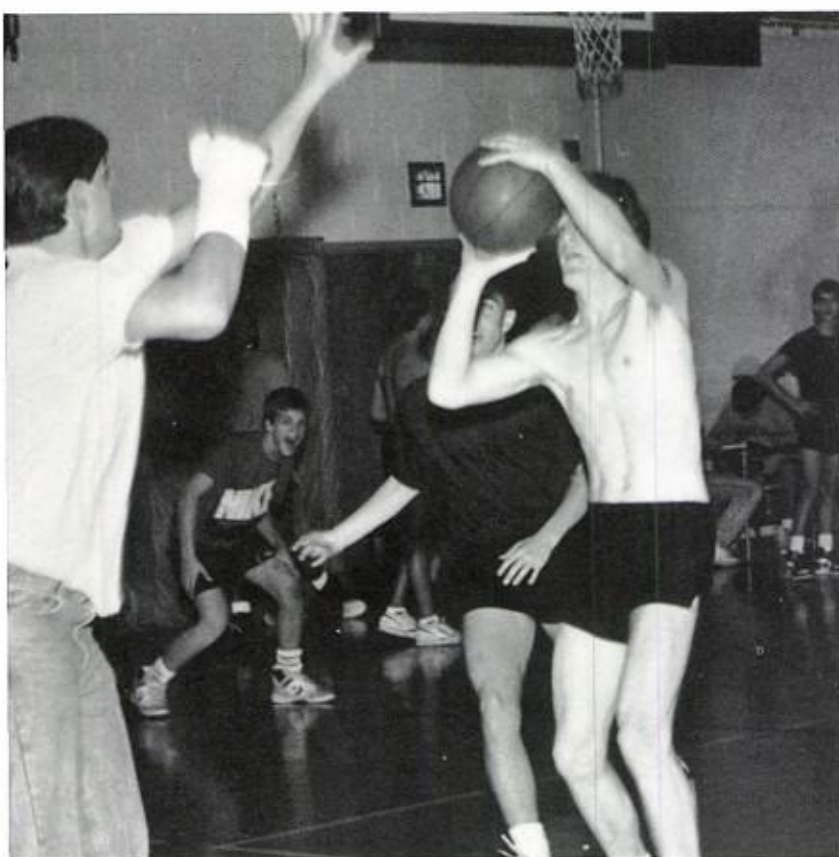

Miss Lowe demonstrates how to do a headstand.

Students listen during reports given in health class.

Preparing to do a roll, Miss Lowe relaxes her muscles.

Matt Gasper blocks a shot, even with a cast on his hand.

Future Van Goghs

Art

Thursday night! Friday's Sketch! What will I use? Is this the time we use coffee grounds or is it India ink? These are only some of the questions that art students ask themselves on Thursday night. Using the right materials enables the student to get the highest grade possible on his sketch. After receiving an A, the panic and nervousness of Thursday night are relieved. Using their skills and techniques taught by Mr. Palmer, students can succeed.

"At Hoover High School,

we give students a broad, yet in-depth, exposure to a variety of mediums and techniques; thereby providing them with a solid background for entry into college. Over half of Art V students go on to major in art," stated Mr. Palmer.

"At first I took art for fun, but then I became interested and recognized the possibility of a career in commercial art," said Jill Roller.

John Pyka agrees by stating, "The art program here at Hoover gives aspiring artists good foundations

for careers in an art field later in life."

Many tools are used during these programs; for example, air brushes, clay for pottery and sculptures, and film are some things that are used. The courses also make use of such products as acrylics, tempera paints, oil paints, colored pencils, as well as the usual pencil or pen.

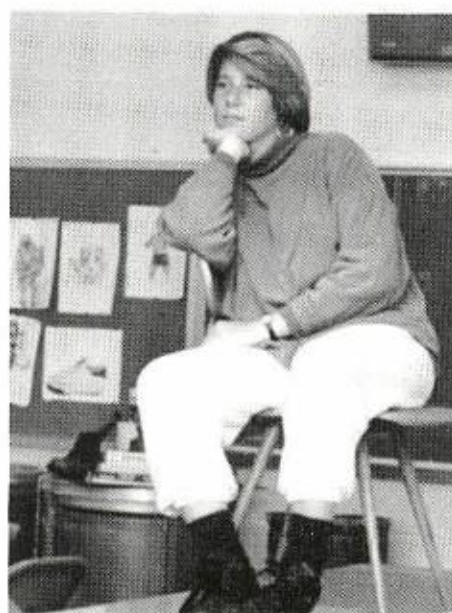

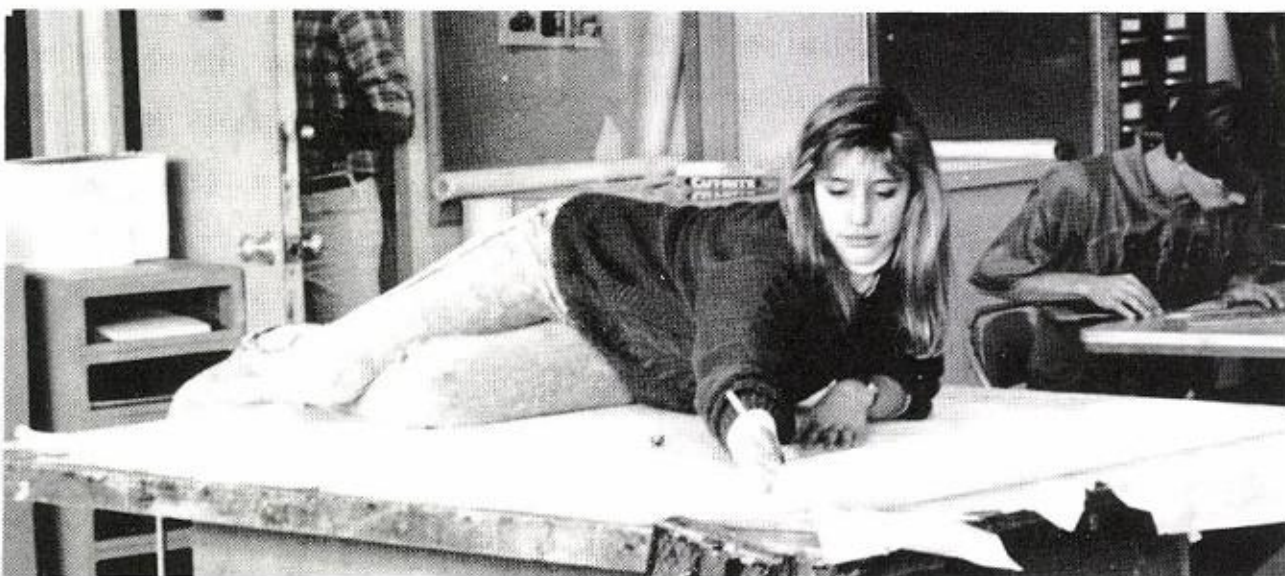

Eric Tepner is a committed art student and says, "I would recommend this course to anyone who is serious about art and wants to pursue a career in art."

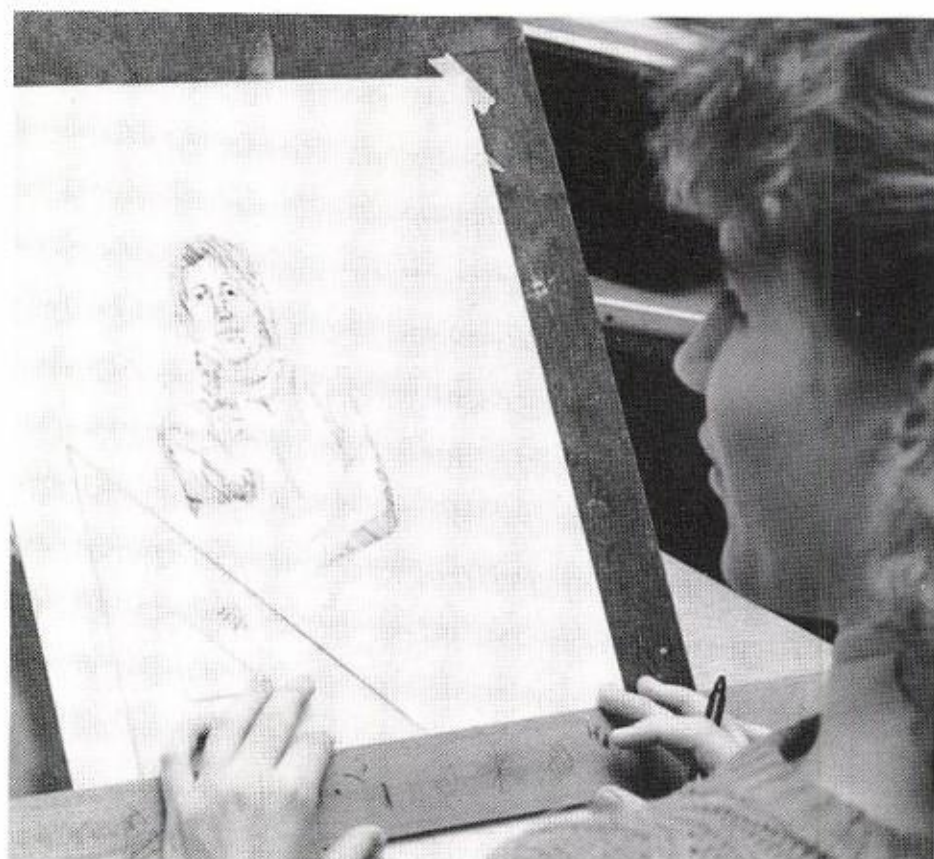

Jennifer Issue air brushes a sketch for a project.

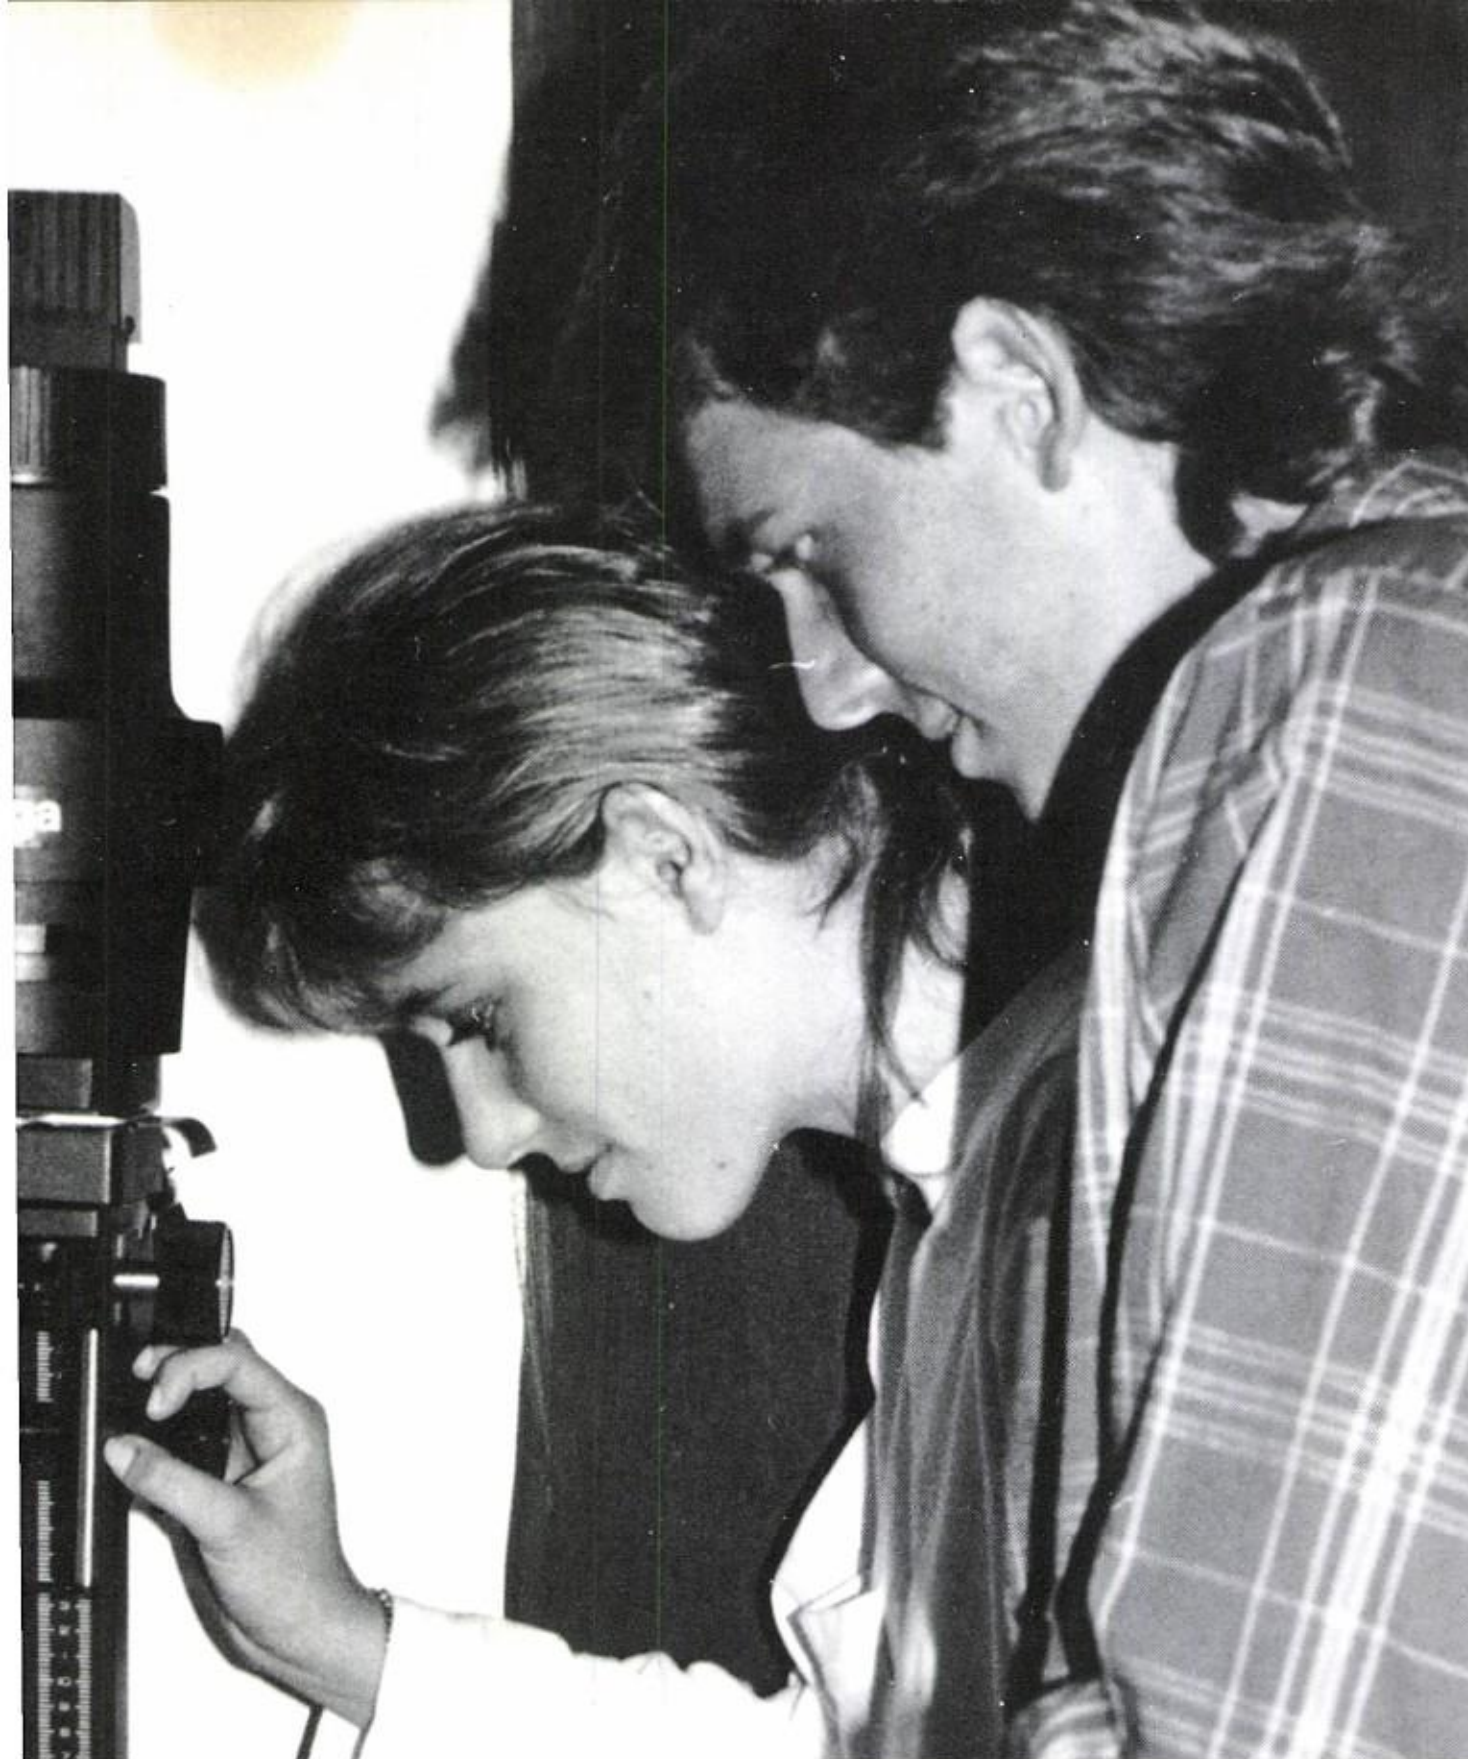

Jill Roller lies down on the job as she draws a sketch.

4. Who created Winnie-The-Pooh?

ANSWERS

1. Salvador Dali
2. Botticelli
3. Michelangelo
4. A. A . Milne

Print Power

Yearbook/Newspaper

Peck, Peck, Peck. This is the common noise heard coming from the typewriters in the Yearbook and Newspaper offices. Also, wherever you went, you probably found a Hoover student capturing those great shots.

"I enjoy going to all the sporting events, to take pictures," commented Joe Sogan.

Every day these students had to put in extra long hours and especially right before a deadline. Many of them carried full schedules, played sports, held jobs, and still managed to complete their sections, so they

could be printed.

Christi Wayne stated, "I like being on the Yearbook staff, but it takes so much time that nobody really appreciates it."

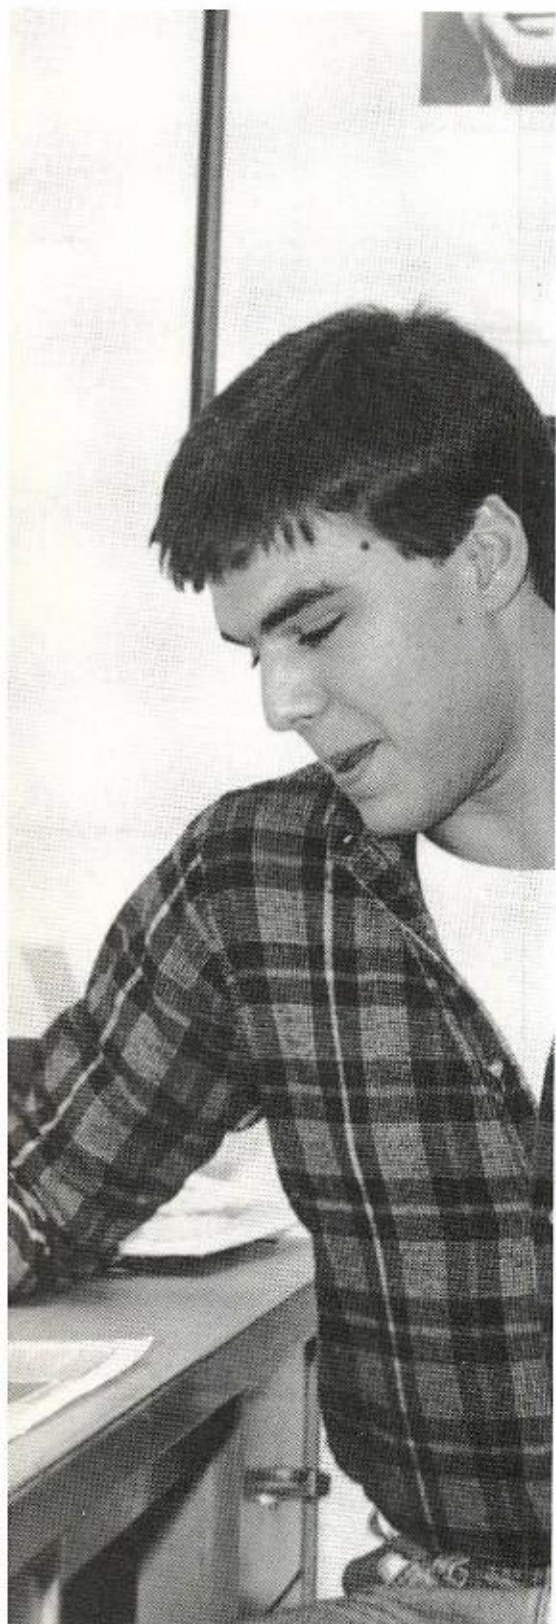

Both the newspaper and the yearbook staffs took pictures, interviewed students, wrote stories, and printed the final product.

Throughout the year, the newspaper puts out approximately four pages of papers, and the yearbook has approximately four deadlines. The only difference between the two is that the newspapers final product can be seen a few weeks after being printed, but the

outcome of yearbook isn't known until all the deadlines have been met and the book is published and sent to us.

"After our last deadline, the place goes crazy. We relax and have a good time, instead of always doing work," replied Tracey Snyder.

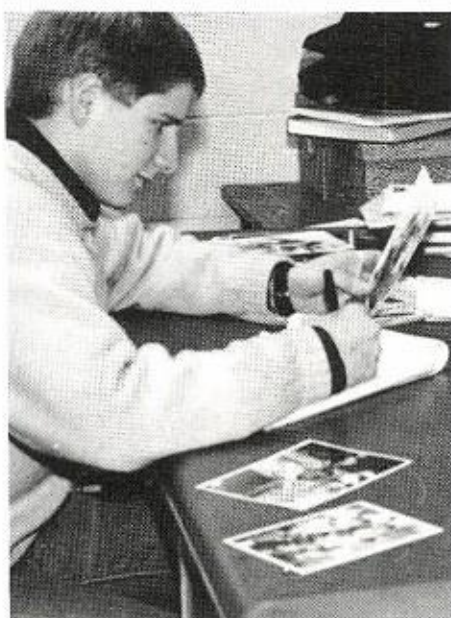

See, all you that complain about writing your term paper or doing homework should try joining either the newspaper or the yearbook staff. Then you would realize what real work is like.

Jeremy Weber revises his section of the newspaper.

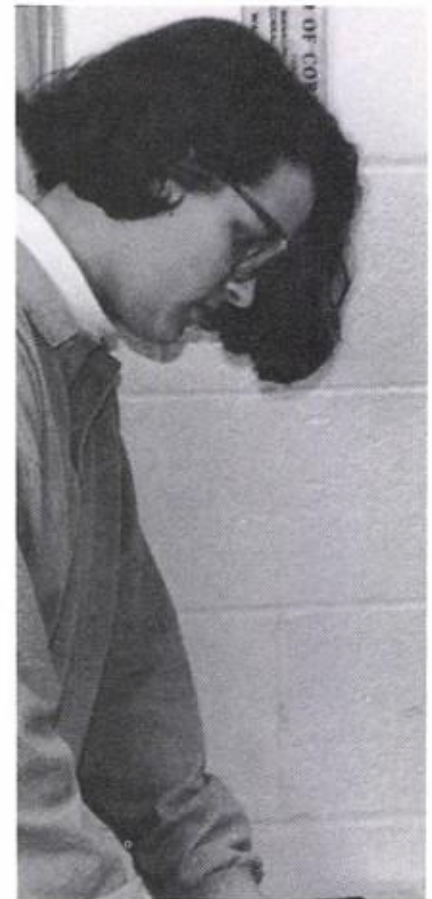

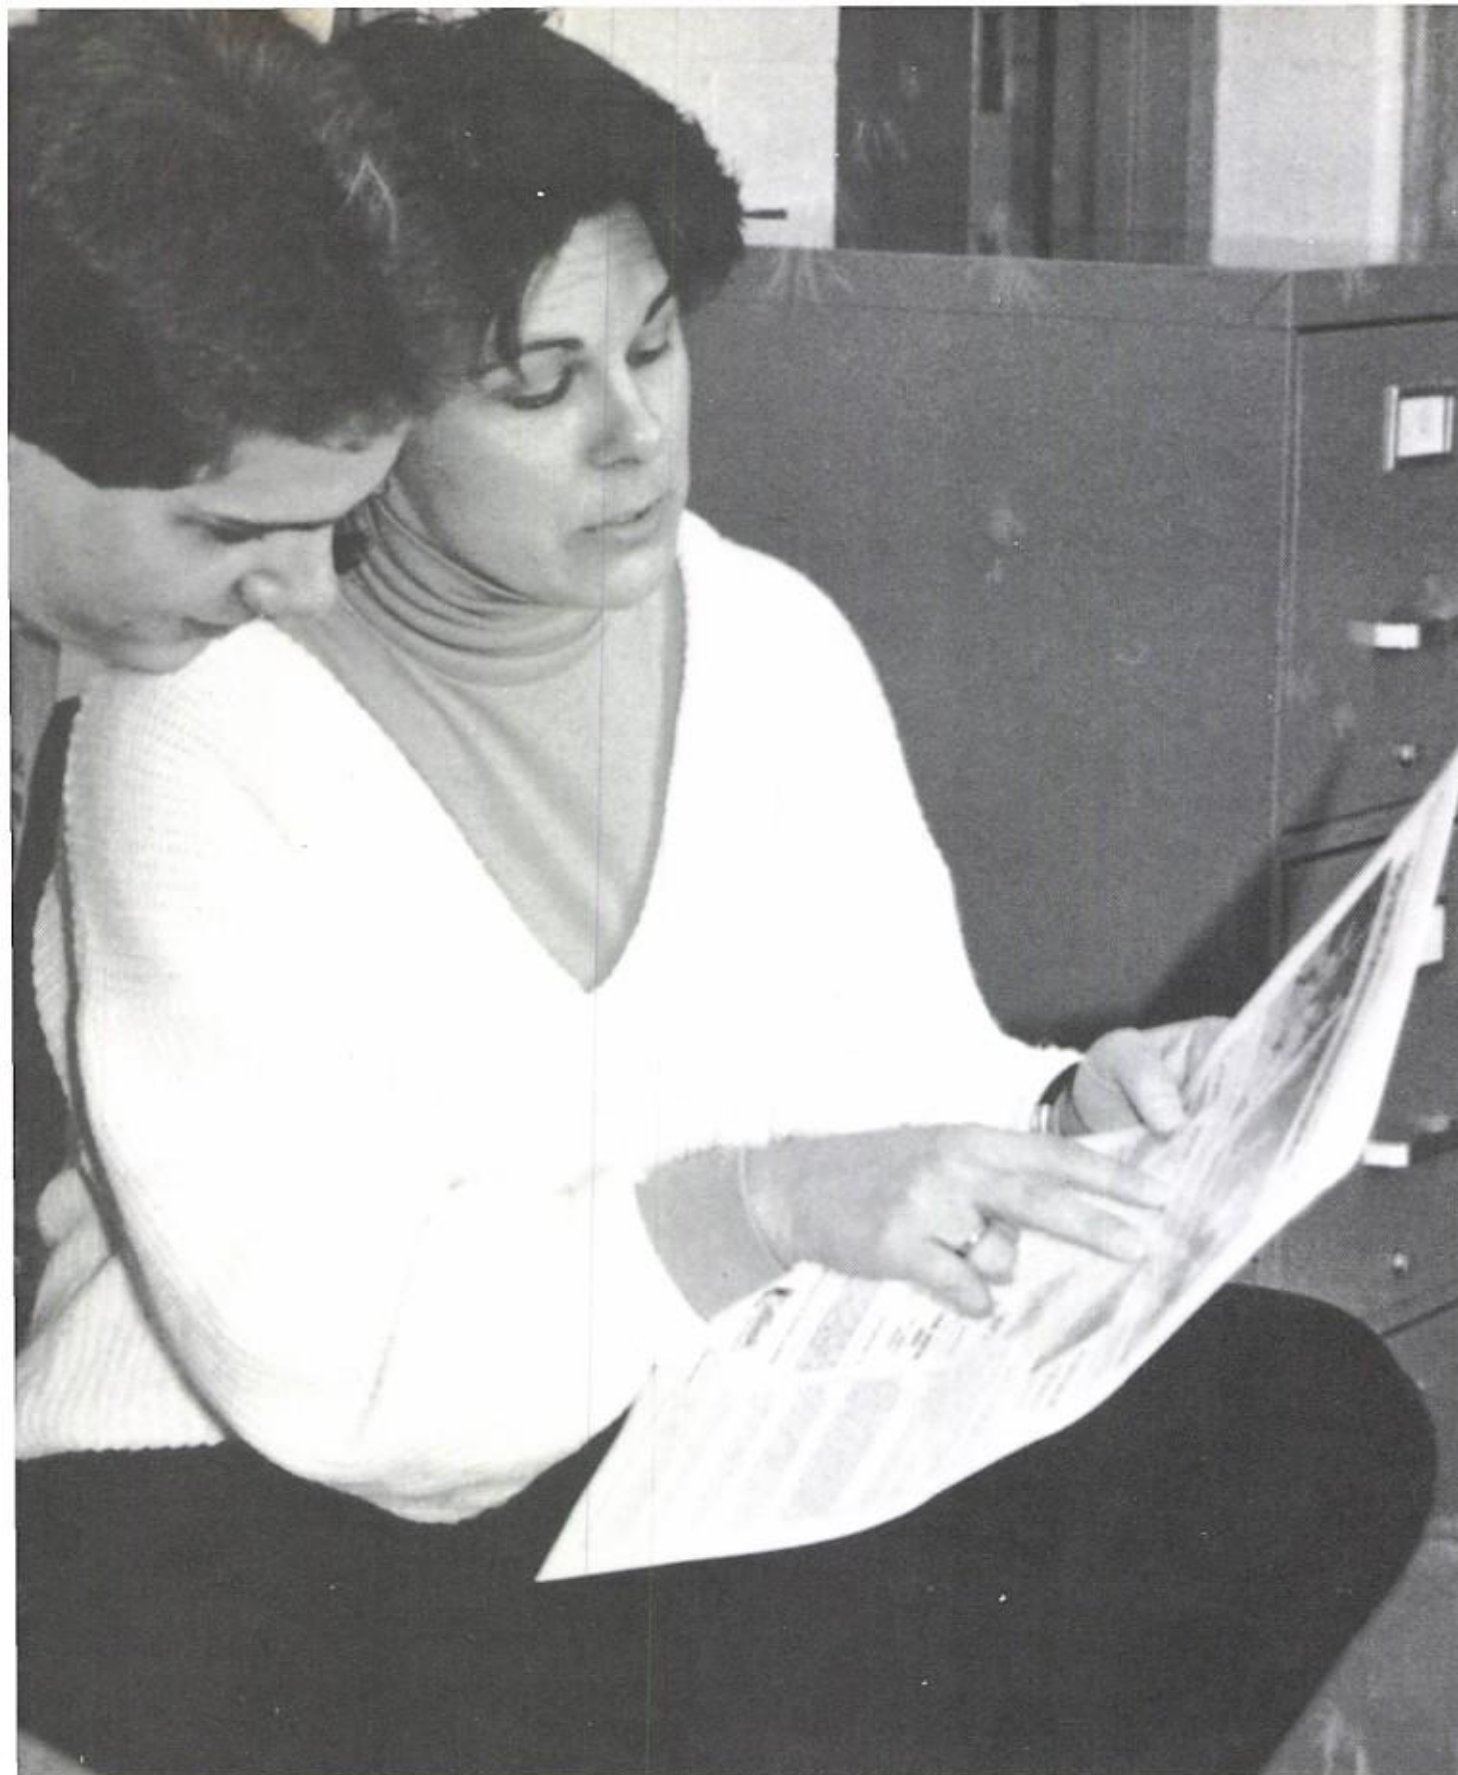

VIKING STAFF. Kris Greathouse, Renee Thomas, Joe Sogan, Rob Varcho, Chester Chikosky, Kara Long, Mrs. Sampson, Chris Terse, Jen West, Chris Mercer, Tracey Snyder, Linda Wolf, Heather Moffett, and Christi Wayne.

Something is Cooking

Home Economics/Vocational

This year students learned about the uses and advantages of cooking, cleaning, measuring, and sewing in Hoover's Home Economics class.

If you did not know how to cook a meal or even how to clean up your mess, then one of these classes was right for you.

Wendy Sprandel stated, "I thought it would be fun and I could learn to do many new things." Taking Home Economics for this purpose was the main reason that students took this class.

Looking into the future

with the education of Home Economics, Christine Barnes said, "It helps you to be more creative, and learn different ways of cooking."

Another course closely related to Home Economics is Food Service. This is a North Campus class that helps you learn the proper ways of serving food and cooking it. This program is in affiliation with the Viking Inn Restaurant. "I took Food Service as a way to learn about the food management," stated Greg Stayer.

Which ever class you

choose, Home Economics or Food Service, you are bound to learn things that you have never known, and that could benefit you in the future.

Greg Stayer mixes ingredients for his Food Service class.

Chad Leath gets a new hair style, while in Home Ec. class.

Deanna Hawkins gets her hair 'blown' out.

Dan Keniray helps Shawn Phillips wash the dishes and clean up.

T raining For The Future

Vocational/Vocational

Have you ever wanted to learn about the buying and selling of products? Well, at Hoover High School's North Campus, there is a marketing class which allows students to do just that.

"I want to major in marketing, so I took this class to give me a head start. Also, it will open a lot of job opportunities for me," stated Tim Bilbrey.

Another closely related field of study is media. This is an advertising class where the rights and wrongs of the advertising world are taught.

"I enjoy taking pictures and developing them so they can be displayed at a local bank," commented Jennifer Applegate.

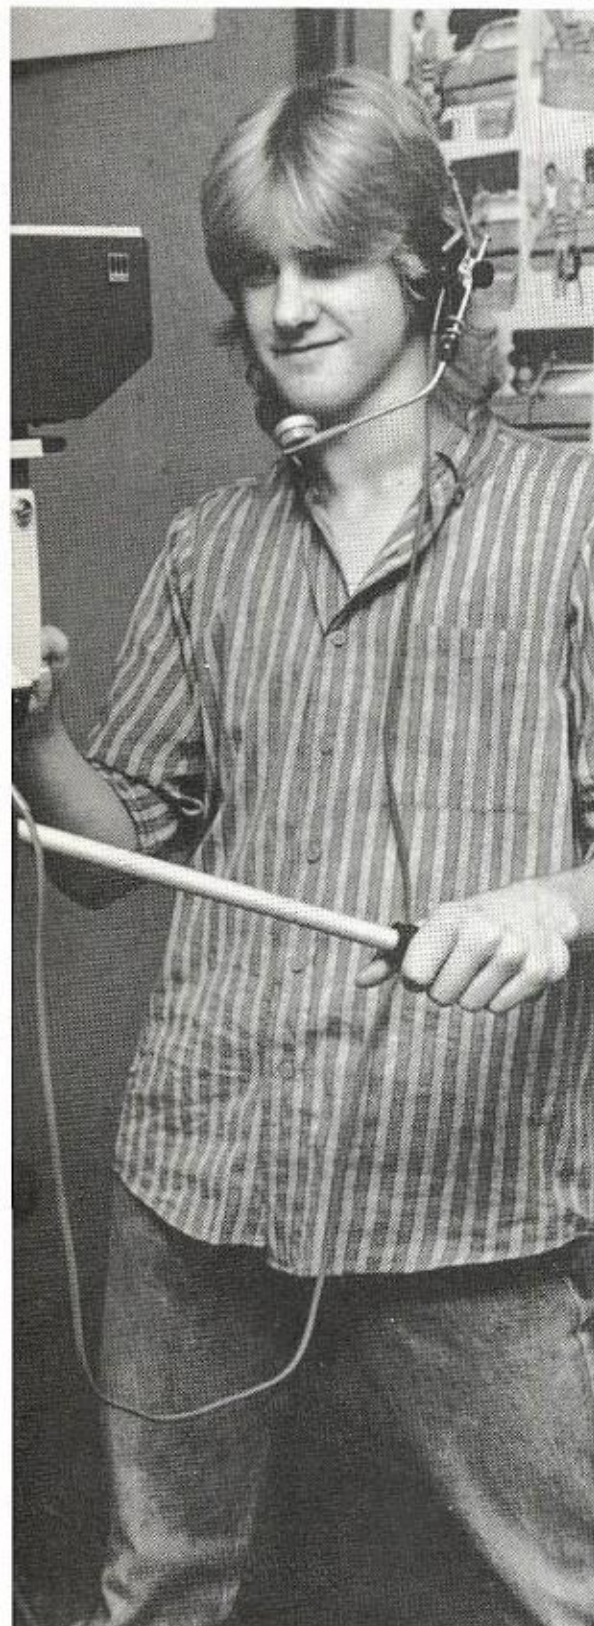

Computer Technology also became a popular course. Due to the new computer generation, many students find themselves willing to work with computer repairs so they can earn high salaries.

Tim Foom stated, "I enrolled in Computer Technology because I enjoy working on electronic equipment, Mark Evanich and Todd Miller took Com-

puter Technology because of the rapid expansion of computer related jobs today.

"The computer field and its related jobs are on the up and up. This training could give us an advantage over other people applying for these types of jobs," replied Mark and Todd.

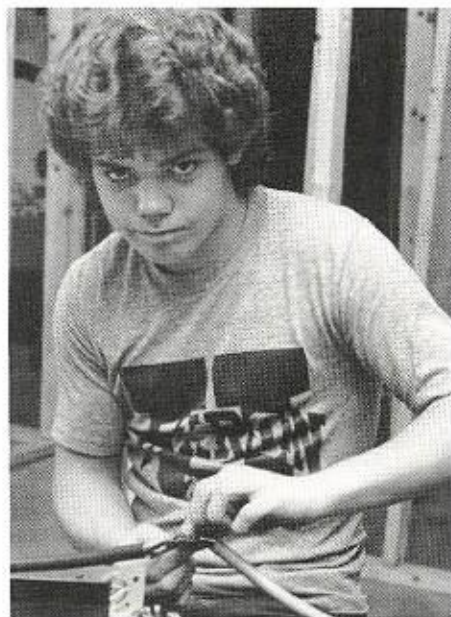

No matter what course you take at Hoover's North Campus, you are bound to come out with an advantage over many others in the same fields.

Eric Hoffman maneuvers a camera during Media class.

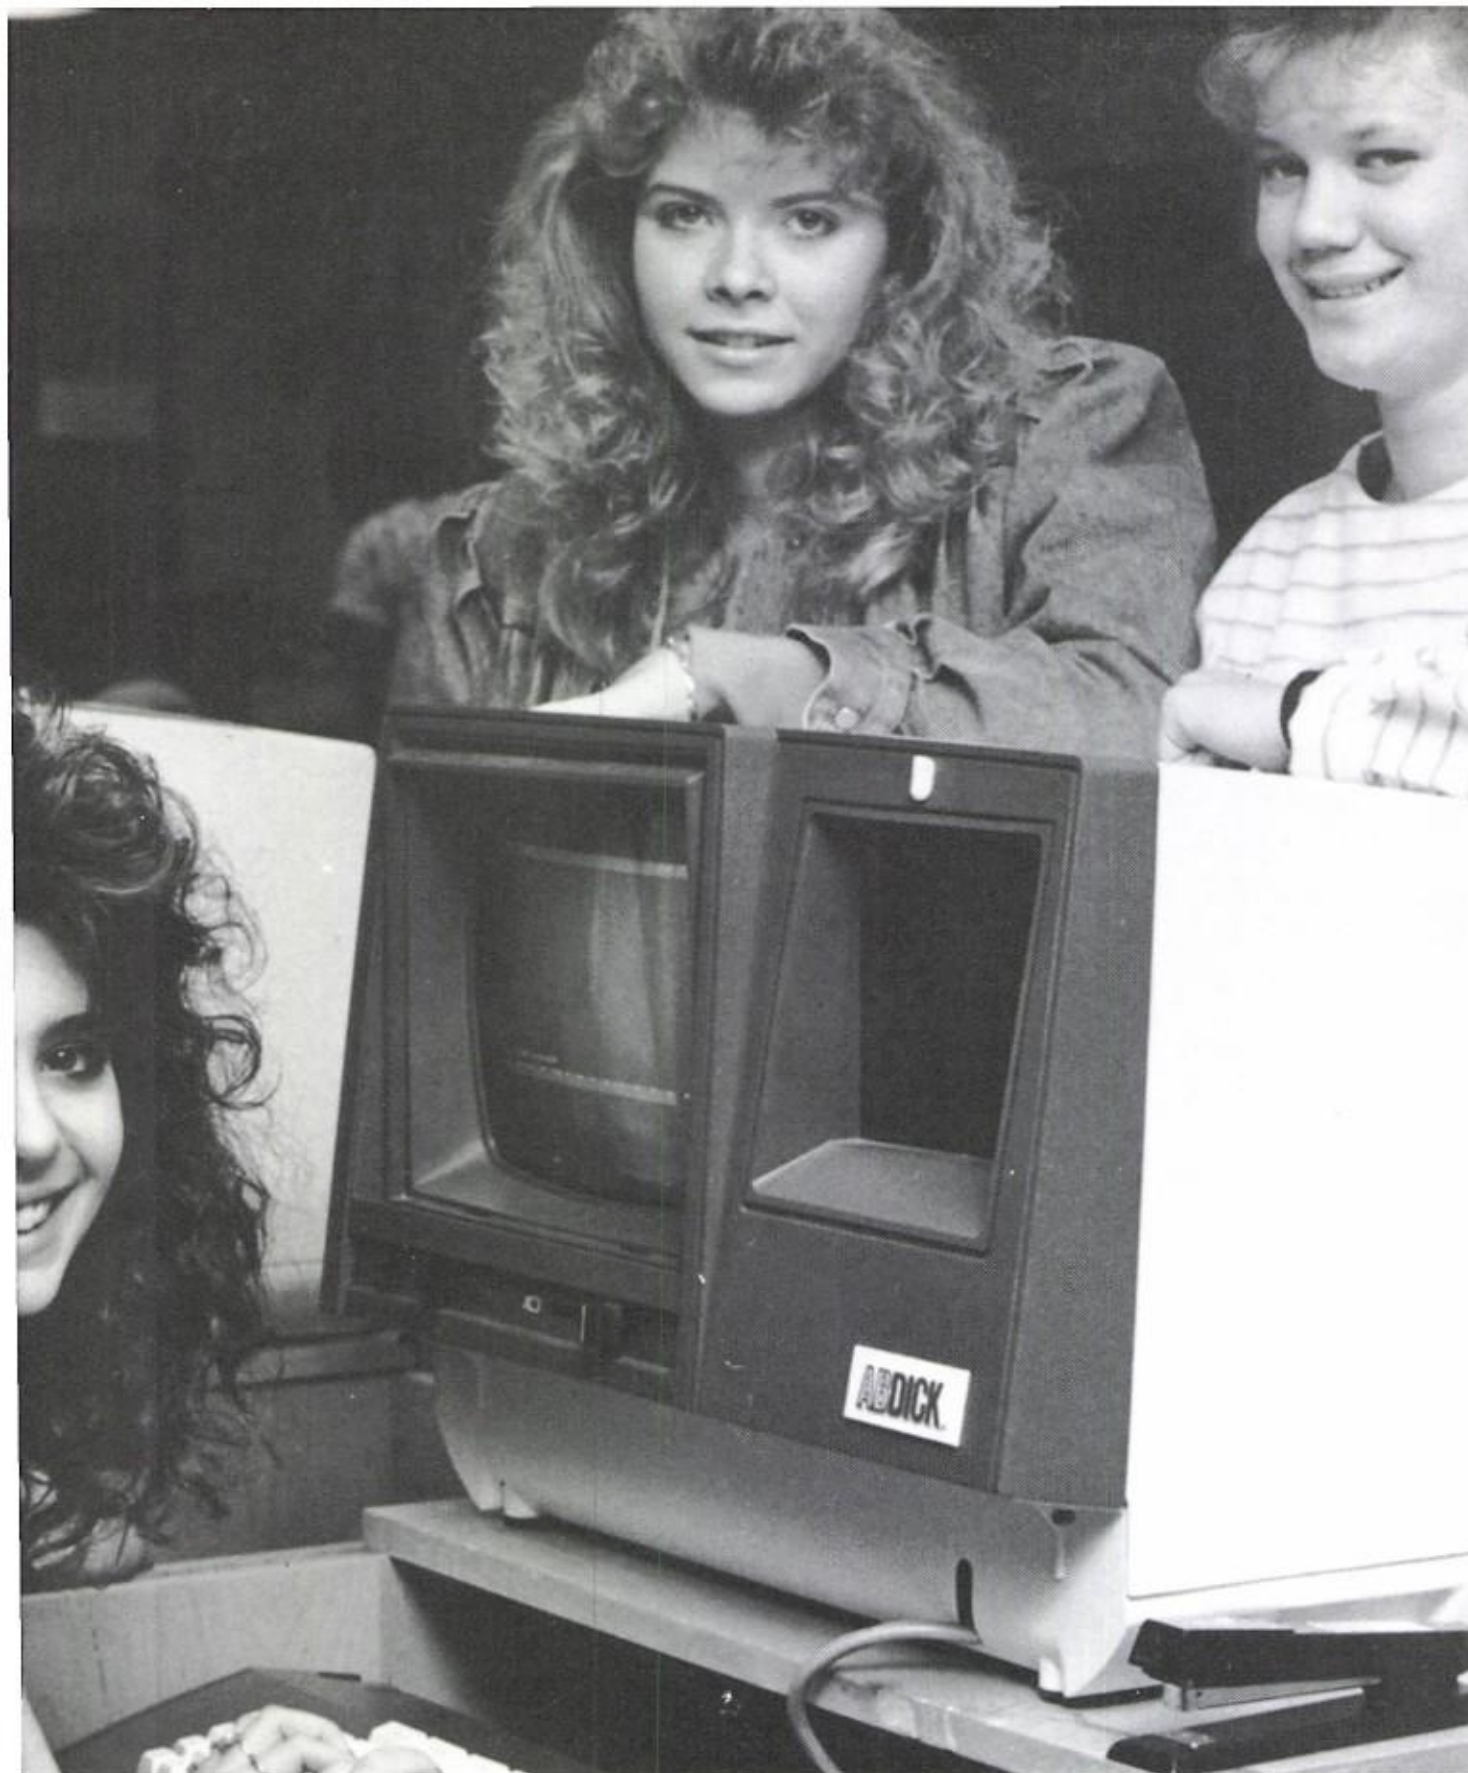

Mike Theis levels a cement wall in shop class.

Greg Takacs solders some wires together during his vocational class.

Tamara Dilauro pushes Denise Forney in a wheelchair during DHO class.

2. What was the first credit card debuting in 1958?
3. How much did Polaroid's "Swinger" camera sell for?
4. What kind of toothbrush did Squibb introduce?

ANSWERS

1. The Polaroid Land camera
2. Diner's Club
3. \$19.95
4. The electric toothbrush

Careers of Tomorrow

Vocational/Vocational

Many students who plan to become nurses or accountants enroll in either the DHO or Accounting classes at the North Campus. These classes enable students to gain the important knowledge to succeed in any one of these prominent careers.

The DHO students are involved in the blood mobile at Hoover. They use their nursing know-how to collect blood from willing students.

"Being in DHO gives me an advantage over other students by helping me get a job and certifying me as a

medical assistant," stated Stephanie King.

The Accounting students get to work with up-to-date equipment and information. They also get to compete in Nationwide competitions.

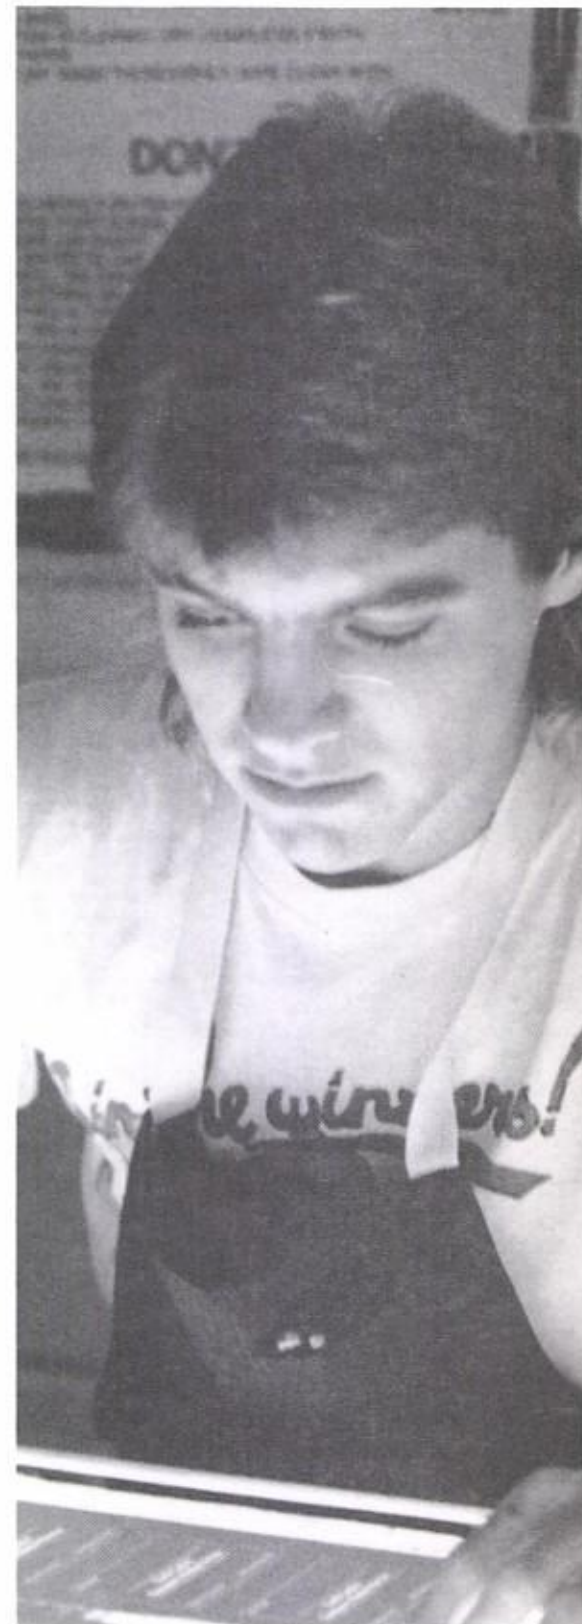

"By taking accounting, I will be prepared for the future and I get to work with up-to-date information," replied Tim Yoder.

Students who plan to work in an Accounting office, a medical center, or a doctor's office, are gaining valuable careers tomorrow.

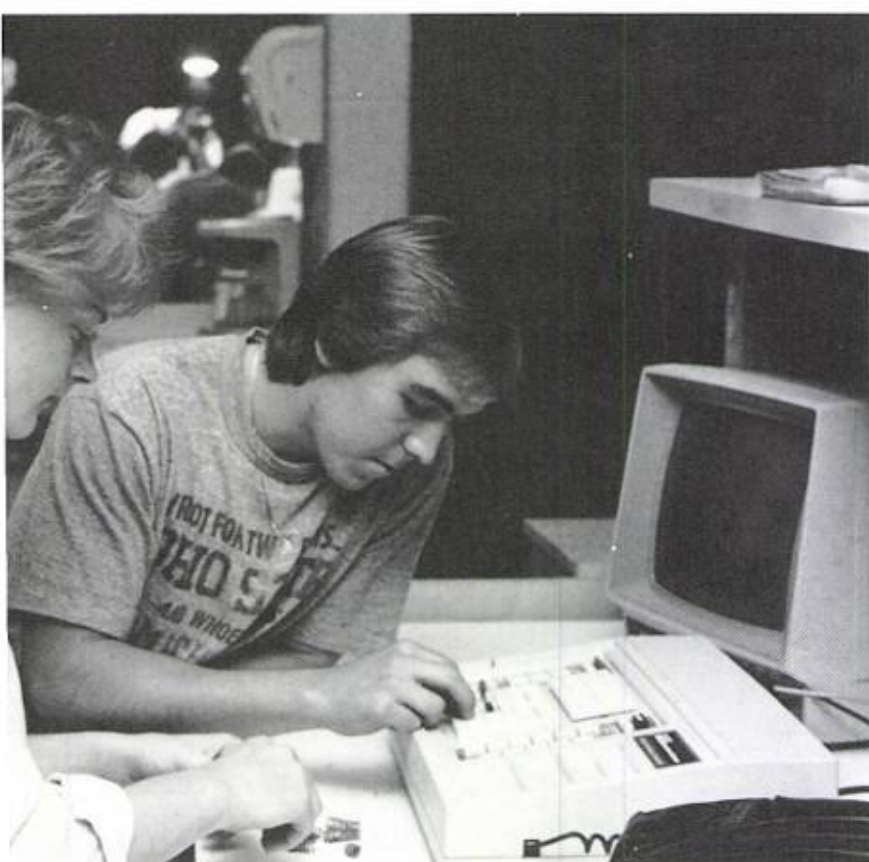

Brad Darrel reviews his work for his North Campus class.

Jamie Hargis and Jeff McCauley mend a fender in Auto Body.

Ed Ury examines an engine that needs to be rebuilt.

Tired of practicing late, Dennis Roden plays for the camera.

A trumpet solo is being played at the Homecoming game.

TRIVIA

1. What Beatles album contains the song "Michelle" /
2. What song opens "The Graduate?"
3. Who sang "Hush, Hush, Sweet Charlotte?"
4. What group asked, "Do You Believe in Magic?"

ANSWERS

1. Rubber Soul
2. "The Sounds of Silence"
3. Patti Page
4. The Lovin' Spoonful

The Beat Goes On

Band

The whistle blows and cries of "Let's line up!" fill the air. Yes, you're in the band. The Hoover marching band dazzled the crowds as they played in the half time shows and at competitions.

Following the commands of Jennifer Fisher made it easy to stay in step and to perform in top form.

"I loved leading the band, but sometimes I miss being out in the actual playing and performing," stated Jennifer.

Long hours of practice

during the summer and after school paid off, when the band participated in competitions. They placed well and brought back many trophies.

"Band competitions are tough, but it's all worth it when we do well," said Cheryl Hinderer.

Color and sparkle were added via the flags. Without our colorful flags, the Hoover band would look like any other band. By also adding Michelle Donato, majorette, the band looked

and performed even better. Being a majorette or a flag person is not all that easy because along with this, they also have to know how to play an instrument. With such dedicated and enthusiastic people, band was not only fun for the fans, but for the members as well.

After football season is over, band doesn't end. Members go on to join stage band, pep band, or concert band. Then the hard work starts all over again, from the beginning.

Jennifer Fisher directs the band on a cold day at practice.

Hoover trumpets 'blow the crowd away' at a big game.

Dennis Roden plays a solo guitar piece at a home football game.

Kevin Frato blows his tuba at a long after-school practice.

76 TROMBONES

Band/Orchestra

The willingness to strive for excellence challenges the members of the Hoover High School orchestra and string programs every year. This year was no exception.

Since the orchestral program begins in elementary school, there is never any doubt as to how good the program and how motivated the students will be.

Lisa Jacot commented, "Orchestra is a lot of hard work but at the same time a lot of fun. You develop a better appreciation of mu-

sic while learning about its background and purpose."

The orchestra was involved in a variety of social activities throughout the year. They also got the opportunity to attend orchestral programs as well as participate in them.

"One thing I like about orchestra is the fact that the music itself isn't all we are involved in. We do fun things too!", replied Amy Bolyard.

Melissa Bartley stated, "We have good times together."

Orchestra requires a lot of dedication. Members of the orchestra must practice their music over and over again in order to play it correctly.

"Orchestra requires dedication and discipline in order to play your best and practice hard. It also demands much enthusiasm," stated Lisa Jacot.

With all their hard work, dedication, discipline, and enthusiasm for their music, the Hoover High School orchestra and string programs were another success.

Ben Bair smirks while practicing during early rehearsal.

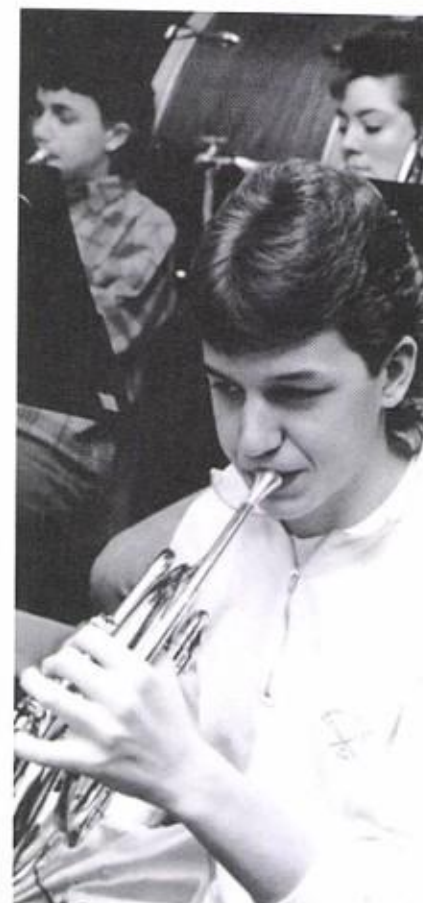

Orchestra students play their violins during practice.

Mrs. Hazlett directs her orchestra students to a fine ending.

Lisa Jacot pauses from her violin to smile to the camera.

Trombone players get into the swing of things during practice.

Even orchestra players need to have that extra pucker.

A mixture of sounds come from this orchestra section.

TRIVIA

2. What orchestra leader did Doc Severinsen replace?
2. What pianist wanted to meet his brother George?
3. How many instruments are used in A Capella?
4. What orchestra premiered "Rhapsody in Blue"?

ANSWERS

ANSWERS

1. The Blackhearts
2. The piano
3. Kenny Loggins
4. Olivia Newton John

SONG BIRDS

Choir

Success begins on a high note. The Hoover High school music department again reached a high note of success.

Under the direction of John C. Hayward, the choral department experienced another successful and productive year.

"Being involved in the choral department, both musically and theatrically, is a wonderful and rewarding experience. Mr. Hayward makes it so exciting," commented senior Laura Klich.

The choir was involved in

many activities throughout the year. Along with their musical productions, they were active in public and private singing programs. The A Capella choir toured the area and put on award winning performances.

"Choir is great! I enjoy singing and performing with the group. Even though the practices are tough, it's worth it when we perform to our fullest and best potential," replied senior Vicki Hartlett.

Practices for the performances may be long and hard, but according to

many members, it's worth it.

"You have to be dedicated and willing to work hard. This is evident when we put together such productions as 'Bye, Bye, Birdie'. If you're not willing to work, you just delay the whole production", stated senior Audrey Biesel.

The choir achieved another successful season through their hard work, dedication, and enthusiasm towards each and every performance.

The freshmen choir conducts vocal exercises.

Mr. Hayward joins in a fun sing-along with the group.

These girls sing their hearts out in practice.

Freshmen enjoy practicing their musical numbers.

Scholars

Honors

Another "A". This is a typical line heard coming from a Hoover honor student. Students at Hoover spent hours writing papers, studying for tests, or working on homework, so that they could achieve those high grades. Often students received money and awards for performing well.

After four years of hard work and dedication towards my school work, the long hours have finally paid off. My college acceptance, awards, and recognition have finally proved my

hard work", stated Linda Wolf.

Competing in local competitions as well as large national ones, Hoover students always perform with flying colors. At the state level Science Fair, Linda Wolf, Jenny Chion, and Bob Martin came out winners.

National Merit Finalists were Ming Wei and Jeff Bair, while Bob Potts, Ben Bair, and Bill Janseen were named Commended Students in the National Merit Scholarship Program.

Hoover students participated in the Girls and Boys

State Competitions. These honored students were Gratchen Benore, Kelli Rubis, Tricia Hayes, and Ming Wei for the girls, and Jeff Bair, Brian Lavy, and Dan Fenton for the boys.

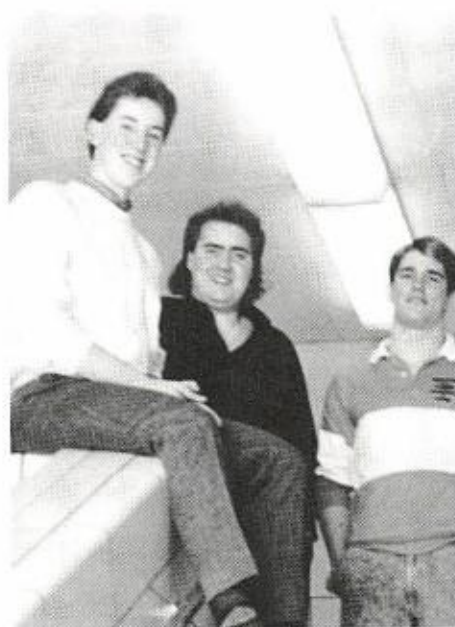

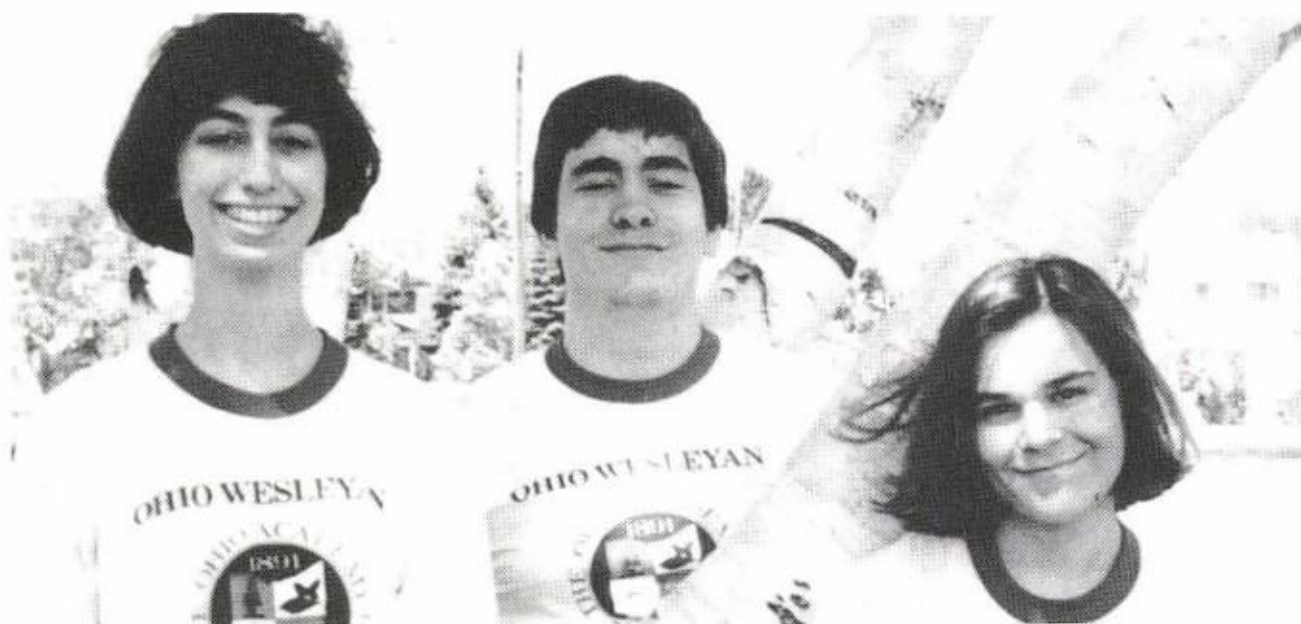

Along with the few individuals that won in competition, many other students performed academically well also. These students are members of the National Honor Society. Others are students that received the Students Recognition Awards each month.

Ming Wei and Jeff Bair receive National Merit Honors.

State Science Fair makes these Hoover students winners.

Commended National Merit Students were Bob Potts, Ben Bair, and Bill Janseen.

Finalists in the girls state level competition.

History Semifinalists gather once again to show their historic talents.

George Nagel practices for the science club competitions

CLUBS

IS IN THE NEWS!

While the Rotary and Elks clubs were well known in the area, a number of extra curricular clubs were making the BIG NEWS at Hoover.

The clubs enriched the class topics. Betsy Schiltz stated, "French Club is one of the most active clubs. It enhances French class. We do lots of neat French-related things, such as French movies, picnics, and Mardi Gras.

French Club is great!"

"Audio Visual club helps me learn to use the equipment and to meet the teachers," commented Robert Schmucker.

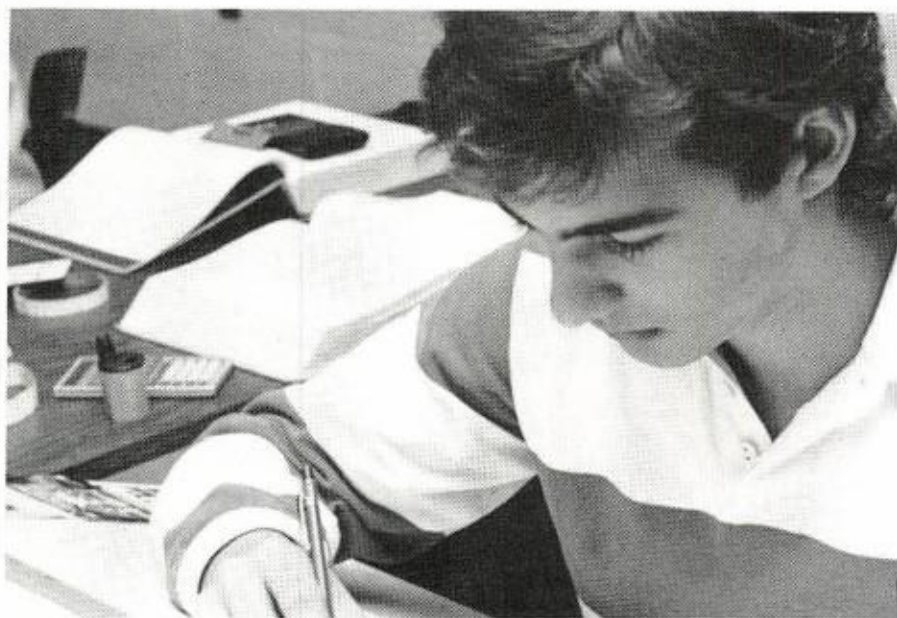

By participating in the clubs, students had the opportunity to learn new things, to add to classroom lessons, and to have fun all at once.

This truly is the BIG NEWS of clubs.

As a member of a vocational club, Kris Sexton gets to display her talents.

Some of the members of the drama club give big smiles before their performance.

Mike Paschke practices his drafting skills which will be useful to him in the future.

Are we having fun yet? Band members get wild at Band Prom '87.

Clubs

"Being in the orchestra had been a great experience. We've made a lot of friends, had fun and learned to appreciate classical music."
Lisa Jacot

"Nothing could take the place of all the memories and special times being a part of band has brought me."
Marta Samuelson

"It's a good way for making friends and if you are at some point interested in playing or making music, band is a good opportunity to do that."
Jenn Cooper

"Some of my best friends from high school I've met in orchestra. I've also learned that classical music is really great."
Lisa Hotovy

"If your not in a group like band, what do you do? Stay at home and watch the Flintstones?? It gives you something to do."
Scott Karlo

ORCHESTRA. **Front:** Dennis Roden, Lisa Hotovy, Amy Furchek, Joe Sherwood, Laura Klich, Chelsea Hollis, Charlie Clark, Amy Mohler; **Row 2:** Lisa Jacot, Nathan Pazzo, Elizabeth Richman, Julie Lautenschlager, Amy

SPORTS

IS IN THE NEWS

While the NFL strike, Canton's AA baseball team, and Olympic training were on the front page of the sports section, the BIG NEWS of high scores and fierce rivalry was taking place at Hoover.

As a participant and a spectator, Jenny Cihon said, "The competition among the schools heightens during tournament season. With each succeeding victory the play intensifies, and the tension builds. It's a great feeling for everyone involved."

"I feel that in recent years the athletic program at our high school has excelled enormously." Mike Schaufele commented, "Also, I think our programs could compare to

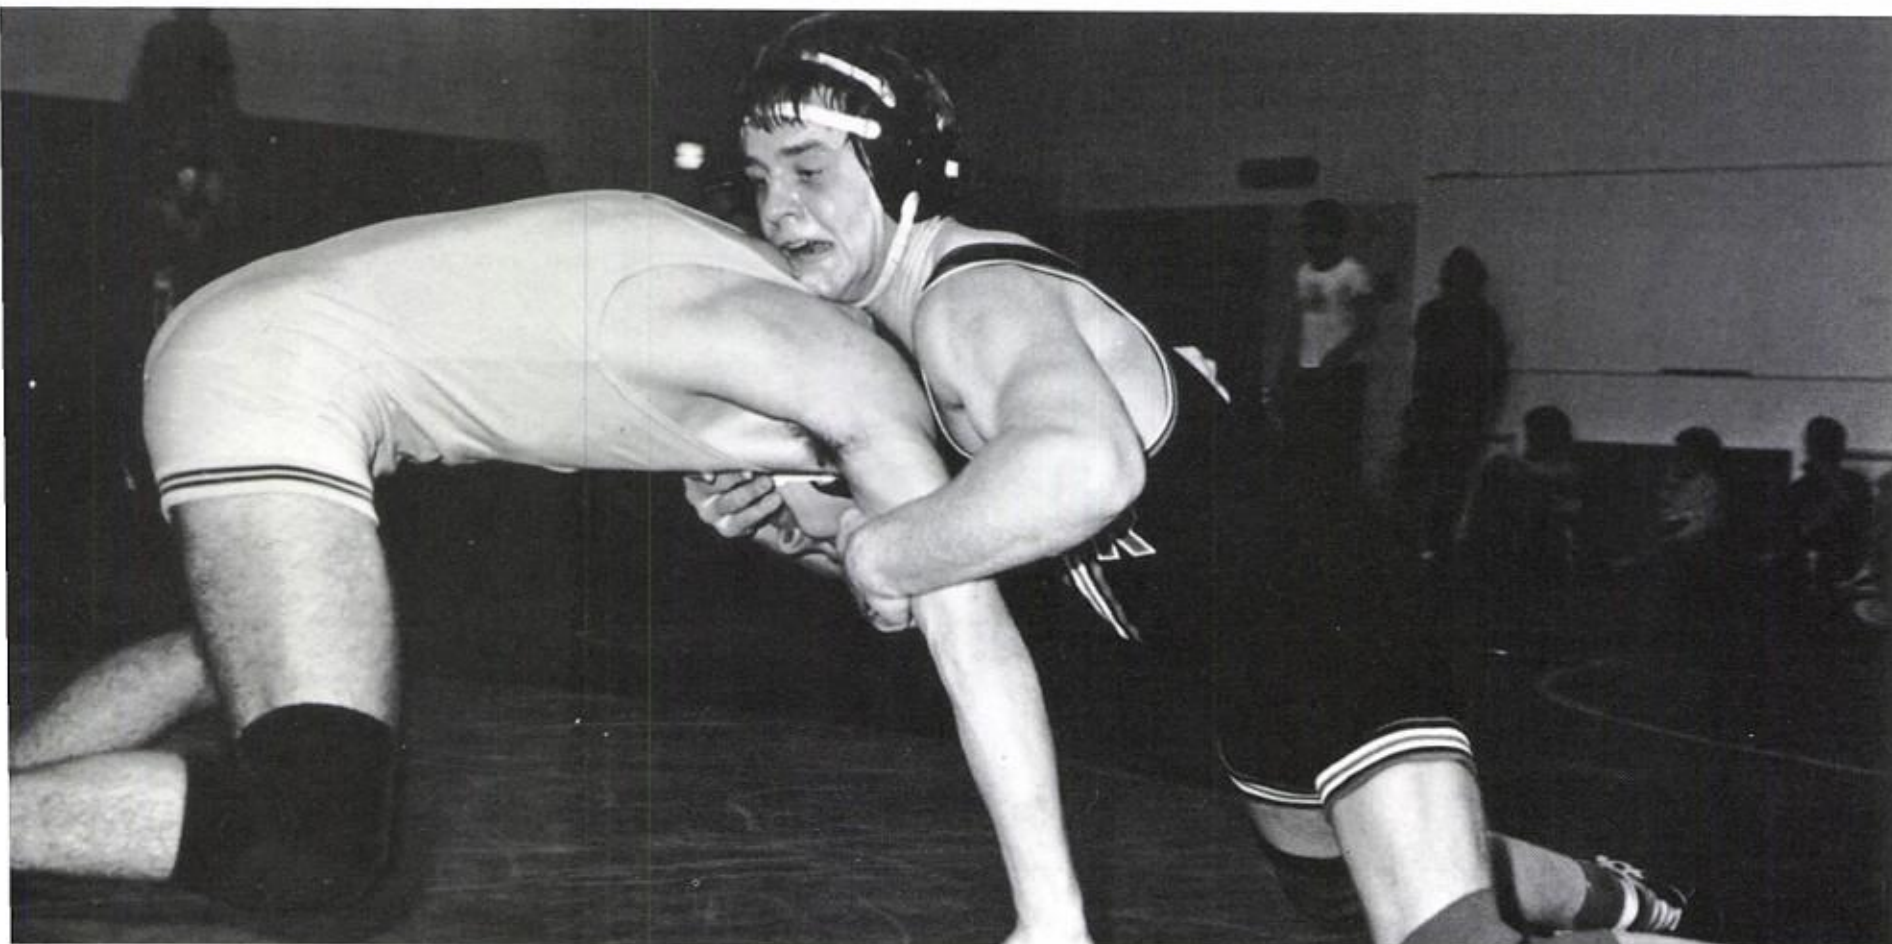

the best in Stark County."

Even Todd Clark stated, "The athletic program is extremely good."

The greatness of the soccer, football, swimming, volleyball, tennis, track, and wrestling teams, just to name a few, was the BIG NEWS for Hoover students.

Shawn Barnes follows his blockers en route for a BIG score.

Mike Heid shows his BIG power and determination as he overtakes his opponent.

TENNIS TIDBITS

Girls' Tennis

The 1987 girls' tennis team was very high on desire and dedication but a little low on skill and strategy. They ended their season 7-9 overall and 4-6 in the Federal League. Their greatest win, according to Coach Miller, was a 3-2 decision over Federal League foe Lake. The tough Lake team went on to beat two other Federal League teams that had previously defeated Hoover.

The team was headed by Senior co-captains Nicole Van Dyke and Karen Besozzi. This doubles tandem finished fourth out of twenty-six teams in the Sectional Tournament. Unfortunately, only the top three advanced to District play. Senior Kelli Knapp, a strong singles player, lost in the third round at Sectionals. "But," explained Tricia Hayes, "Mr. Miller made the season enjoyable. It was something we wanted to do, not had to

do."

Coaches Award recipient Nicole Van Dyke reflected on her successful 4-year high school tennis career, "Tennis has helped me develop leadership qualities that I will use in years to come." The Most Spirit and Desire Award went to Kelli Knapp. Meanwhile, Most Valuable Player honors went to 4-year veteran Karen Besozzi. The true meaning of the sport was summed up when she said, "Tennis is a time to relax and have some fun, but at the same time participate in a competitive way."

To gain a winning edge, Mo Romain drives at the net.

The golf season was underway and the Vikings were ready for the tough competition.

Ask any member of the 1987-1988 Golf team what the highlight of the season was and you can bet they'll say winning the Stark County Open was a spectacular accomplishment. For the first time in years, the Hoover golfers placed first in the Stark County Open Golf Tournament. Senior Chris Wasielewski shot a 78 while seniors Jim Kamp and Eric Dyrhund shot a 79 and 81 respectively. Sophomore Greg Wasielewski shot an 82. According to Coach Eaton, this was Greg's first team tournament and an 82 was just great.

Not only did the team have exciting moments, individual players accomplished personal goals as well. Seniors Jim Kamp and

Chris Wasielewski were both selected for the First team All-Federal League and First team All-County. Sophomore Greg Wasielewski had an outstanding season. Greg qualified for his first state tournament.

"It was a great accomplishment to compete in the State Golf Tournament and only be a sophomore," stated Greg. Concentration seemed to be weakness of many team members.

"My weakness is my mental game. I get mad on the course and it takes me too long to settle down," stated Jim Kamp.

"Concentration seems to be my worst enemy. If I plan on improving my game for next year's State Tournament, I'm going to have to work on my mental game more so than my physical game," stated Greg Wasielewski.

All in all the team had an outstanding season. The Vikings finished with a record of 13-5 overall and 10-5 in the League.

A NEW LOOK

Soccer

The 1987 Varsity soccer team enjoyed a successful season. They had a regular season record of 11-5 and an overall record of 12-6, which tied the school record for most wins. The team placed third in the Stark County Soccer Conference and advanced to the second round of the State Tournament. The Vikings lost in a penalty shoot-out against a determined McKinley team after two hard-fought overtime periods.

The team, composed of 14 seniors and 6 underclassmen, was, according to Coach Garisto, "a hard working group; it was a pleasure to work with these guys."

This year's team was characterized by a strong defense, nicknamed the "No-Goal Patrol." This group combined with the efforts of Junior goalie Brian Dodez and achieved 9

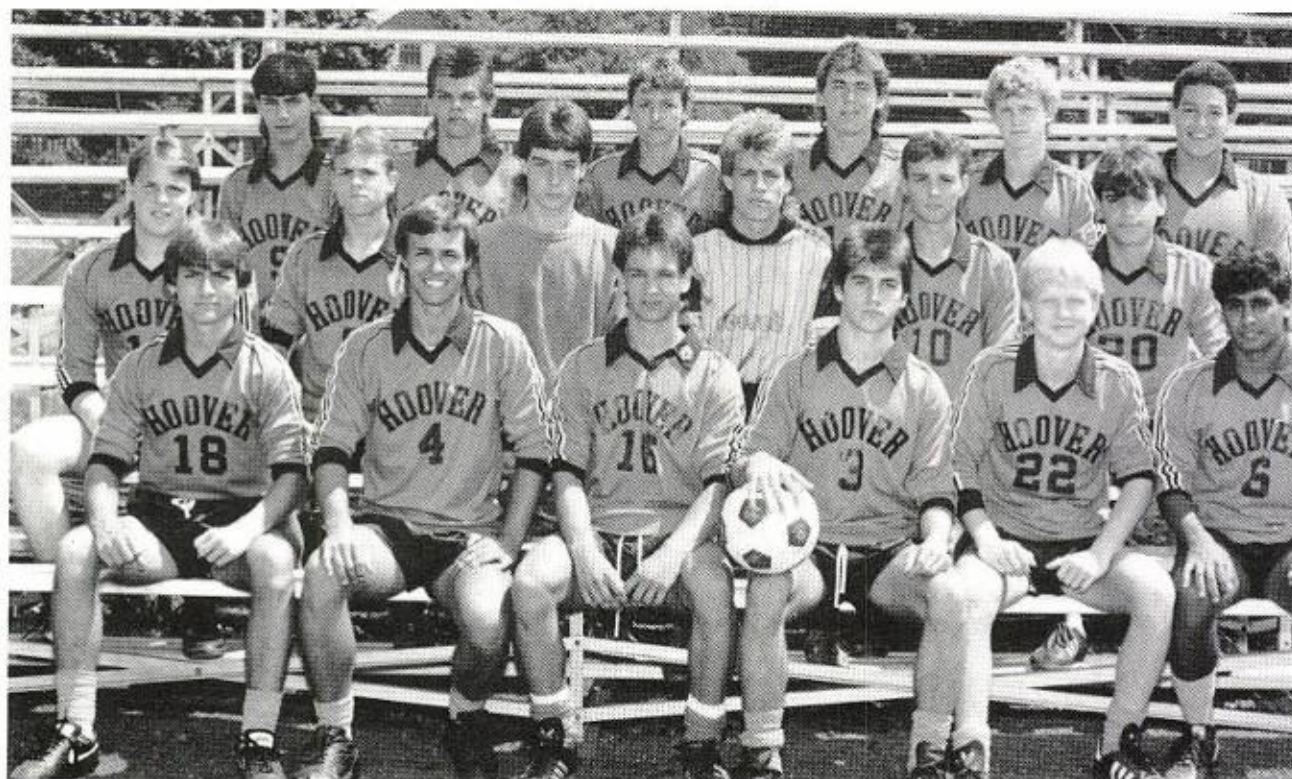

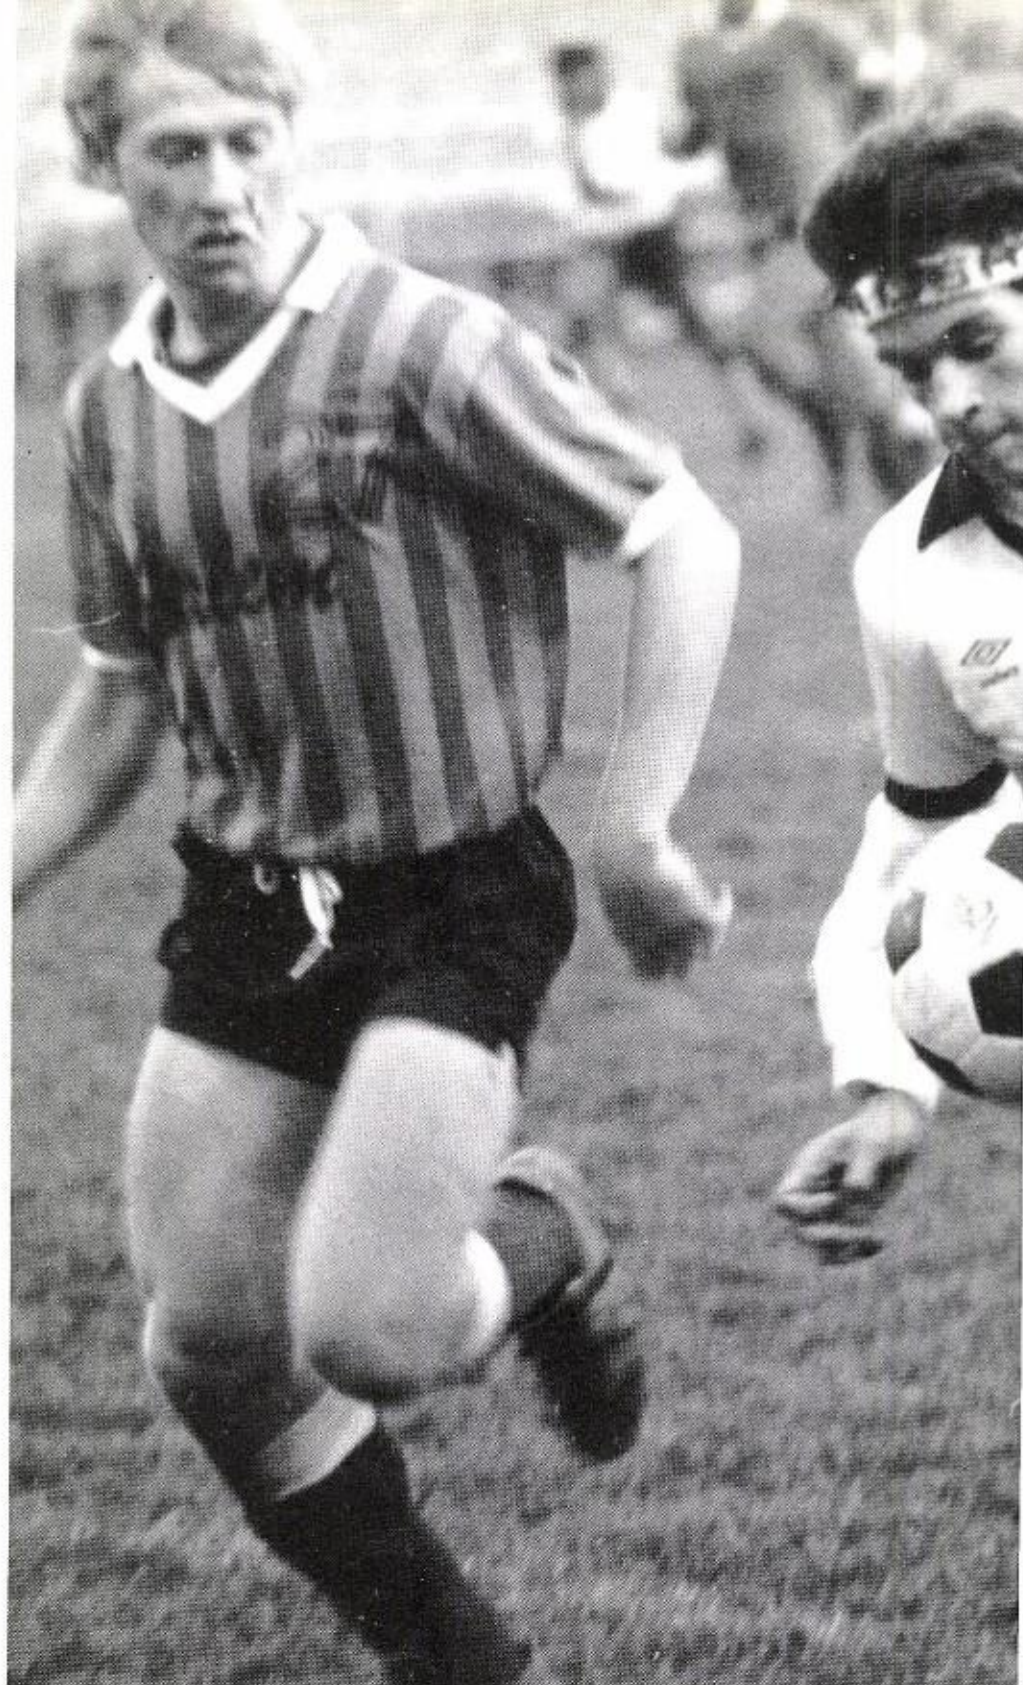

shutouts and allowed only 19 goals overall, setting two new school records.

Led by the talent of Senior MVP George Nagel, Junior midfielder John Clark, and leading scorer Chad Kovick, the Vikings scored a total of 42 goals. Tri-captain Sandeep Nuchikat commented, "We had a new style of play this year, more passing and ball control. When we got it together it proved very successful."

The team placed several players on All-Stars Teams. George Nagel was selected for the 1st team All-County, while Seniors Luis Rodriguez and Mike Friedmann were named 2nd team All-County and Honorable Mention.

Q. Do you prefer indoor soccer to outdoor soccer?

A. "I prefer indoor soccer because more people come to watch."—Geoff McCalmont, 12.

A. "I like them both. They both have advantages and disadvantages."—Sandeep Nuchikat, 12.

FUTURE LOOKS BRIGHT

Soccer

The 1987 JV soccer team under the direction of first year coach Alfredo, was led by team captain Jon Terlizzi, sophomore MVP Sergio Rodriguez, and leading scorer Dave Hayward. They had a successful season with 7 wins, 5 losses and 2 ties.

Sophomore Mike Hohman stated: "As we became more acquainted with the new system of play brought by Alfredo, the team improved its level of play."

The team showed great talent and a strong will to work. They demonstrated

that they are capable of filling in the position left empty by the graduating seniors.

"We are looking forward to next year," stated Jon Terlizzi.

An integral part of every successful team is the ability of the non-starters to perform when called upon. This year's team had an elite group affectionately called the Pine Crew. It was led by senior Crew captains Ben Pattison, Jeff Bogniard, and Steve Backhurst.

"After every hard game the Crew was there to pick up the pieces; they kept the team's spirit up," stated captain Mike Friedmann, "they truly helped the team achieve its fine record."

DEDICATED SPIKERS

Volleyball

"This year seemed similar to last year. I mean we hear a team's name, say GlenOak, then we get flashbacks of what happened the year before and then we panic and think the same thing is going to happen this year," stated junior Lisa Borello.

Just as last year, experience was the main achievement of the Volleyball team. With each game, the girls improved individually as well as a team.

"As the year went on, the setting and spiking improved as well as team unity," Kris Pelfry.

The highpoint for many girls on the team was the fact that they played their best game against archrival GlenOak by taking them to three games in the regular

season. Others felt that advancing to the second round of tournament play was the highlight of the season.

Not only did the team gain valuable experience, but they developed leadership qualities as well. With every team, the underclassmen depend on the upperclassmen to "show them the ropes."

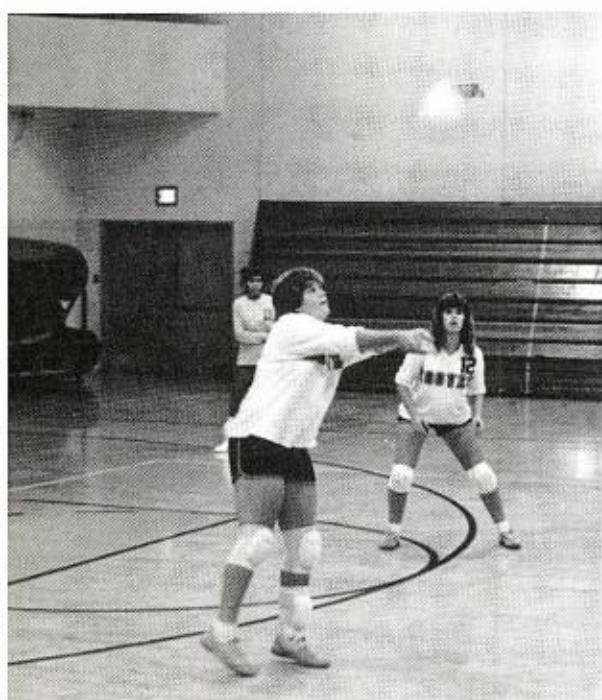

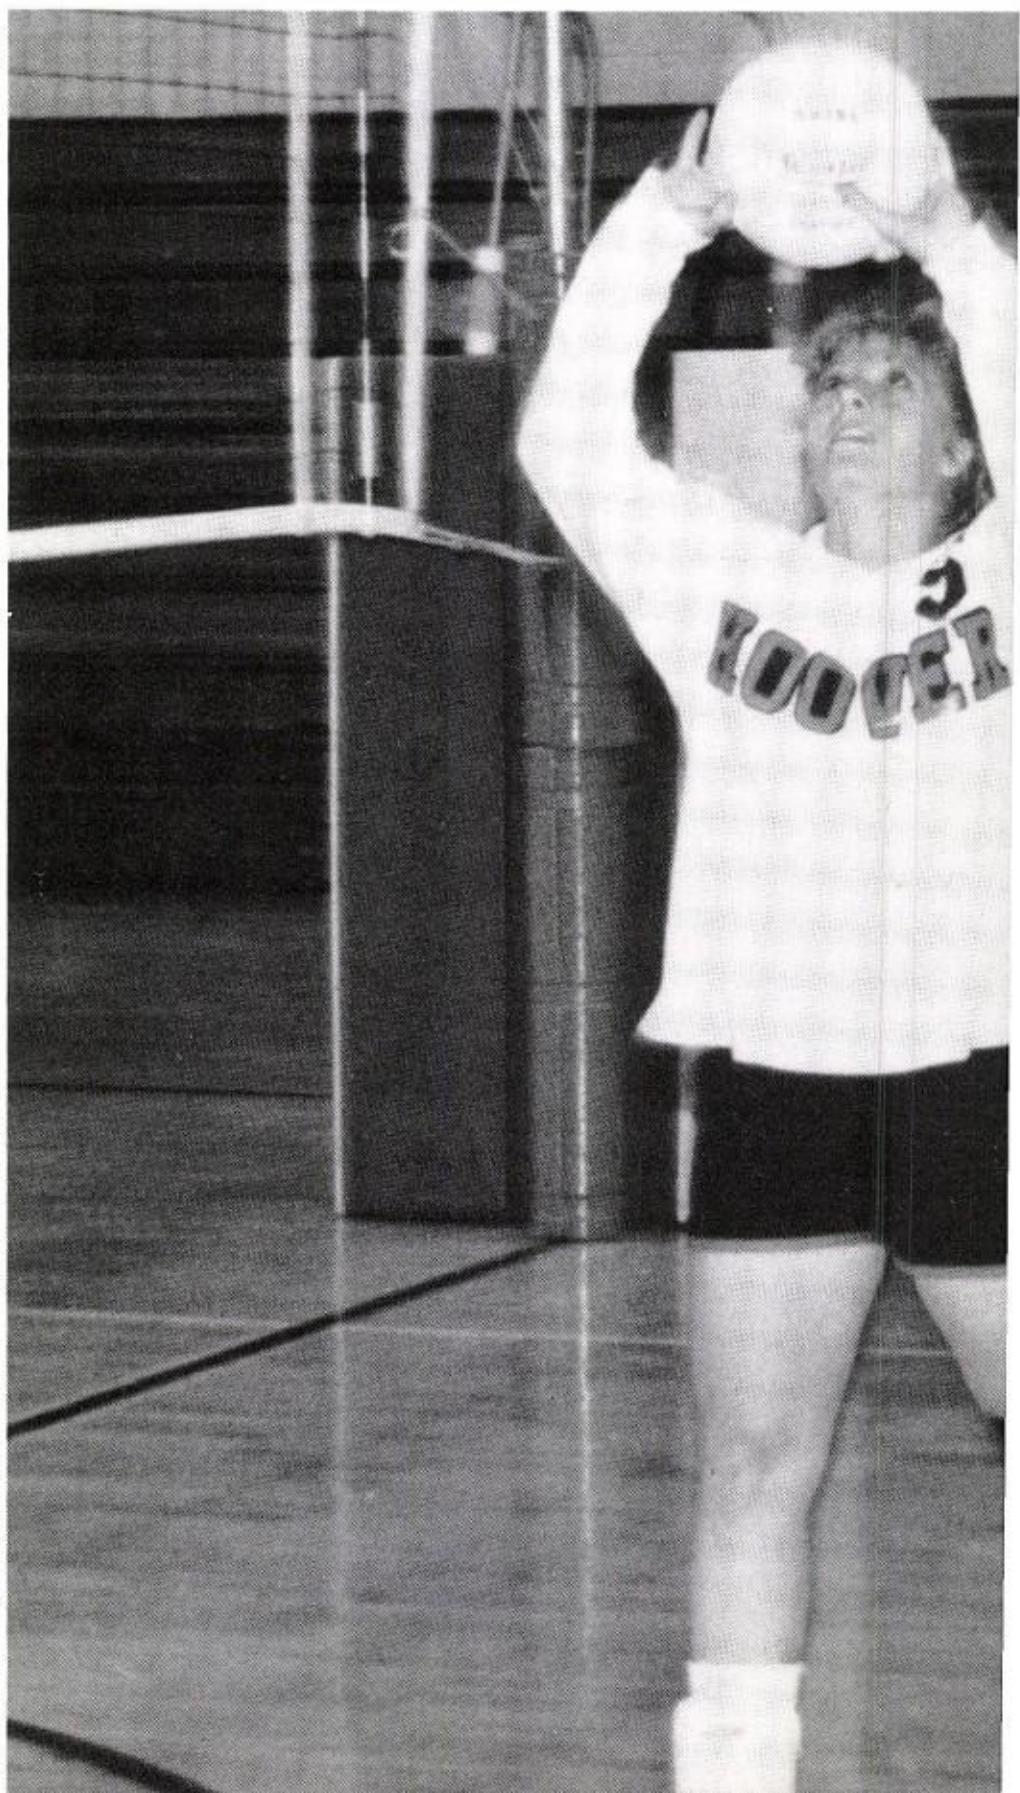

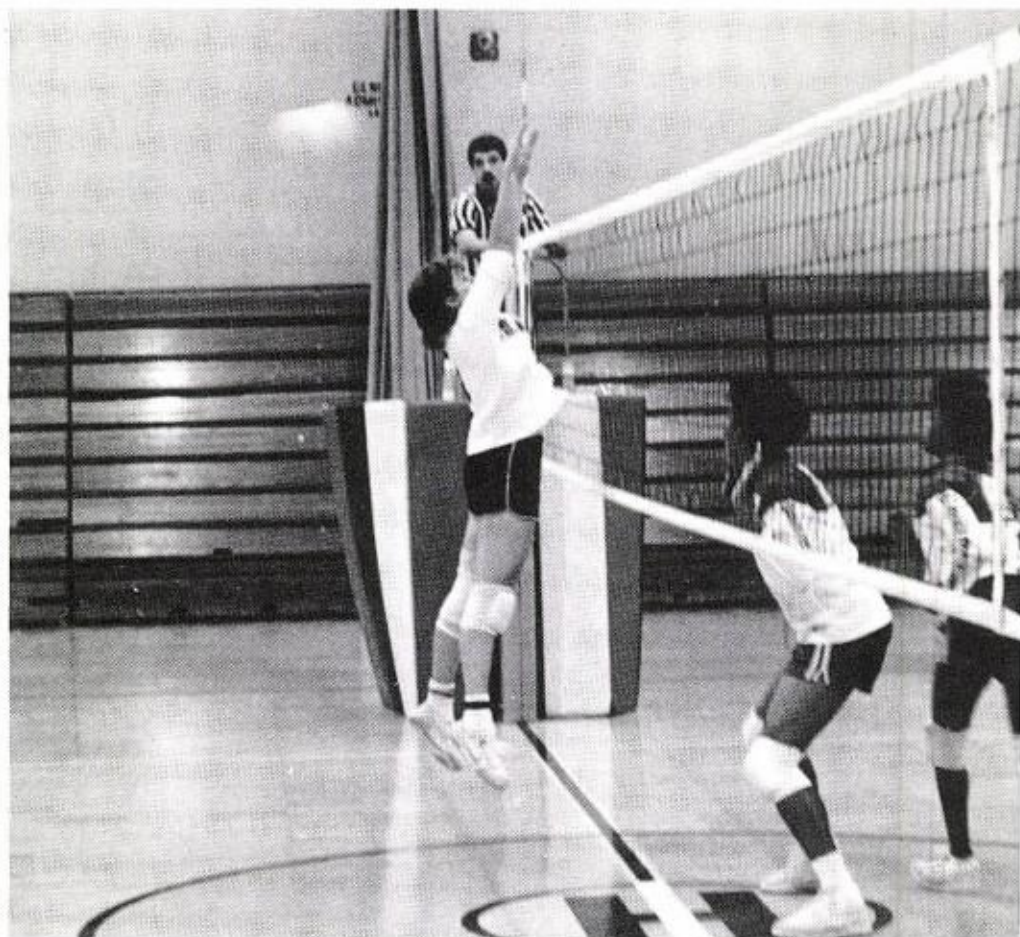

"When we were freshmen, we could always depend on the juniors and seniors to pull us out of trouble. Now that they are graduating, it's our turn to fill that leadership position," stated Lisa Borello. The team finished the season with satisfaction and a hopeful outlook for next year.

THE LONG AND WINDING ROAD

Cross Country

Improvement was a key role in the success of the cross country teams this year. After 0-6 and 3-2 marks last year, the boys improved to 6-6 while the girls upped their record to 9-2. Coach Long commented, "Both teams constantly improved over the course of the season. With 32 runners on the team, we are developing a solid program which will be competitive on the regional level in the upcoming years."

Team unity was also an important factor in the teams' success. Junior Betsy Schiltz quipped, "Our team motto was 'Run real fast!' We were very close because we talked about everything while we ran—it was great!"

Both teams performed well at Districts. The girls finished third out of 15 teams and advanced to Regionals for the third year in a row. The boys also ran hard and placed sixth out of 19 teams, yet missed Regionals by eight points.

The girls were led by MVP Betsy Schiltz who was named 1st team All-Federal and 1st team All-County. She was joined on the All-Federal 1st team by Becky Tobias, while Most Improved Runner Chris Friedmann and Freshman Kristy Marsh made 2nd team, and Laura Kalkreuth was named Honorable Mention. Sheila Nolan was picked Most Dedicated on the girls' team.

Senior MVP Dan Fenton led the boys by making both All-Federal and All-County 2nd teams. Ron Blackwood was named Most Dedicated while Freshman Tom Wilson received Most Improved Runner honors.

During the season, both teams made strides in establishing Hoover as a contender for the league title. Mr. Long reflected, "We had a positive attitude and developed a good work ethic—this team was a pleasure to coach."

Kelly Morris determinedly stays on the rugged course.

MAXIMUM POTENTIAL

Football

In a year of high's and lows, this team will be remembered as always playing to their maximum potential.

Playing one of the toughest schedules in the state, the Vikings continually overcame adversity and posted a 7-4 winning record.

"The team's best characteristic was their ability to bounce back from adversity," stated Coach Glass, "they played over their heads all year."

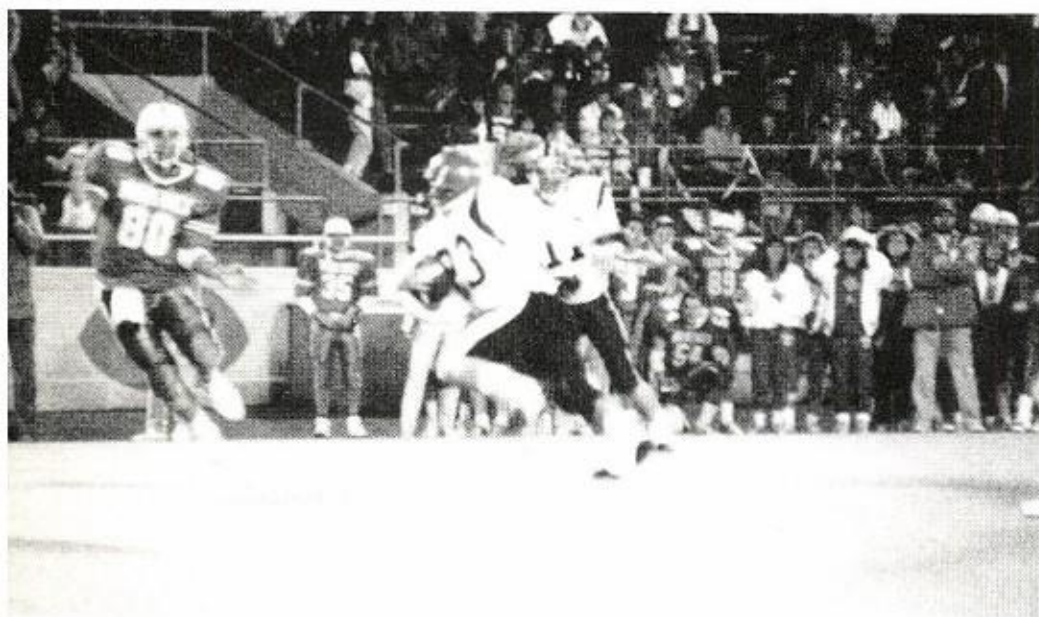

They started by welcoming Lake to the Federal League. The Vikes Helped dedicate a new stadium for the Blue Streaks by a shut-out of 19-0. The game was highlighted by Shawn Barnes' punt return for a touchdown to open up a tight defensive struggle.

After soundly beating

Perry 27-3, the Vikes entered the new and improved Memorial Stadium to face their old nemesis Alliance. With a new face of the stadium, the Hoover gridders hoped it would shed some new light on their ability to stop the Aviators. Unfortunately, the Vikings were again victims of the Alliance wishbone.

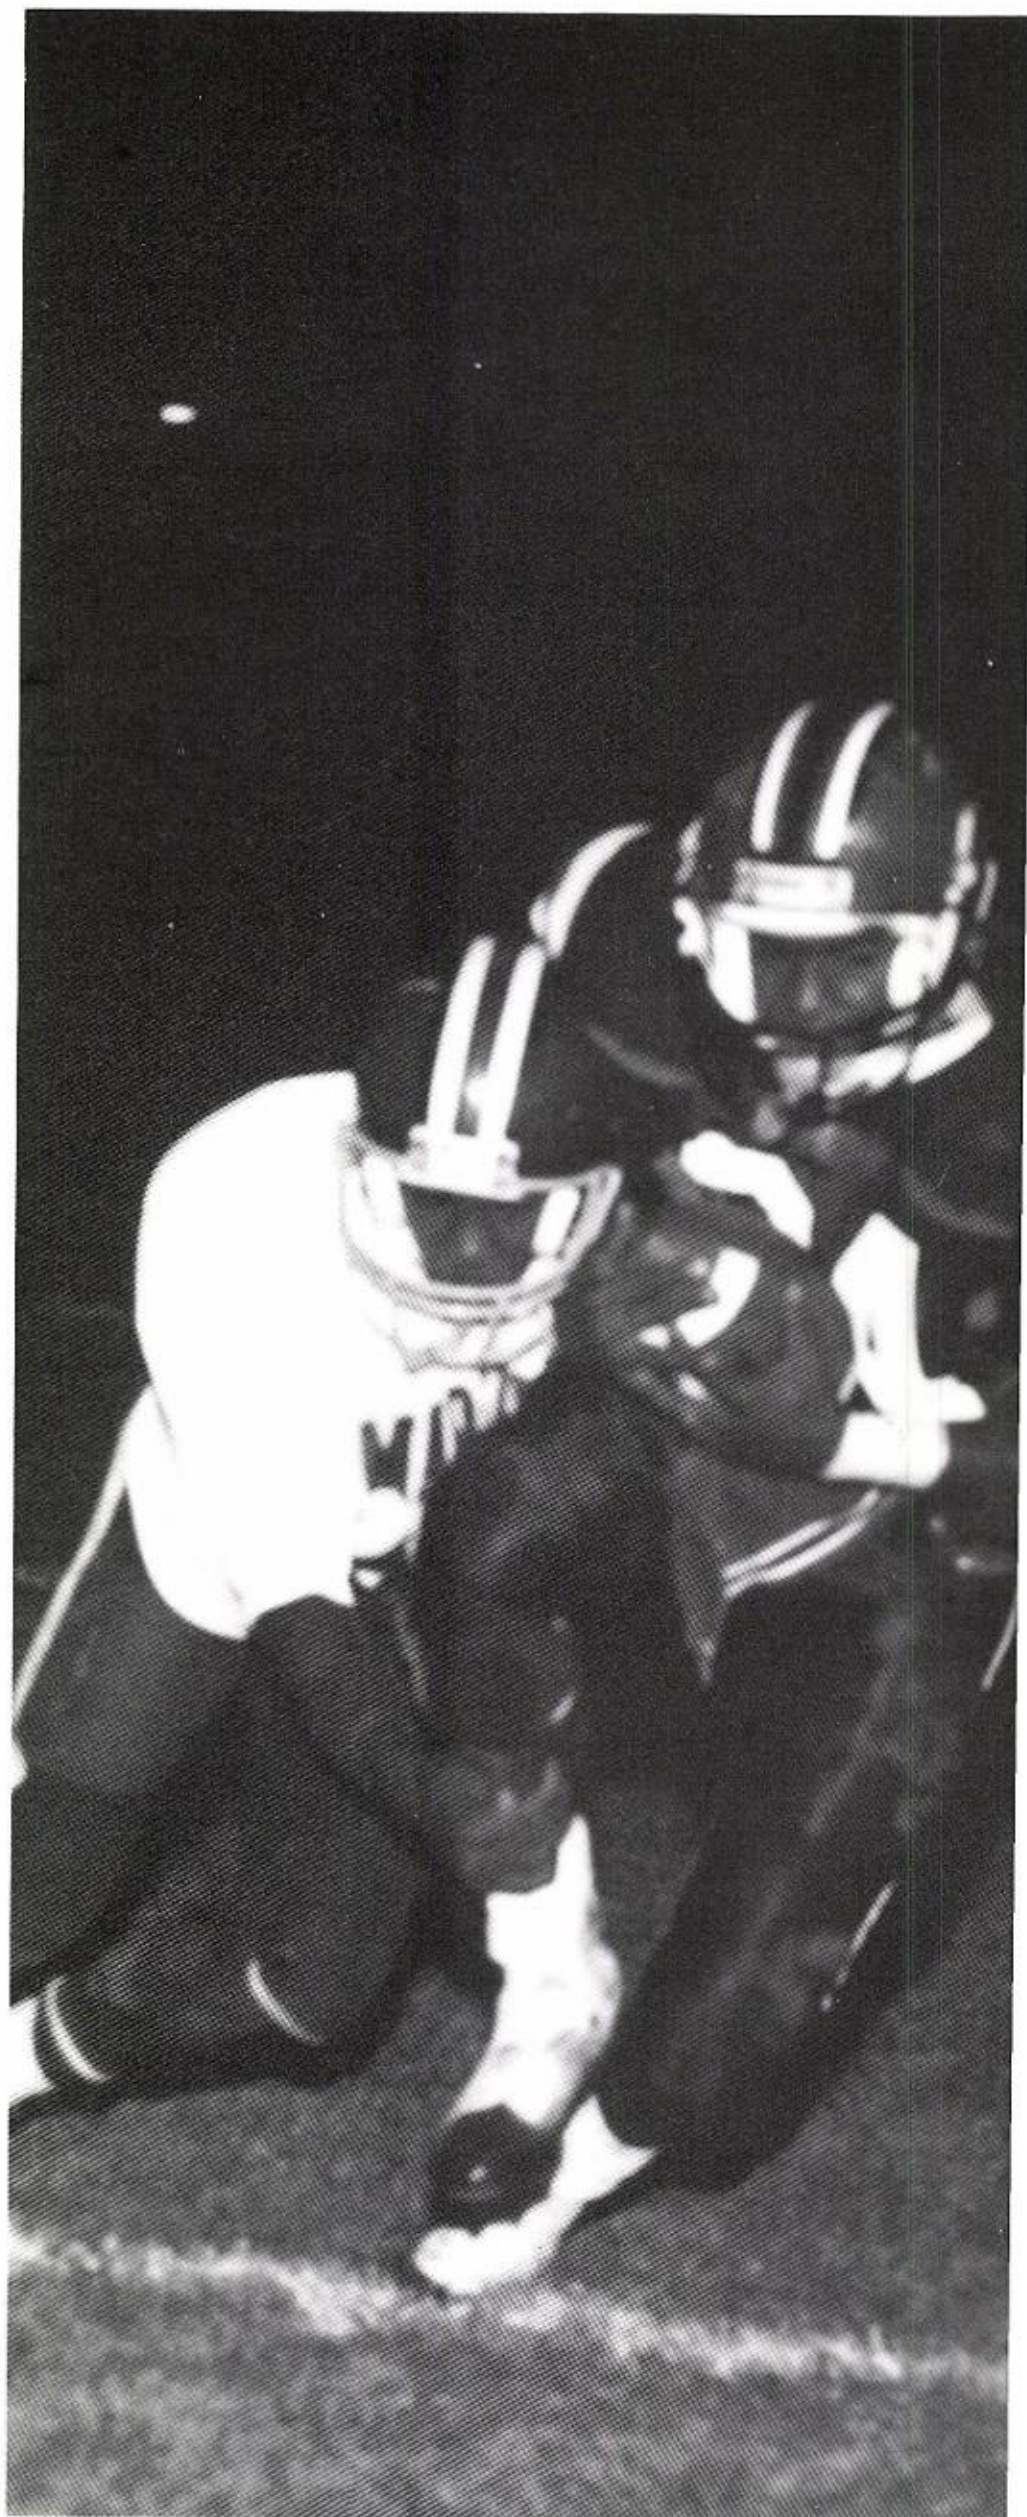

After tricking the GlenOak gridders with a double pass play and defeating them 15-8, the determined Vikings rolled into Lakewood ready to play the St. Edward Eagles. In a tightly contested defensive struggle, highlighted by Bryan Ashby's ally-oop pass to Eric Miller, the Vikings defeated St. Ed's 10-7. This win gave the Vikes a firm foothold in the

upcoming state playoffs.

Then the bubble burst! The Vikings lost to Louisville 10-7.

After such a disappointing loss, the Vikings had to get back on track for the battle of their lives. The Battle of the Vikings! It was to be a true test of ability since the opponent, St. Joe's, was ranked #1 in the state and #6 in the nation.

"Everybody played the best game of their lives and we had it taken away from us," responded quarterback Bryan Ashby.

"The St. Joe game was the best game we played. We scored the most points against St. Joe's defense. The game went into overtime and only a late penalty kept us from winning," stated senior defensive end Jeff Zucal.

The Hoover Vikes gave it their all, but in the end they came up short.

With the season on the line, the Vikings needed a win over archrival Jackson. Such a win would ensure a playoff berth. The Vikes responded with a 20-14 win and thus gained a share of the Federal League title as

well as a playoff position.

The Hoover Vikings now traveled to the infamous Akron Rubber Bowl for what was to be their first and only playoff competition this season. They faced undefeated Brunswick. The Vikes got off to a rough start, but proved themselves when they came from behind to tie the Bluedevils 14-14 in the third quarter. Junior kicker Matt Tate pushed the Vikings ahead 17-14 with 2:30 left to go in the game. Unfortunately, the Vikes couldn't stop the Brunswick passing attack and lost 21-17.

Even though the season was over, the players looked back with fond memories.

"I'd say it was a pretty good fun season. It's just that in the last few minutes of the games, we couldn't seem to pool together for a 'W'," stated All-State receiver Shawn Barnes.

Coach Glass summed the season, as well as the team, up in one word, "TOUGH!" The Reserves and Freshmen teams did well and have high hopes for the future.

ACHIEVEMENT

Girls' Basketball

The Lady Vikings proved again to be a hard-working and dedicated team.

With the loss of seven seniors, the pressure was great for the 1987-88 Vikings. Many people thought that this team didn't have what it takes to be a contender in basketball competition, but this team showed those predictions to be wrong.

"We proved to be better than what was expected of us since we lost so many seniors," stated junior Lisa Borello.

The Lady Vikes worked hard all season. Determined to win, the Lady Vikings gave 110 percent at each game as well as in practice.

"As the season progressed, we worked harder and set goals for the

team," replied junior Lisa Stentz.

Goals are an important part of any team. To this team, however, goals were of the utmost importance since the girls were out to prove that they, as a team, were just as good if not better as the next team.

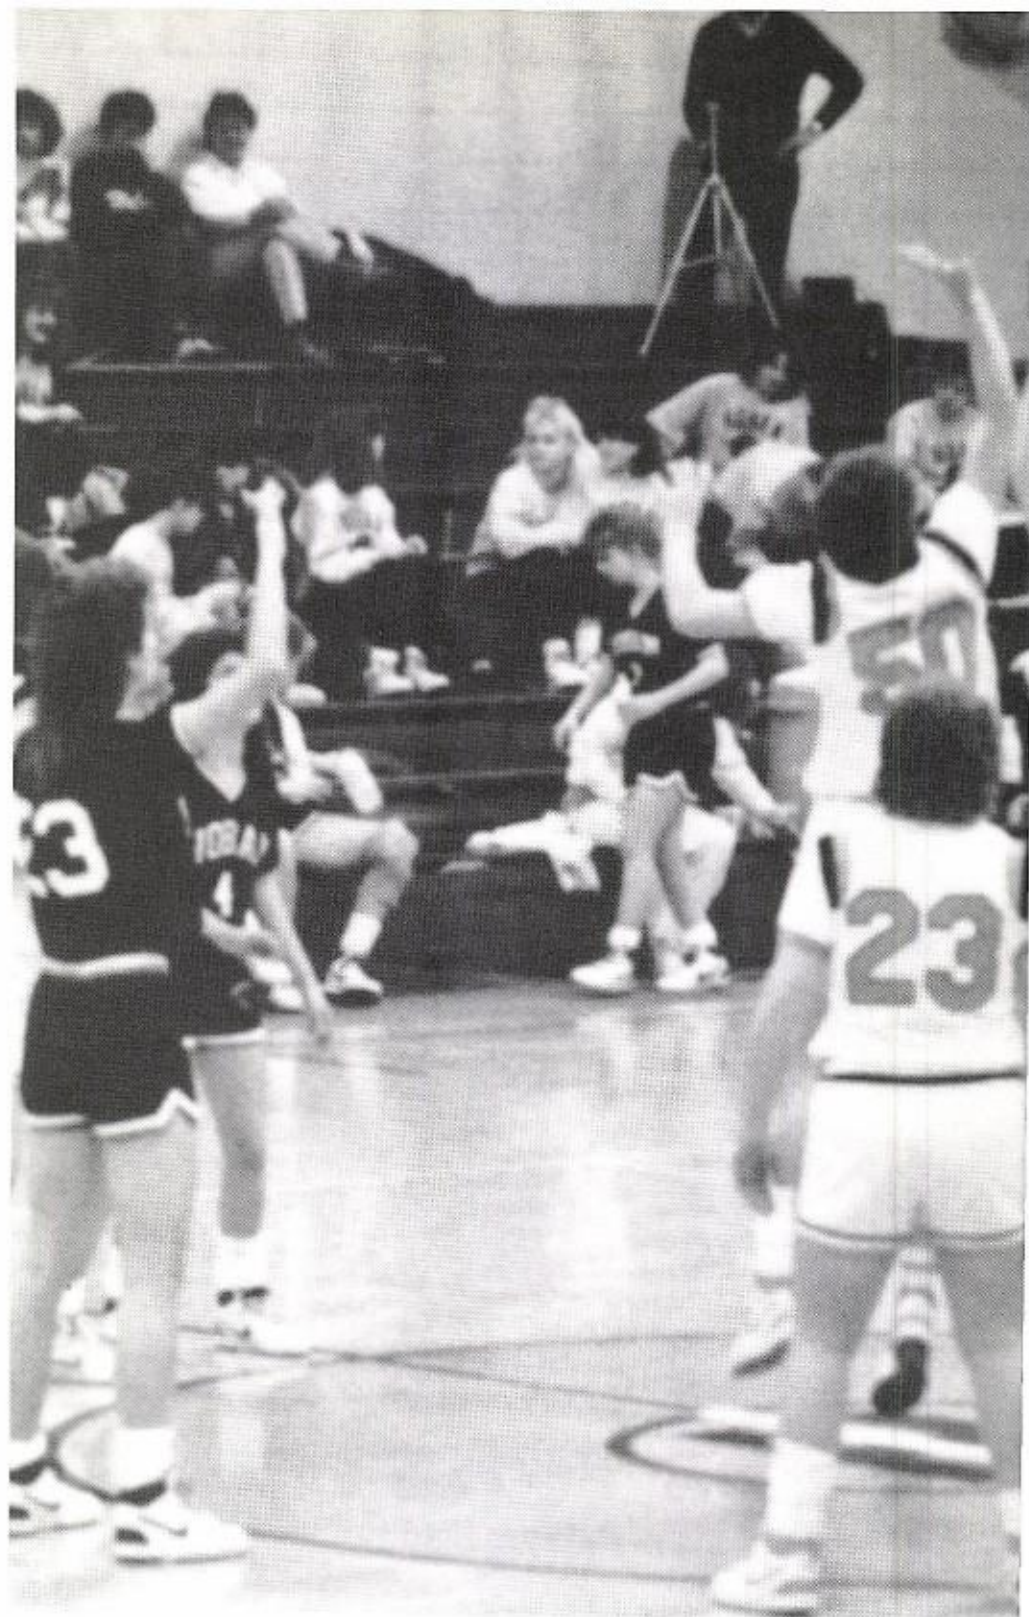

"As a result of our hardwork and dedication, we overpowered our higher ranked opponents," stated junior Michelle McHenry.

The 1987-88 girls basketball team advanced throughout the season and wrapped it up with a 13-7 record.

The Reserve squad, on the other hand, struggled all through the season. They finished out the season with a 11-7 record.

Wendy Gasper jumps high to give the Vikes an advantage.

NEVER GIVE UP

Boys' Basketball

This motto of "Never Give Up" occupied the minds of the 1987-88 Varsity and Reserve boys' basketball teams.

"Our team has been an up and down team this year. Some nights we play bad," stated Reserve player Cliff Csulik.

Speed was the strong point of this year's team. As a whole, the team improved on their speed from last year. The height advantage proved to be a disadvantage for the Vikings. The average height on the team was only 6'1". Despite their weaknesses, the Vikings were a very competitive and hard-working team.

Senior Bryan Ashby described the team as "a team willing to pay the price to win some ballgames."

The Vikings proved their competitiveness in their second match-up with the Alliance Aviators. They

played hard and stayed with the Aviators through four demanding overtimes. The Vikings, however, lost, but never gave up. The Varsity squad finished the season with a — record.

The Reserve squad also worked hard and looks forward to next year.

Sophomore Cliff Csulik replied "the team has some potential in the future. We'll become even better if we can put all the pieces together."

The Reserve team did well and finished the season with a 8-12 record.

The Vikings "reach for new heights" and explode into action.

Shawn "Barney" Barnes takes charge of the situation.

POWERHOUSE

Swimming

The 1987-88 Hoover swim team's motto was "Play with the best—die like the rest." This appropriate slogan summed up Hoover's total domination of opposing teams throughout the season. The boys' team compiled an unblemished record of 13 wins and no losses, while the girls had a respectable 5-7 mark. The greatest of the teams' victories was undoubtedly their confrontation with the high powered Akron Firestone Falcons. This much-anticipated meet was extremely emotional and physically aggressive. When the final points were tallied, however, Hoover was the victor 92-80—the first Viking victory over Firestone in eighteen previous attempts!

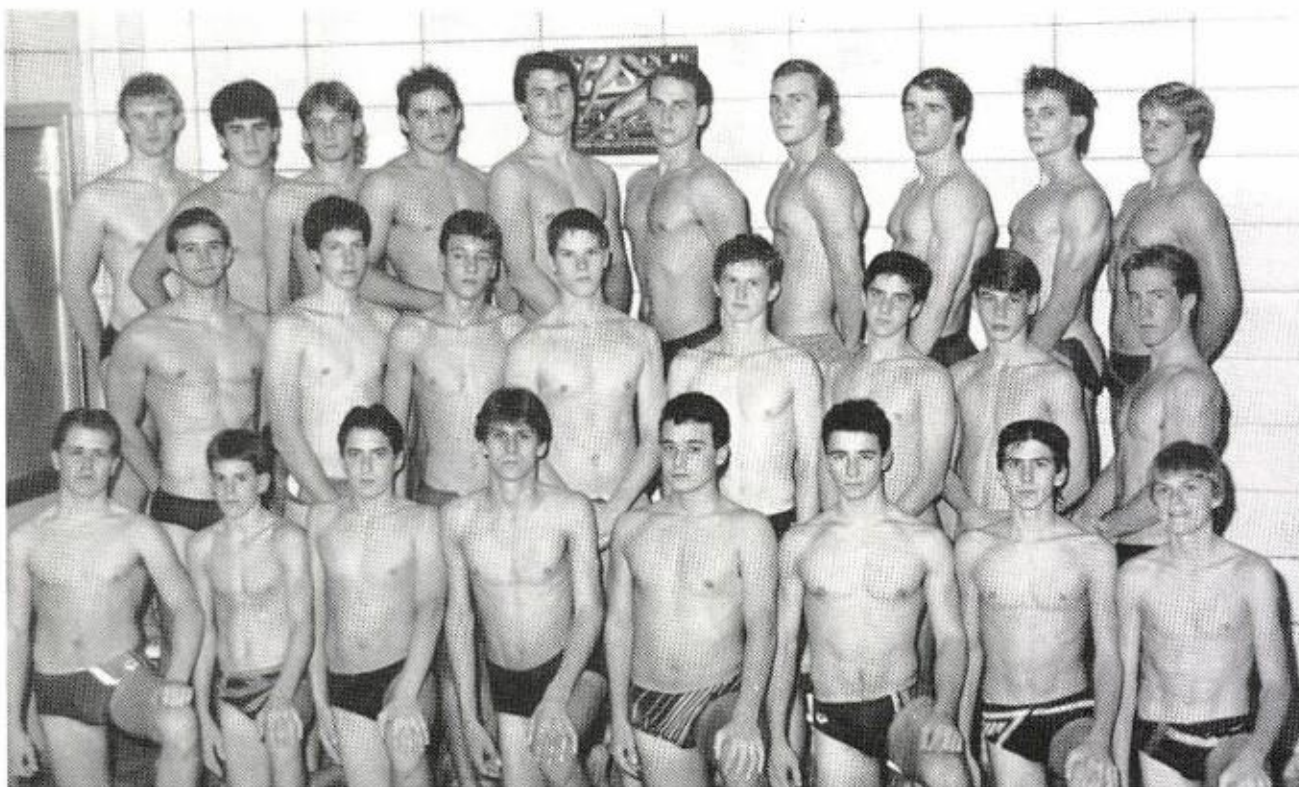

The boys' team went on to capture the Federal League for the third straight year and won the McKinley

Relays for the tenth year in a row. During the course of the intense, challenging season, Gordy Woolbert shattered three school records, while other swimmers continued to improve their times and set new personal records. The most rewarding aspect of swimming was, according to Brad Kinkema, "Seeing the team win as a whole and improve as individuals."

The teams were led by All-Americans Gordy Woolbert, Brad Kinkema, and Brian Simpson, and State Finalists Eric Hendrix, Laura Schwerzler, and Chris Froebel. These talented athletes provided fire-power, support, and leadership for both teams. To gain this success, though, it took a total team effort.

WONDERFUL

Swimming

Power, support, and leadership for both teams. To gain this success, though, it took a total team effort. Senior Lori Mosher commented, "We all realized each other's goals and supported them to strive and do their best."

Brian Simpson expressed the team's attitude towards success. "The most satisfaction comes from achieving personal goals. Setting a good goal and being able to reach it is the best reward one can hope for."

Under the direction of 18-year coach Mr. Morrison, and with a sound state-of-mind and a slight bit of confidence, the Hoover swim team entered the District Tournament.

Powered by five wins, the boy's team earned runner-

Cindy Devore takes a deep breath after a close race.

up honors at the district meet. District and school records fell to Simpson in the 100 butterfly, the 200 medley relay team, and Hendrix in diving. Tolson and Kinkema turned in strong second place performances in the 500 freestyle and 100 breast stroke. The girls' team placed 9th with impressive efforts made by Laura Schwerzler, who finished third in the 50 freestyle and fourth in the 100 breast stroke, and diver Tiffany Tschantz.

At the state meet, the boys' team placed second again. The 400 free and 200 medley relay teams captured runner-up honors. Woolbert, the 100 backstroke champ, teamed with Simpson to finish 2-3 in the 100 butterfly, while Hendrix finished fourth in diving. All of the state qualifiers along with Coach Morrison were named to the All-District team.

VARSITY. Susan Moore, Kim Rennecker, Leigh McLaughlin, Jenny Boehnel, Erin Brophy, Dawn Detweiler.

RESERVE. Lisa Tremblay, Amber Elsass, Chris Hinkel, Desiree Dolph, Monique Romain.

FRESHMEN. Kelly Rinehart, Marcy Eckman, Lindsay McLaughlin, Correen Fernandez, Tracy Leed.

CATCH THE WINNING SPIRIT

Cheerleaders

Because of the successes of the Hoover football and basketball teams this year, the cheerleaders were constantly busy coordinating pep rallies, practicing new cheers, and perfecting half time routines. All of this work demanded a great deal of time, devotion, team spirit, and athletic ability. Cheerleading advisor Becky Taylor provided the necessary guidance and support for the Varsity and Reserve squads.

The Varsity and Reserve cheerleading squads had a total of five seniors who brought experience and leadership to an already solid cheerleading program.

Both cheerleading squads celebrate a Viking score.

Dawn Detweiler and Kim Rennecker lead a rousing cheer.

Their hard work and dedication paid off as both Varsity and Reserve teams competed with teams from all over the state and received overall first place honors.

Many of the seniors commented that there were good and bad points of cheerleading for four years.

"The friendships and fun within the squad was enjoyable, but the lack of fan support was discouraging," explained Kim Rennecker.

"On the one hand," added Erin Brophey, "it's been great because I cheer with my best friends, but on the other hand, it has become monotonous after years of dwindling support."

However, the future looks bright with a great deal of enthusiasm from the younger squads.

SPORT TALK

Q: What does it take to be a Dallas Cowboy Cheerleader and would you like to be one?

A: "It takes short shorts and cut-off shirts. No, I only cheer for the Browns!"

—Jenny Davidson, 11.

A: "You need an awesome body. No, the weather is too cold!"

—Jenny Boehnel, 12.

Erin Brophey urges the team on before a big play.

MAX EFFORT

Wrestling

Wrestling is one of the most demanding sports in which an individual may compete. To be a successful wrestler, one must have natural talent, quick reflexes, fine-tuned techniques, and years of experience. The 1987-88 varsity wrestling team had all of these necessary requirements except experience. The team consisted of three seniors, three juniors, four sophomores, and three freshmen.

Senior Sean Gibbs stated, "This year's team was extremely young, but most of our kids really met the challenge well."

Another important element in gaining success is strong coaching. Once again, Coach Tolarchyk, a 22-year veteran, took the reins. Mr. Tolarchyk explained that his goal as a coach is "to get the maximum effort out of each individual."

This "Maximum effort" helped Hoover defeat

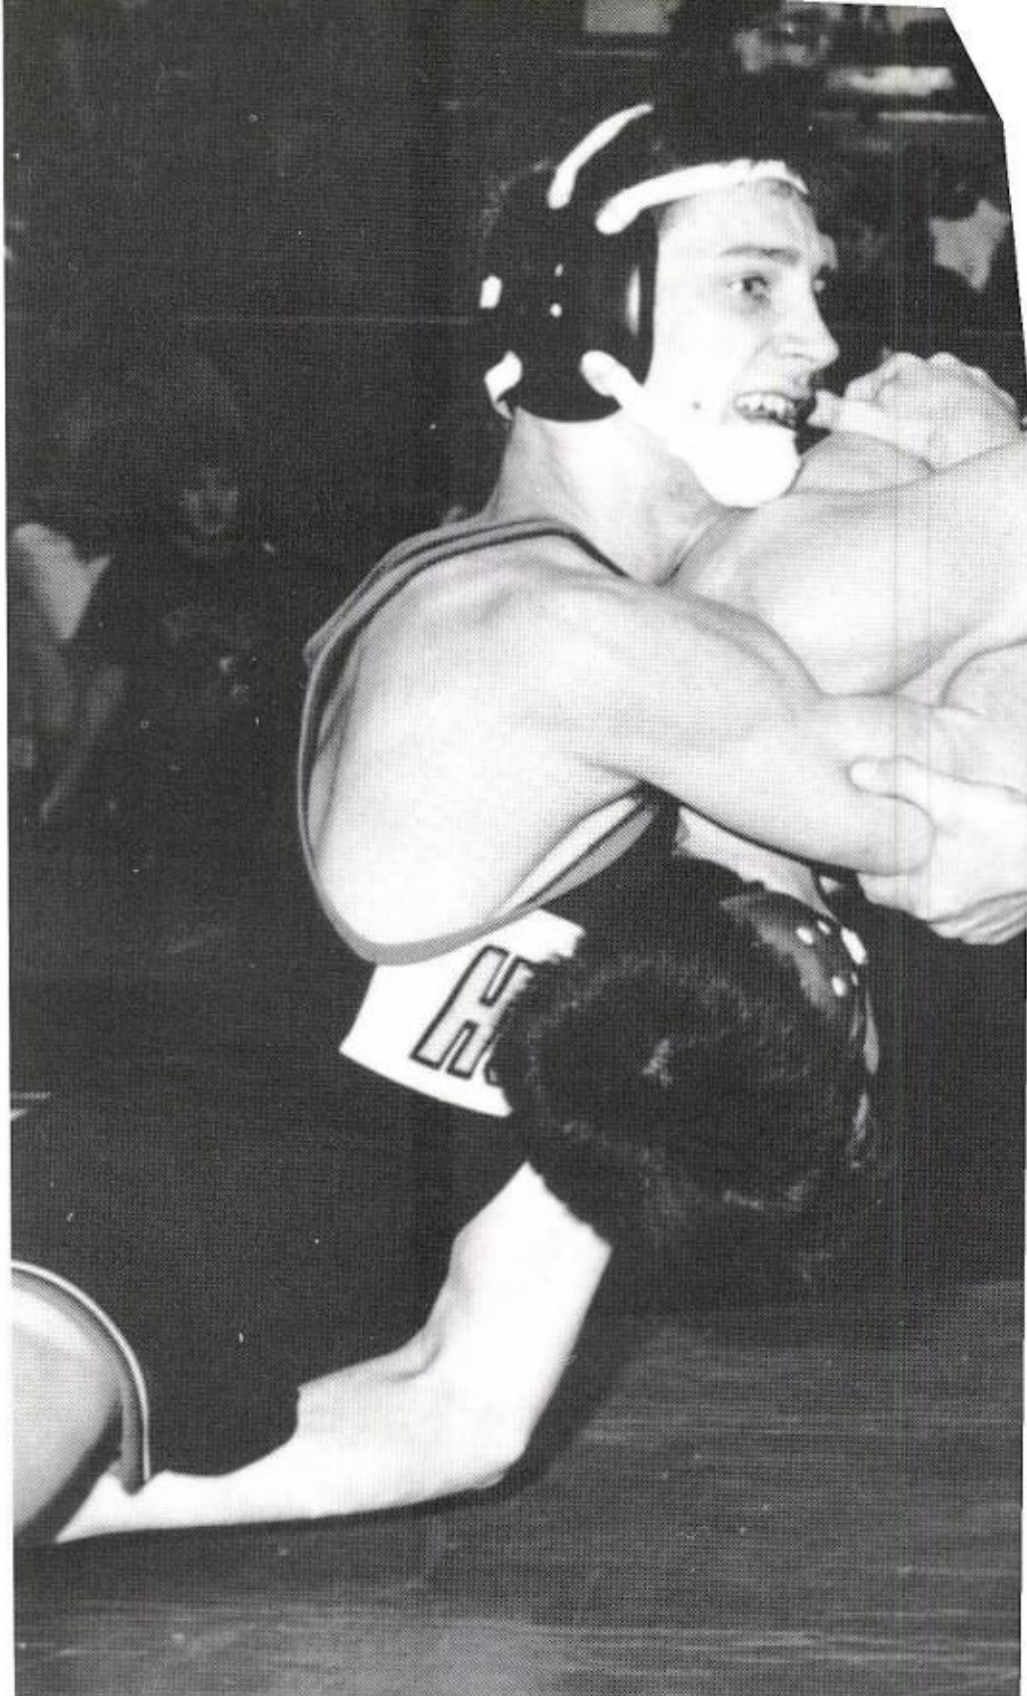

Glenoak and Jackson, two strong Federal League wrestling foes. The team finished the season with a record of 11-2.

"Our strength is our desire that we all have to win. We all have an attitude that we can always do better. There are no points for second place," explained Sean Gibbs.

Because of the youth and raw talent on the team, a new Hoover wrestling dynasty is taking shape. Coach Tolarchyk complimented this year's team by saying, "We felt that this team was one of the most improved teams that we have had in the past 22 years. We are extremely pleased by their outstanding effort."

Brian Delmonaco attempts to keep his opponent tied up.

Ken Lacure gets some helpful advice from Coach Tolarchyk.

SPORT TALK

Q: What do you think about pro wrestling?

A: "A lot of kids are being led to believe it is real. They shouldn't be allowed to call their "show" wrestling."
—Sean Gibbs, 12

A: "Pro wrestling is Hollywood's interpretation of a very serious and demanding sport."
—Brian Delmonaco, 10

POTENTIAL

Wrestling

Setting challenging goals and striving for them with earnest practice and sheer determination are important facets of any aspect in life. In sports it is essential—in wrestling it is the difference between proud victor and regretful loser. The two competitors must confront each other one-on-one. There is no teamwork involved so minor slips can prove to be disastrous. The opponent who has confidence and concentration quickly gains the upper hand. The team goal for the varsity squad this year was to be consistent and to

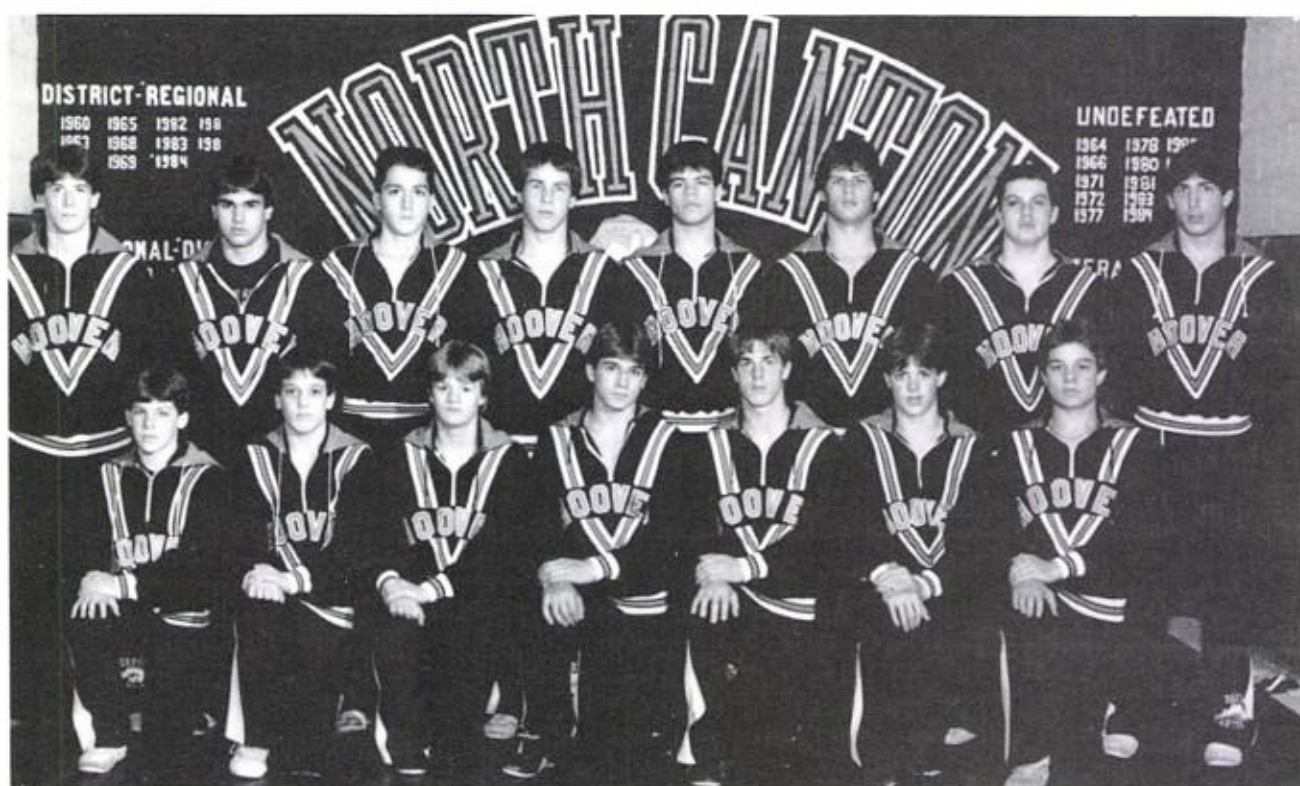

Sean Gibbs can smell the sweet taste of victory.

Mike Heid tries to gain position on his opponent.

work and grow together as a team.

Senior 171-pounder Sean Gibbs also had some higher personal expectations. "Nothing I have done up until this point will mean anything unless I win the state championship," said Sean.

Gibbs, wrestling at 171, won the sectional and district crown. Mike Heid was sectional champ and district runner-up at 152. Freshman John Marchette won the sectional match in the 103 weight class. Both Heid and Gibbs advanced to the state tournament, where Gibbs placed sixth. These three talented wrestlers made the All-Federal and All-County teams.

PEOPLE

IS IN THE NEWS!

While the public knew the faces of Ollie North, Gorbachev and Oprah friendly Hoover faces were making the BIG NEWS.

The most noticeable characteristic of the people at Hoover was friendliness.

"I think that overall most of the people are very friendly. Through the years I have build long-lasting friendships", commented

Jennifer Isue.

The people even shared their friendliness with strangers. Line Heidenberg, a foreign exchange student from Norway was asked what her impression of Hoover students was.

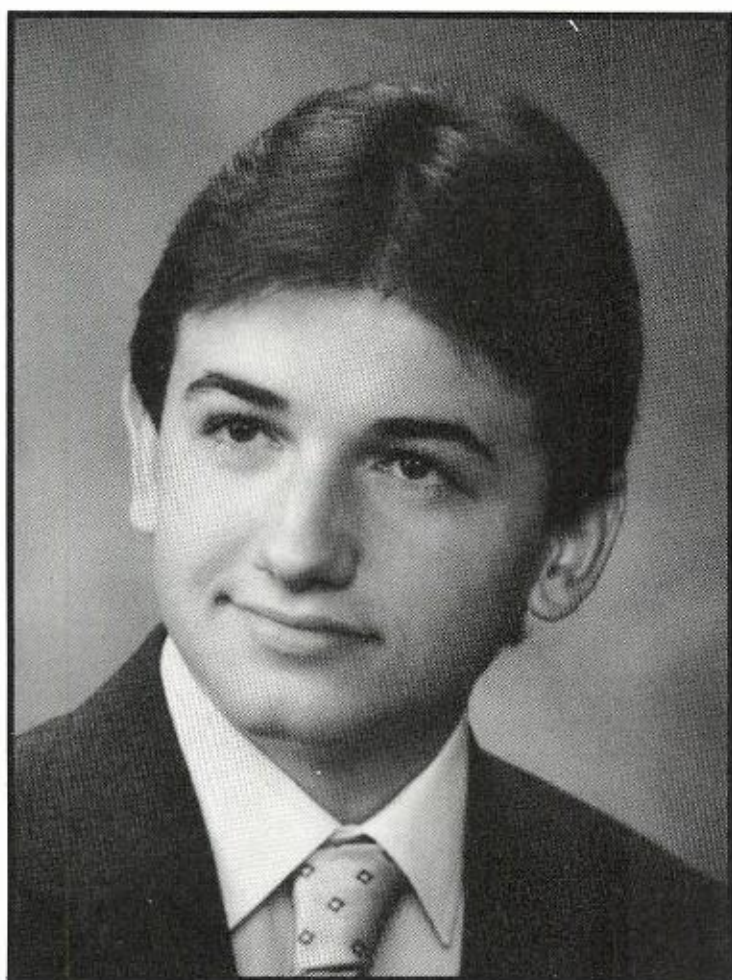

"Nice!" she exclaimed.

This is truly the BIG NEWS of the people at Hoover.

Cheryl Swartz and Sue Schaffner are showing off their friendship for the camera.

Cameron Chen does not seem to mind his friends Dana Dimickle and Anna Kindy.

JEFFREY B. RICHARDS

1970-1987

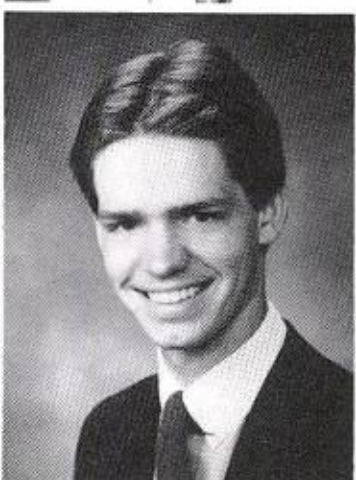

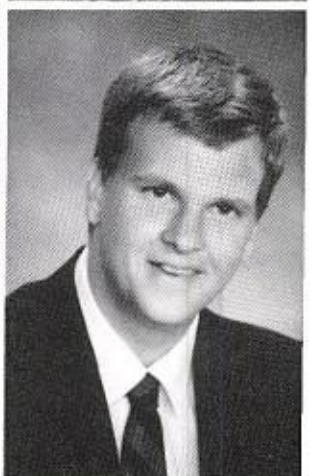

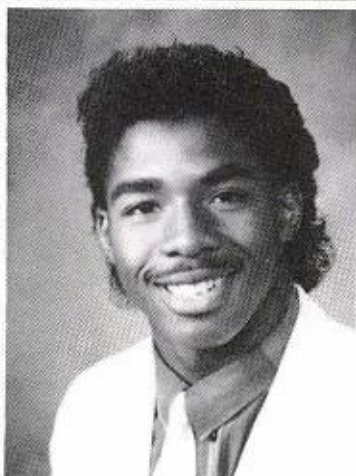

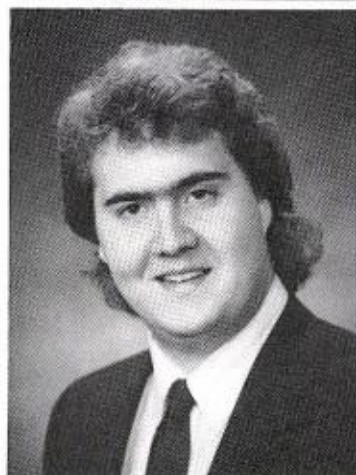

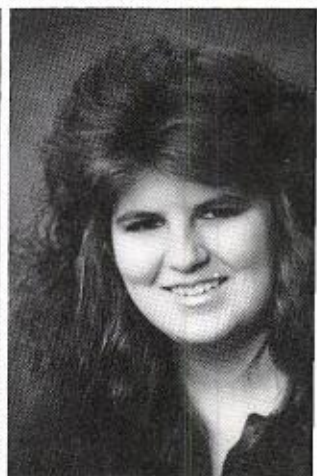

In November of his Senior year, Jeff was killed in an automobile accident on Whipple Avenue. Funeral services were held at Faith United Methodist Church on Tuesday, December 1.

Jeff was known for his friendliness and sense of humor. As Mr. Kreis, his math teacher, said, "Jeff always had a positive attitude, and he was a good student. The day before Thanksgiving, I gave his class a test and asked them to write what they were most thankful for. Jeff wrote, 'life!' "

Friends Eric Bezek and Dennis Yoder will remember him always for their good times together.

Eric said, "It made me realize how fragile life is."

"It is hard to describe him in a sentence or a paragraph," said Dennis, "but he was always there to cheer you up. For this, he will be remembered for a long time to come."

SOPHOMORES

Sophomore Class Officers

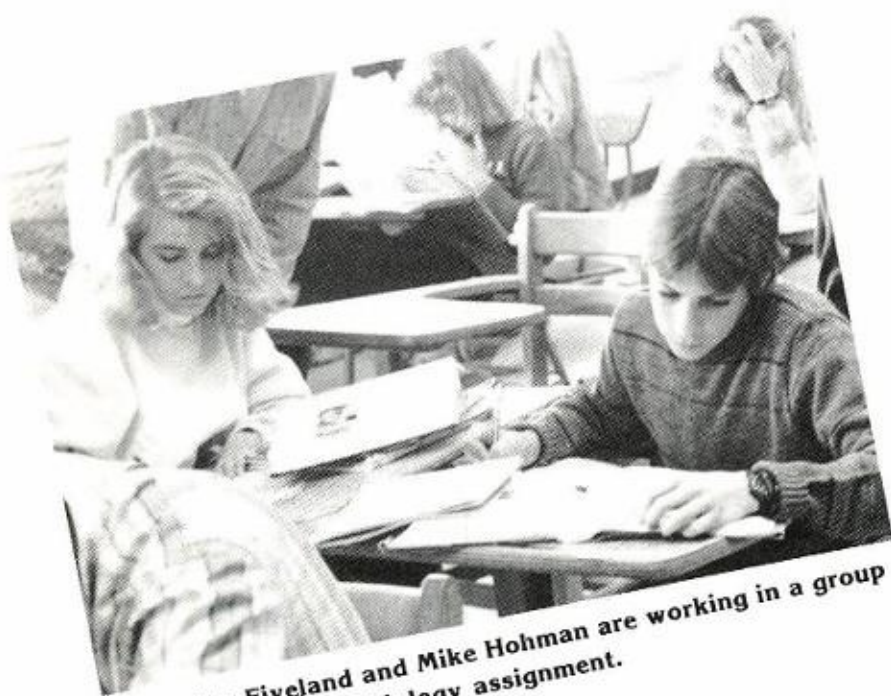

Darcy Dirksen was elected secretary,
and Mo Romain, president, of the sopho-
more class.

The sophomore class officers are Darcy Dirksen, sec-
retary; Mo Romain, president; Kelly Hartley, histori-
an; Brian Delmonaco, vice-president; and Laura
Kalkreuth, treasurer.

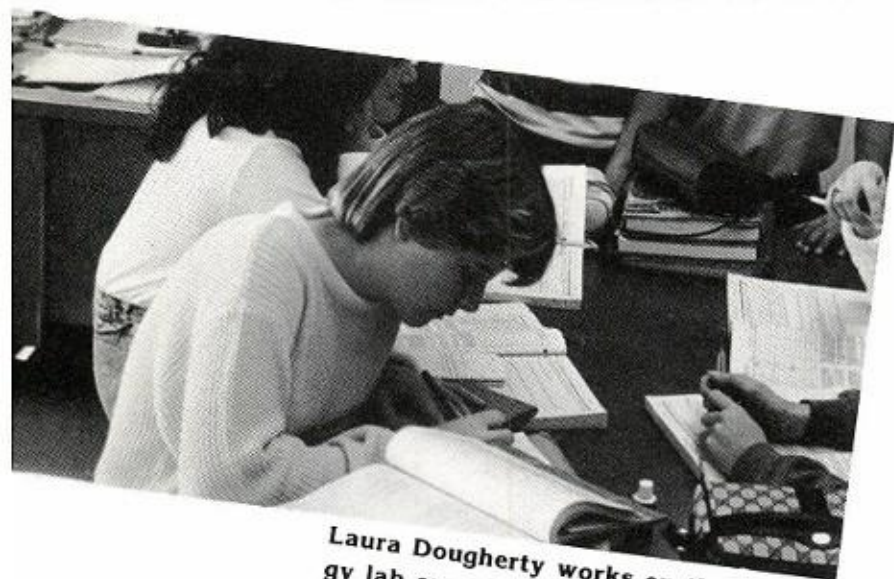

SOPHOMORES

Jennifer Fiveland and Mike Hohman are working in a group to complete their biology assignment.

In biology lab, sophomores gather around the table for a lecture on the cow heart.

Laura Dougherty works on the biology lab experiment in class.

FACULTY

North Canton Floral and Gift Shoppe was just one of many local stores to cheer on the athletic teams.

This is one of the many signs that welcome visitors to our area.

COMMUNITY

IS IN THE NEWS!

While North Canton (or should it be named New Berlin?) and the Hoover Company were on the front page of the paper, the community's support of Hoover High was the BIG NEWS.

The community helped when the students needed it.

Lynn Shea stated, "By attending concerts and donating money, the community helps the choir. The choir could not survive

without the aide of the community."

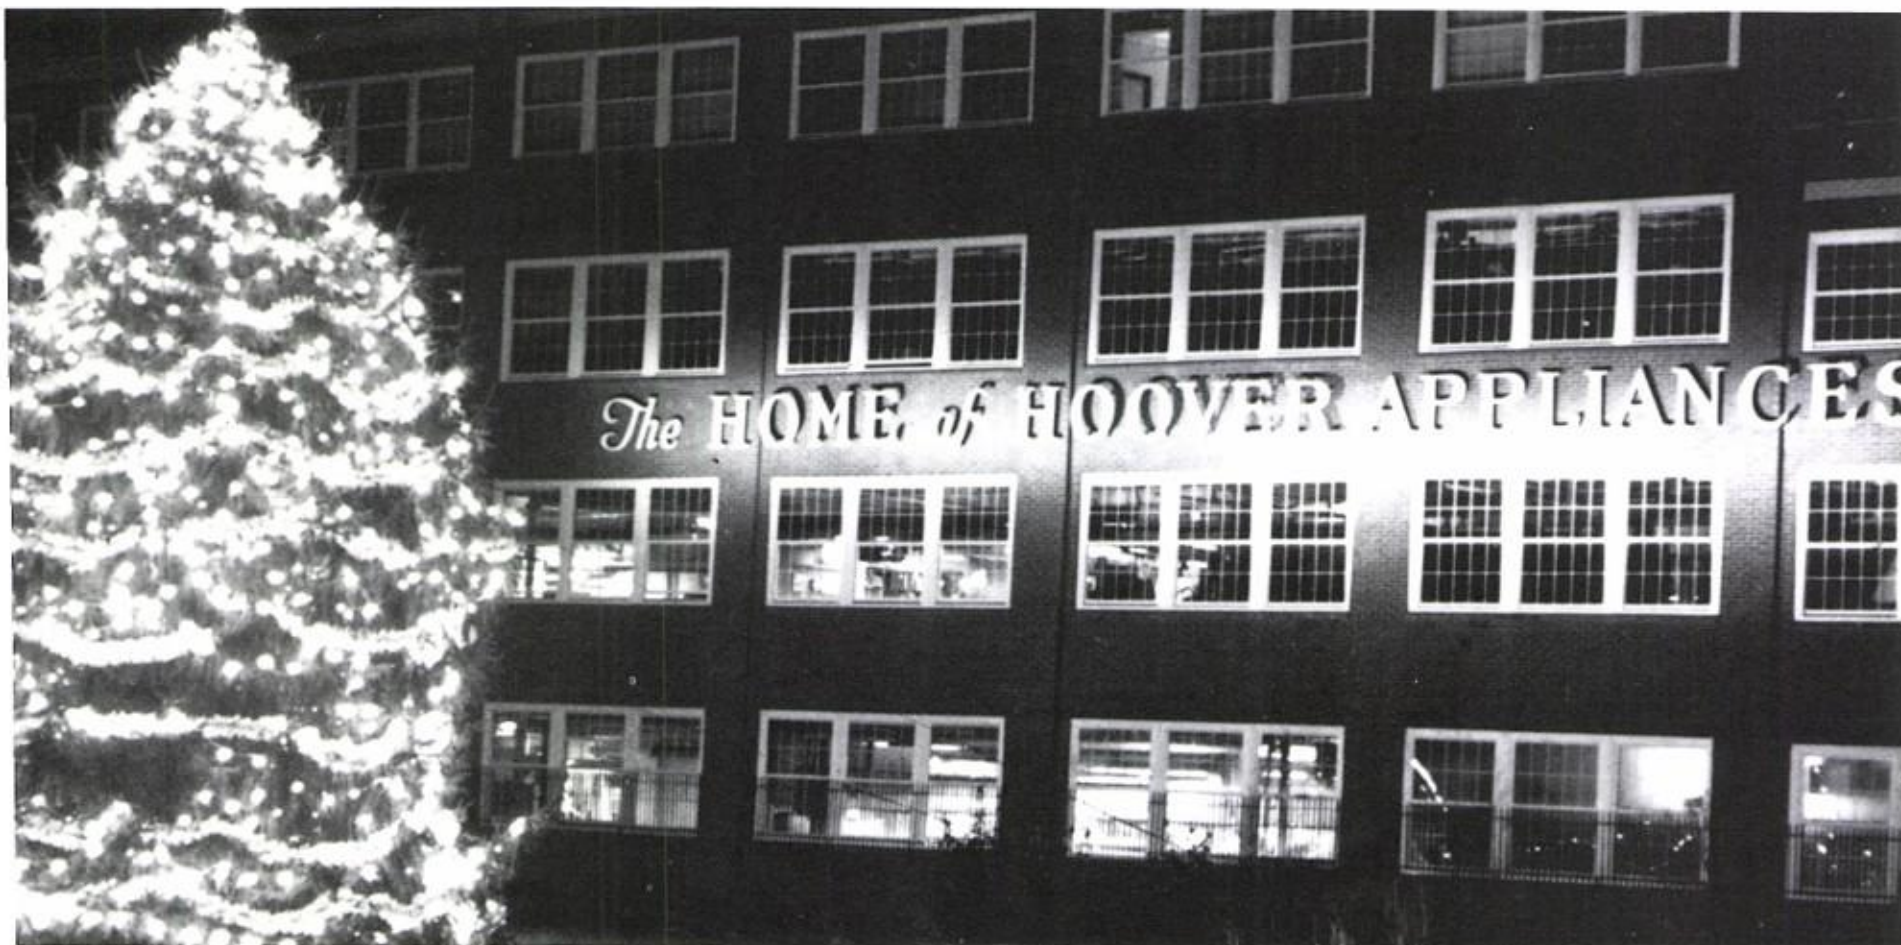

"Without the community we couldn't do a lot of necessary things, such as weight lifting, for our program," commented Mr. Keith Long, track coach.

Linda Wolf added, "If it weren't for the patronage of the businesses, the yearbook would not be possible."

This is truly the BIG NEWS at Hoover.

Viking Sports helped the senior class by providing the senior shirts at a discount price.

The Hoover Company brightened the area with hundreds of lights during the winter.

VIKING STAFF MAKES THE BIG NEWS

What started with a meeting in July in Linda's basement, ended in the 1988 **VIKING**. Several staff members attended a three-day seminar at Walsh College in August to learn the basics of yearbook design. Special training days were also held during ninth period in September.

THE BIG NEWS was printed by Herff Jones/ICP of Shawnee Mission, Kansas. Press run was 1090 copies. Mr. Jim Barbour served as company representative. Mrs. Mary Jane Sampson was the new advisor for the publication, and Linda Wolf was the Editor-in-Chief.

The cover is White Vibra tex embossed and silk-screened in Cadmium Red and Black. Endsheets are printed in black and scarlet. Endsheets' graphics were used with permission from the Canton Repository Classified. Text paper is 80 pound Calais Special. Binding is rounded and backed with head bands.

Body type is Korinna. Headline type is Chelsa Black and Korinna Italic. Folio and folio tabs are 14 point Korinna Extra Bold and 10 point Korinna italic.

Color usage consisted of four flats of 4-color printing and three flats of Nova spot color.

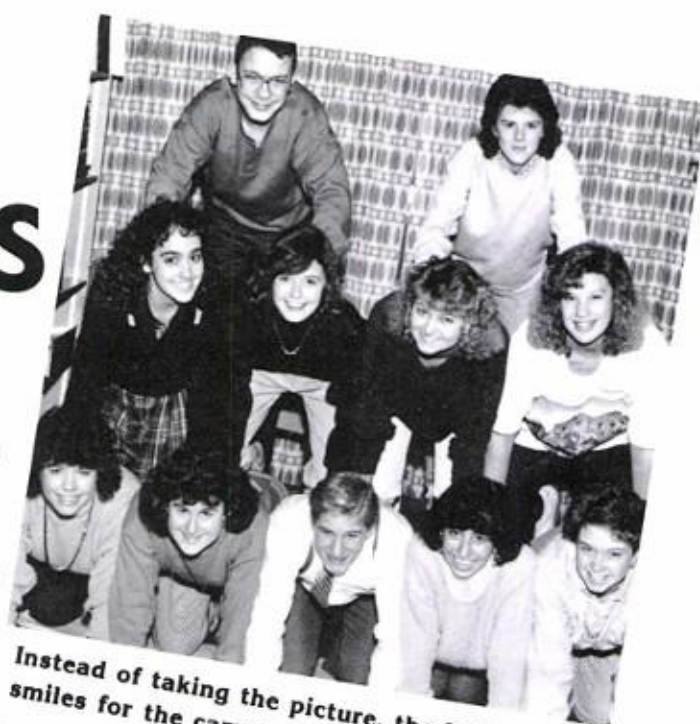

Two AE-1 cameras were used by the staff. Troup and Pluto supplied the staff with one of the cameras and all Kodak Tri-x 400 ASA film. Troup developed these pictures and did the color enlargements.

The yearbook sold through the GOOD NEWS FROM HOOVER HIGH SCHOOL. This offered a \$22 family patron listing. Also, the book was sold for \$18 in the homerooms. The spring section was sold for \$5 to 1987 graduates.

This years' staff sold over \$6,000 in advertising to subsidize the costs of publication. Ad prices ranged from \$25 to \$400. Top salespeople were Linda Wolf, Kara Long, and Barb Gruenling.

The 1987 VIKING received the following awards: first place from Great Lakes Inter Scholastic Press Association and second place from Columbia Scholastic Press association.

THE BIG NEWS would not have been possible without the support of the student body and faculty. Special thanks goes to Mrs. Sampson, who became our new advisor, to Mr. Barbour, who helped us make it, and to Mr. Troup and his staff, who put up with our rush orders. Thanks also goes to Dr. Roden, Mr. Isue, Mr. Best, Mr. Mattachione, and Dr. Hocking. Thanks, too, to Miss Palmer's French class for putting up with the noise at deadline time. to the secretaries for al-

Instead of taking the picture, the VIKING staff smiles for the camera.

lowing us to use the phone and copy machines, and to the newspaper staff for the use of pictures. A million thanks go to Mrs. Shaheen and Mr. Walker for all their advice. Great words of appreciation go to Beth Turner, Joe Sprandel, Rich Chikosky, Luis Rodriguez, George Nagel, Kerri Finley, Sarah Winther, Betsy Bowe, Tim Bilbery, Chad Bucci, Jim Kish, Jon Gerhardt, and Marc Wolf for assisting with picture taking and story writing.

The BIGGEST THANKS goes to our parents, siblings, friends, and teachers for being so patient and understanding when deadline time came and pressures mounted with the work loads. Because of their love and support, we were able to survive and to provide you with THE BIG NEWS.

VIKING STAFF. **Front:** Chester Chikosky, Joe Sogan. **Back:** Kris Greathouse, Christi Wayne, Tracey Snyder, Linda Wolf, Mrs. Sampson, Kara

Long, Chris Terse, Heather Moffet, Jen West, Chris Mercer.

Brian Lavy smiles to himself as he thinks of the warm weather that will soon be.

Ken Zufali cleans out his locker with much happiness at the end of the year.

A group of students gather around the paper to read about the BIG NEWS that is happening in the world.

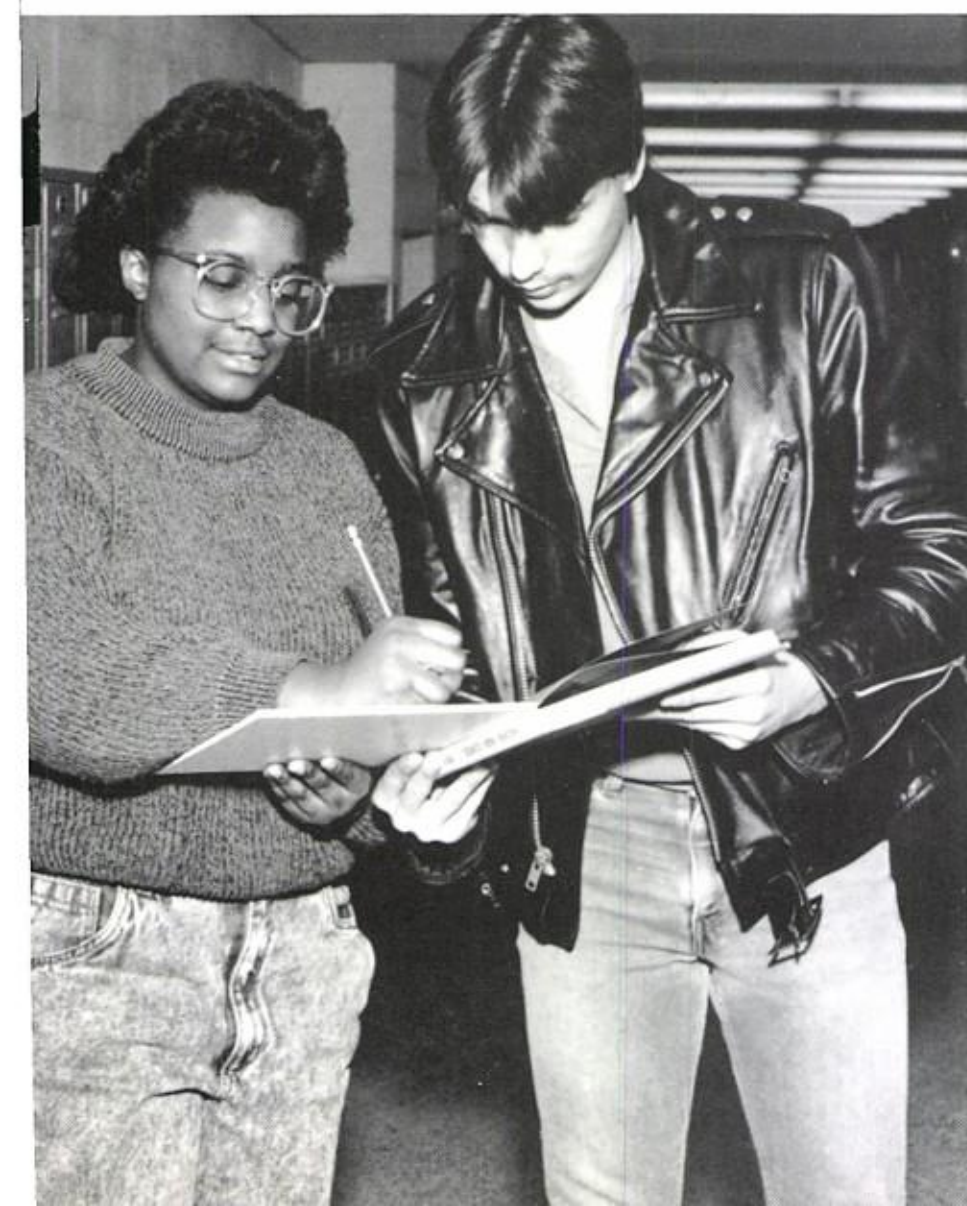

Students hurry down the hall in anticipation for summer vacation.

Jennifer Terse gets her books in order to return them to her teachers at the end of the year.

Steve Popa, Tracey Wilkins and Brooks Bolyard talk about their plans for after graduation.

Ladonna Riley has Ken Hamilton write in her yearbook.

Linda Wolf gives Anna Richardson a copy of THE BIG NEWS.

THE BIG NEWS

Hoover students made the news!

"We interrupt this program for a BIG NEWS flash."

No, this was not to tell you about the toxic chemical spill in Southern Ohio or the Winter Olympic games. THE BIG NEWS was to tell about the events taking place at Hoover High School. The ten period day allowed a longer lunch break. Dr. Hocking became infamous for her use of the "assistant principal wants to see you pass." The GISP students did not get "smushed" in the hall. The conduct code stood up to the test of this year.

YES! THE BIG NEWS did take place too quickly. For all the students and faculty members that put hundreds of hours into the behind the scenes work, the time went by too fast. The football team's extra

hours of practice went to earning the Federal League title. Seniors spent hours filling out applications for college, technical schools, jobs, and scholarships. The juniors started to worry about the SAT and ACT. For most sophomores, lots of time went into biology class. Even the freshmen seemed to be putting time into their studies. Really, THE BIG NEWS was about the effort that each student put forth and the BIG events that were made possible by this effort.

"We interrupt this program for a BIG NEWS flash. You are the one that made the BIG NEWS happen!"

The BIG NEWS for the seniors is June 10, the day of graduation.

The BIG NEWS for senior Jennifer Boehnel is that spring is here, and summer is very close.
